

ISOframe[®]
ripple

NEW 2015

**Why choose between
a banner stand
and a pop-up system...**

...WHEN YOU CAN HAVE BOTH!

The “game-changing” ultra-lightweight linking banner stand system

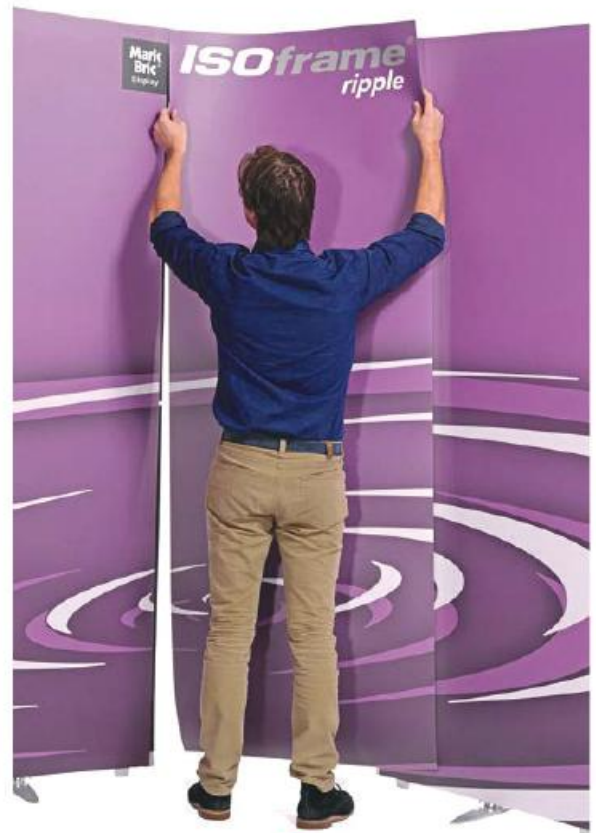

Flexible and extremely cost effective, the ISOframe Ripple will literally change the shape of your portable display experience. The graphic panels can either be attached to a banner stand or used as a flexible link graphic, creating a clean seamless and contemporary portable display wall that provides a strong visual impact.

1

Two Ripple banner stands

2

Add a flexible link panel

**All panels are 800 mm wide.
Standard height 2100 mm.**

**Flex to almost
any shape**

**Incredibly lightweight
and compact**

The Ripple wall can be flexed into almost any shape you want and gives you maximum flexibility for reducing or enlarging the size of your display to suit your needs. Add or remove panels one-by-one as desired.

Media screen attachments, spotlights and a unique case/counter solution are available as accessories. Its ability to fit into the boot of a small car makes it ideal for flyaway events and exhibitions.

If simplicity, flexibility, speed of assembly and price competitiveness is what you want from a portable display system then the Ripple ticks all the boxes.

Shape your display as desired

Alternative layouts with a 5-section Ripple display.

A complete 3-section display wall

Case to Counter

Shock-proof carry bag with cardboard inner tubing

Insert case into wooden base

Apply the counter top

Wrap around the graphic

**Fits into the boot
of a small car**

**Extremely cost
effective**

No tools needed
