# Deco-Lux

The beauty of the Art Deco era is replicated in this tiered design. The effect light has on velvet is amplified, so is our textile of choice for the Deco-Lux.

Intaglio Midnight Velvet

Caramel Velvet

# Monaco

This versatile headboard is sophistication at its finest. This design works best with plain fabric or leather, that allows the craftsmanship of the deep buttoning and intricate folds to stand out. Nailed border optional.

Marble Velvet

Matisse Black Leather

# VALISE

The name “**Valise**” comes from the French translation for suitcase. With visible stitches, buckles, and leather straps this design is reminiscent of a vintage suitcase, the inspiration for this piece. Made with New Zealand Leather this headboard is unique and full of character.
