

LIGHT BOX WITH DOUBLE SIDED USE

Our new **LightUp Double-Sided** light box is a wonderful and economical way to make images and messages shine. Showcase beautiful graphics and attract attention with bright and vibrant displays in shops, restaurants, exhibitions and many other locations.

LIGHT BOX STAND

DOUBLE SIDED

- Profile 80mm deep
- Flat-packed for convenient transport and storage
- Quick and very easy to assemble
- Bright and vibrant LED illumination 7000 lumens

- PVC-strip for fabric 14x3mm
- Supplied in sturdy cardboard carry box or wheeled fabric bag
- Full 5-year warranty

Double-sided LightUp features LED light bars on the inside of the frame to give great illumination to both front and back graphics. The transformer is inside the profile.

The double-sided LightUp is supplied in a sturdy cardboard carry box with handle for convenient transport or a fabric bag on wheels.

All LightUp light boxes feature two smart and sturdy swivel feet for great stability when LightUp is used floor-standing.

Double sided in cardboard box
