

PaperTyger® 200gsm / 74 # is a heavyweight tear resistant laminated paper manufactured by our patented process to produce an alternative to synthetic paper and other durable media products. This product is made with FSC certified papers and is specifically designed for and certified to run on the HP Indigo line of digital printers. Cost effective for short-run and custom business, PaperTyger® and HP Indigo offer a wide range of opportunities in many applications that require a durable substrate with a fast turnaround. Typical applications include cover & label stock, ID Cards, certificates, menus, POP advertising, banners & posters.
