Crafted from hand-welded steel for a seamless finish, Outline is a robust yet elegant frame that allows natural light through and separates a room, without building walls. Highly customised to the unique design of your workspace, Outline by Bisley suites perfectly with existing products, sitting alongside or on top of storage units, or as a standalone piece – working to fit with your needs while allowing productivity to flourish in a creative and adaptable workspace.

Make Outline work hard for you - with 34 colour finish options and an array of accessories including shelves, planters, wooden storage cubes and white boards - you have everything you need to make your space truly individual.

Inspired by the need for versatile and open working environments, Outline by Bisley works as a contemporary multi-purpose zone divider and display/storage unit, ideal for establishing distinctive spaces to work, collaborate or relax.

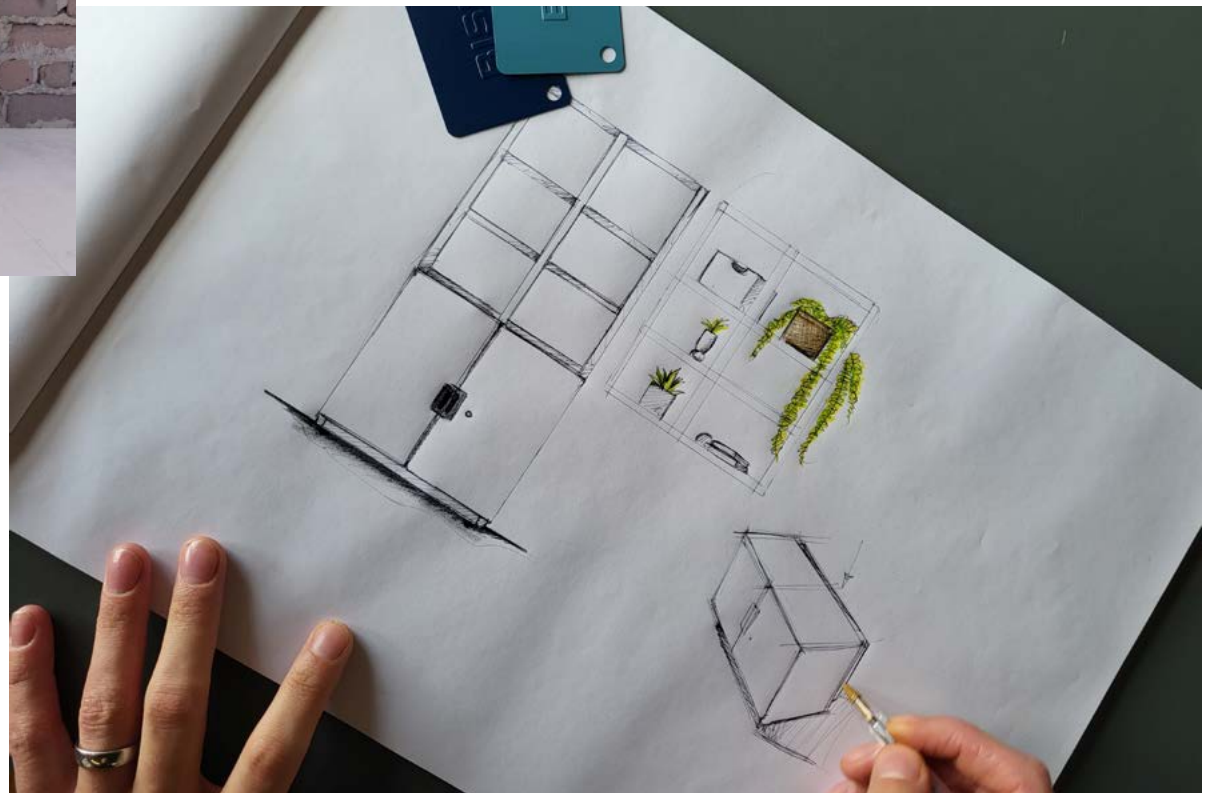
Outline is a minimal and unobtrusive storage and display system, designed following the success of frame toppers in our Be range. Outline allows you to create flexible work zones, enabling you to transform the way your workspace looks, works, and feels.

With more employees returning to the office, we have seen a general shift in the typical office layout. Office spaces are becoming more flexible, collaborative, and agile.



Be seating with Outline frames in Anthracite.

It was important that Outline suited alongside our existing office systems – Be and LateralFile. The break lines between the units needed to be consistent and when considering the different depths, widths, and apertures, any complexities were minimised during the design process.

The simple addition of frames to our Be and LateralFile units transforms their functionality and style. Plus, an extensive range of accessories, colours and finishes means that Outline can extend the product's life further than ever.

“Building on what Bisley does best, Outline seamlessly integrates with our storage to provide a template that can adapt to an ever-changing workplace.”

With more and more colleagues returning to the office, we have seen a shift in the traditional office layout. Office spaces are becoming more flexible, collaborative, and agile.

Outline divides spaces into meeting areas, focussed work zones, areas to take five - all with ample, secure storage for both office and personal items. And, with the ability to fill Outline as you choose, its flexibility introduces texture, colour, and biophilia - crucial when replicating the comforts of working from home.

Outline Storage frames

Alongside Be and LateralFile storage units, an all-wooden storage option has been designed to suite perfectly with Outline steel frames. Introducing a softer, minimal design, Outline Storage features an MFC carcase, with matching doors and back panels standing proud of the carcase, minimising joins for a seamless finish. Additionally, the cupboards feature round wooden handles and soft close hinges.

As standard, the Outline range (both stacking and floor standing options) arrive complete with two base shelves, apart from the corner frames which come with one base, with the option of either a wood or steel finish.

Additional wood or steel shelving can be ordered separately and placed within the frame, and the discreet shelf pins mean each new shelf can be easily moved around to create your desired configuration.

Retrofit Frames

Now more than ever, the office is ripe for reimagination.

Looking to give your workspace a new lease of life and support newer ways of working? You don’t have to specify an entire new storage system to do so.

If you already own products from our LateralFile range, upgrade them with the retrofit Outline Frames. Adding Outline Frame Toppers will make your office storage work even harder, now with added space division and display capabilities.

Outline Home

ARCHITECTURE

When your place of work shifts from day to day, having a dependable, flexible space means you can thrive, no matter your location.

The Outline Home collection is perfect for establishing a distinctive workspace in your home. Outline desks and storage help you shape your environment for a sleek, minimalist look, so you can focus and stay on top of your workload in style.

Crafted from the same hand-welded steel tubing as our office range, the home frames enable you to add a touch of personality to your space, with storage to ensure all the things you love are close to hand.

Available in multiple desk and cupboard configurations and an exciting selection of finishes.
