Documentation Solution

When moving goods across borders, you often have to provide the same information numerous times to different border agencies, increasing the administrative burden of cross-border trade as well as the scope for errors.

Our documentation services simplify this aspect of your business as you only have a single point of contact, NBN Logistics.

Our highly trained staff are aware of the latest requirements which ensures a seamless flow of information and allows your products to reach their destination safely and in time.

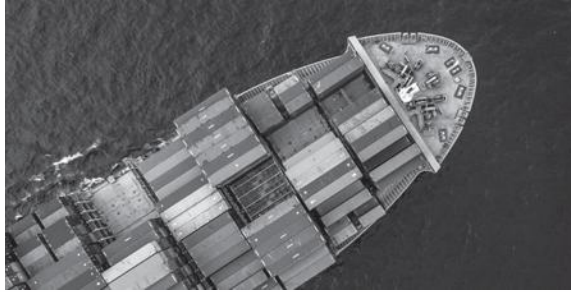

Transportation

You can trust us with your most time-sensitive and fragile assets because of our vast experience in the Middle Eastern region and our committed network of transportation partners.

Transportation Services:

- Car Carriers
- Container Carriers
- Low-bed Trucks
- Break Downs

Export

Export plays a big role as part of a country's economy. As a Qatari-owned company, we take pride in being part of Qatar's growth.

With NBN Logistics, you can be sure that your shipments will be taken care of, from the start, until they reach their final destination.

Warehousing

Whatever your warehousing needs, our local facilities and worldwide connections mean we have the capacity to handle your goods, whether at origin or destination.

Our flexible multi-user warehouses offer economic conditions and effective use of storage capacity for growing businesses who do not require their own warehouses.

Through NBN Logistics, you have access to a network of over 100 warehousing facilities around the world.
