SKY LOUNGE

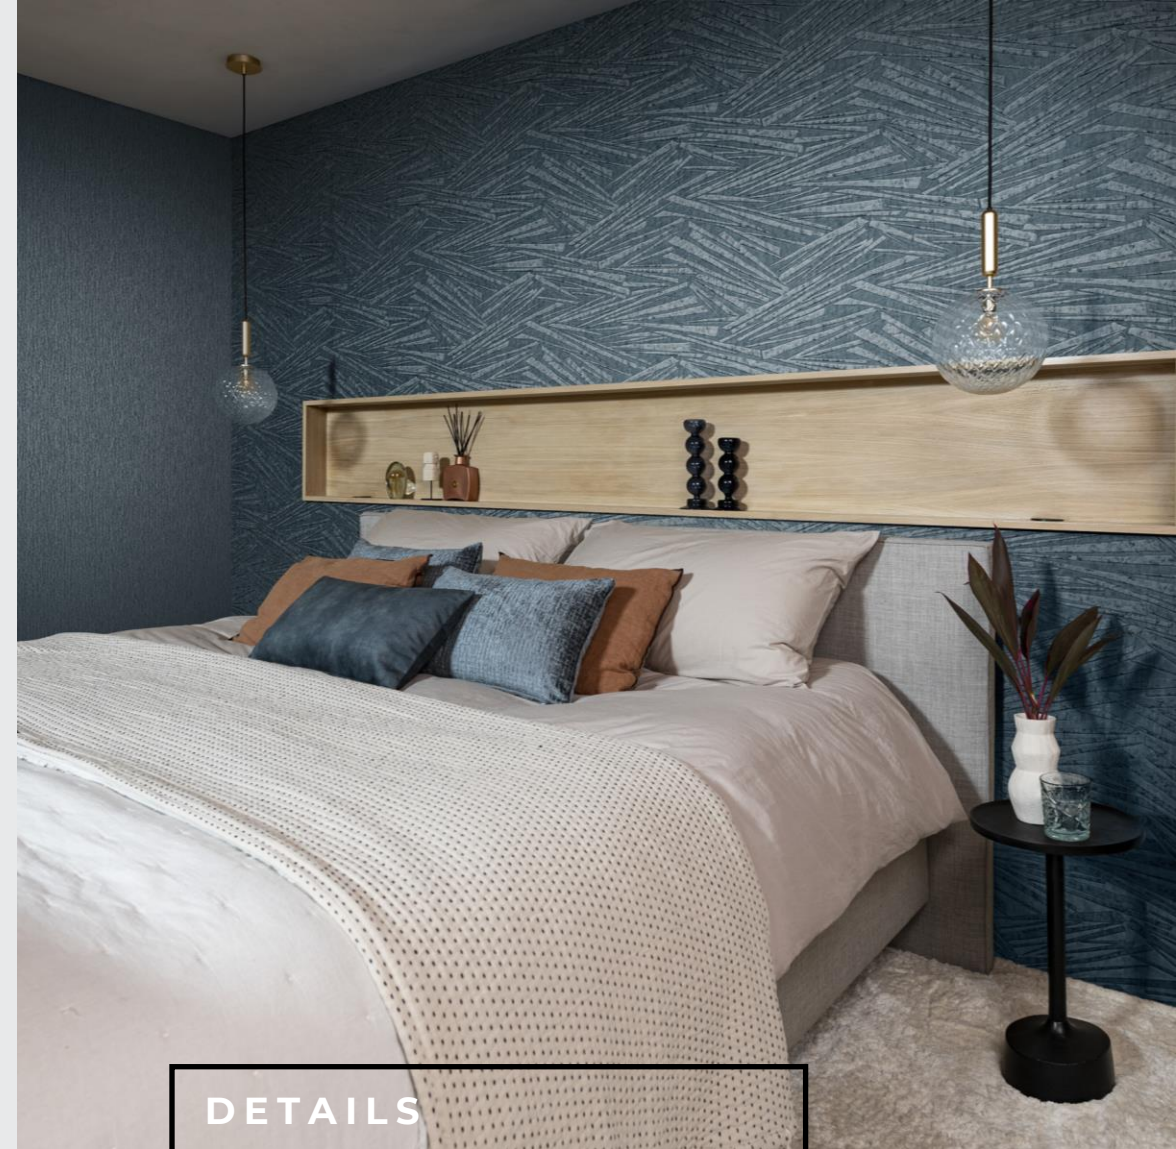

MODERN. STYLISH.
ELEGANT

Modern. Stylish. Elegant: This is how the new Sky Lounge collection presents itself, making it a must-have for those who want to create an urban yet sophisticated living space. Wonderful and expressive designs, impressive and sophisticated, with a fine embossed texture and three-dimensionality.

The geometric shapes also impress with their fantastic metallic effects. The interplay between gloss and matt creates fantastic reflections that showcase different design elements, depending on the incidence of light.

Large waves create a relaxing expanse in the room, while juxtaposed compartment shapes lend the room a dynamic depth. Intertwined graphic shapes reminiscent of a puzzle create a unique, relaxing and eyecatching canvas. Mikado rods spread over a silky background to create an innovative and inspiring. The patterns are complemented by solid-colour wallcoverings with a fine linear texture, making the room exude tranquility.

By clever incorporation of texture, the single-coloured wallcoverings appear to be made up of several shades. The premium range of colours includes light shades such as white, beige, mother-of-pearl, taupe, gold, silver and copper, as well as darker tones such as dark blue, deep lake and midnight black. The 'Sky Lounge' collection provides a wide range of design options and turns every room into a beautifully designed and perfectly coordinated home.
