Really Agritech Pvt. Ltd. is a Thane-based AgriTech company dedicated to transforming Indian agriculture through innovation, quality, and reliability.

As one of India's leading importers and distributors of portable agricultural machinery, we deliver high-performance, time-saving, and fuel-efficient equipment designed to meet the evolving needs of Indian farmers and dealers.

Backed by ISO 9001:2015 certification and FMTTI-approved machinery, our products are tested and trusted for the toughest Indian farming conditions. Every machine we supply is built to increase productivity, reduce manual effort, and enhance farmer profitability.

With a network of 1000+ dealers, 200+ SKUs, and 3 strategically located warehouses, we ensure timely delivery, consistent product availability, and dedicated after-sales support across India.

What truly sets us apart is our commitment to empowering the farming community. Our passionate team blends industry insight, technical expertise, and on-ground experience to deliver unmatched value – from product selection to after-sales service.

Vision

To become India's most trusted partner in agricultural mechanization by offering innovative, affordable, and efficient solutions that uplift farmers' lives and promote sustainable agriculture.

Mission

- To provide reliable, modern, and cost-effective agricultural machinery that minimizes manual labor and maximizes productivity.
- To build a strong nationwide dealer network supported by continuous training and service excellence.
- To innovate consistently and introduce advanced SKUs aligned with evolving agricultural practices.
- To strengthen India's farming ecosystem through FMTTI-certified and subsidy-eligible equipment, ensuring access to quality machinery for every farmer.
