Harrison...

the Heart of the Ozarks!

An important part of planning a vacation to a fantastic region like the Ozarks is where to base your trip. Ideally, it should be a location that allows the best sight-seeing and touring opportunities within easy reach. Also, those roads should take you to interesting places with great spots to explore and allow you to enjoy the area's ambiance.

Besides convenient cruising, your base should include a wide variety of places to eat, a variety of comfortable accommodations to pick from, and places to unwind after a long day on the road. Har-

ison is just that type of city, a place that visitors appreciate. And the town has willingly embraced that role.

Harrison sits in an expanse of Ozarks prairie smack in the middle of the great roads you want and has all those amenities you expect. Plus, the fantastic trips you are looking for within easy reach. In short, Harrison is the perfect base for your adventure in the Heart of the Ozarks.

Many of the great Ozarks roads you know about are near Harrison, within easy reach. Here is a four-day plan, with

four routes, designed to experience the best of the Ozarks. These drives cover what most folks consider the best, most drivable roads in the Ozarks, like scenic AR 7. But there's also AR 43, 123, 103, 74, 14, 27, 341 (aka Push Mountain) and several up across the state line in Missouri. Many of the iconic locations you'll want to visit are on or adjacent to these scenic, wonderful roads.

When you are in Harrison you will definitely be in the middle of the "Heart of the Ozarks".

Things to Do Around Harrison While You...
"Cruise the Ozarks"

Haggard Ford Swinging Bridge • Eight Miles out of Harrison

Just outside of Harrison is the historic Haggard Ford Swinging Bridge. Concrete towers and steel cables support the one-lane wooden deck. Built by the WPA from 1938–1941, it's on the National Register and like the Beaver Bridge in Carroll County, the Haggard Bridge is one of very few surviving suspension bridges in Arkansas. It spans Bear Creek.

Take Cottonwood Road from the US 412 Harrison bypass eight-miles north. The ford has a connections with Country Western legend Merle Haggard's family.

Ride the Ozarks Motorcycle Rally • Harrison

Fun after a day riding looking at bikes.

The month of October may be the best time of the year to "Cruise the Ozarks" and view the area's spectacular flaming Autumn foliage. Harrison's "Ride the Ozarks Rally" is a great adjunct to NW Arkansas's BBB. Downtown Harrison is ground zero for the event; great music, food, vendors, bike games, bike show and fine riding.

Rush, Ark. • Genuine Ghost Town on the Buffalo River

A bus hauling floaters to and from the Buffalo River rumbles through Rush, Ark. Take AR 14 south to Marion County 6035. It's 11 scenic, paved miles to Rush though there's a short stretch of gravel road to negotiate riding through "town". It's well maintained and should present few issues. It's worth the trip to experience this real-deal ghost town visiting the remaining homes, buildings and mine sites.

South of Yellville, off AR 14, is a Buffalo River landmark, the Ghost Town of Rush, Arkansas. It sits just off the Buffalo River in the mountains just above the river. It was founded in the 1880s as a hopeful silver boom town, but it turned out their gold was actually zinc. It thrived until the price for the metal plummeted at the end of World War I. By the late '60s the town dwindled from at one time over 5,000 residents to zero when the last folks left town. It became a real-deal ghost town and is now preserved as part of the Buffalo National River.

Neighbor's Mill Bakery & Café

Neighbor's Mill Bakery and Cafe is a family-owned restaurant that opened its doors in 2000, according to owner Cary Nabors. The idea came from his parents, Mike and Karin Nabors, who founded and established the business, becoming a favorite among locals. They've received and have been nominated for the Arkansas Food Hall of Fame multiple times.

"Back in the 70s, my dad bought a stone grist mill at an auction, simply because he thought it was cool, without any idea of what he'd do with it," Cary explained. "Years later, that mill inspired the creation of our bakery. Initially, we used that mill to grind our grains. Today, we have a newer mill but we still grind much of our own grains, including whole wheat, rye, and spelt... right here."

Neighbor's Mill bakes everything from scratch daily, offering about 25+ varieties of bread along with a delicious assortment of muffins, pastries, cookies, cinnamon rolls, pies, cakes, and cheesecakes. The restaurant opens at 7 am and closes at 6 pm, Monday through Sat-

urday. For breakfast, they serve omelets, French toast, breakfast sandwiches, eggs, and freshly baked pastries. Lunch starts at 10:30 am, featuring grilled and cold sandwiches, soups, and salads made with local ingredients whenever possible.

