ABOUT US

As part of the prestigious Oxa Group, Tedes Contract represents the perfect synergy between traditional craftsmanship and modern technology. Our designs are reimagined to meet the environmental needs of today, embodying the finest values of craftsmanship. We take inspiration from Scandinavian clarity, Japanese simplicity, and American ingenuity, refining them into what we proudly call the Tedes Contract style.

Our team is composed of creative professionals who foster a culture of integrity, quality, and corporate excellence, backed by many years of experience in woodworking, design, engineering, and art. Our designers work hand in hand with our craftsmen to meet structural and technological requirements, ensuring each piece is crafted with precision and care.

The design process begins with a vision of a space's potential and a concept of how to transform your environment, adding both functionality and beauty to your life. From furniture to kitchens, to architectural interior design, our attention to detail ensures that every result will enhance your life for years to come.

Our factories are equipped with the latest and most advanced woodworking technology. These cutting-edge tools, combined with masterful craftsmanship, allow us to achieve the highest quality standards, assembling them into timeless, durable pieces.
