ABOUT THE EVENT

Offshore Energy Asia 2026 brings together industry leaders, operators, regulators, and technology providers to explore the future of floating energy systems in Asia and beyond. As the region accelerates its energy transition, OEA 2026 examines how floating production, storage, and offshore clean energy solutions are shaping the next era of energy development.

WHY ATTEND

- Gain insights from leading experts across oil, gas, and offshore energy solutions
- Explore the latest advances in FPSO, FLNG, and floating wind technologies
- Connect with decision-makers, operators, and solution providers