During holidays, Neighbor's Mill offers special sweets and themed breads. You can enjoy delicious coffees at their full espresso bar, featuring locally roasted coffee from Mountain Bird Coffee near Eureka Springs. They also

sell homemade granola and the same stone-ground flours used in their breads.

"What I love most is seeing our regulars each morning and enjoying coffee with them," Cary said. "We see ourselves as a community hub where people gather for good food and company. Our casual atmosphere includes seating indoors and outdoors, on our patio.

"We can accommodate large groups and even reserve a room for up to 30 people if you call ahead," he added.

El Mexico Lindo Restaurante

El Mexico Lindo, translates to “The Beautiful Mexico.” Let me tell you a bit about how this place got its start and what folks can expect if they’ve never been here.

Angela and her husband, Sergio – with more than 30 years in the restaurant industry – kicked off this venture together on November 11, 2013.

Their expansive menu is flexible—you can order lunch any time of day, and they have a light eater’s menu.

Everything here is handmade, from their salsa and tamales to chili rellenos and cheese dip. Yes, you can even buy the delicious salsa to take home with you. (And you’ll want to!) What sets their food apart is that everything down to the fajita seasoning is made by Sergio.

They offer pickup, takeout, and dine-in options. It’s a clean, cozy, family-oriented and family-run establishment. “We pride ourselves on knowing our customers by name and providing quick service—

usually within 30 seconds,” Angie said.

They strive to offer the best food in town at reasonable prices. Their signature dish is the Ranchero Special—fajita meat over rice with cheese dip on top. It’s their most popular item.

“I run my restaurant differently than most; it’s not like a franchise. I employ many students and prioritize their education and extracurricular activities. The kids’ menu is essentially the same as the light eater’s menu with smaller portions,” she said.

“We have a loyal local customer base; some visit daily, sometimes more

than once a day. People traveling through often make it a point to stop by whenever they pass through town. This loyalty makes us feel appreciated and valued.” She added that they enjoy serving and giving back to the local community through various sponsorships and fundraisers. For more details follow El Mexico Lindo Restaurante for updates, check out their Facebook page.

JJ's Buffalo Bar and Grill on AR Scenic 7

Jason and Scarlett Phifer opened JJ's Buffalo Bar & Grill in January 2021, in response to many requests for a place to get a "beer and a burger" along Scenic Arkansas Highway 7 South.

Since then, JJ's has secured its place as a welcome spot close to the Buffalo River and just seven miles south of Harrison. They are family-friendly, pet-friendly and motorcycle groups are welcome to rendezvous here.

JJ's Buffalo Bar & Grill offers you outdoor and covered patio seating. Weekends are always fun with Friday night karaoke and live music on Saturday nights on their new stage dubbed "The Pon-Tune"

You'll enjoy great food served up fast by the friendliest staff you'll find in the area. JJ's Buffalo Bar and Grill was featured on

America's Best Restaurants. If you are looking for excellent burgers, sides or salads, you've found the right place for you and all your buddies.

They stock a full bar and serve up the coldest beer. They offer up a wide selection of beers and favorite wines, as well as soft drinks and iced tea to satisfy every thirst.

It's easy to get here: they're located just north of the Boone/Newton county line down Hwy. 7, where you'll find a comfortable

rustic and warm dining experience in the heart of the Ozarks. To stay informed about all their scheduled events throughout the year just follow JJ's on their Facebook page. Or check out their new website at www.jjsbuffalobarandgrill.com.

Scenic drive daytrips to Jasper... "Where the Buffalo Begins"

Scenic AR 7 is an outstanding short drive out of Harrison featuring all the fantastic scenery a driver should expect from a tour in the Heart of the Ozarks. Every section has a different personality that will not fail to please.

The wonderful free-flowing rivers and streams of the area have sculpted the crooked pathways forming the magnificent highways visitors relish.

In the '70s 'back to the earthers' (aka hippies) moved to Newton County and found kindred spirits among the local hill folk. Both groups enjoyed the natural

beauty of the mountains of the county.

In days-gone-by, elk and buffalo freely roamed the valleys and mountains of Newton County. Though the buffalo and elk were hunted out, elk were reintroduced in the mid-1980s.

Today, residents embrace tourism as the area's economic engine. Thanks to the visitors who enjoy the rivers, winding roads and scenic beauty, Jasper is thriving.

Visitors enjoy what Jasper and Newton County has to offer: a glimpse into a culture of another era; and fantastic, winding roads through gorgeous scenery. **HV**
