BRANDS ON BOARD
FOR A BETTER FUTUREFLY THE
GREENEST

We're proud to have the lowest CO₂ emissions per passenger kilometre in the industry, but we know there is more we can do for the environment. That's why we're pleased to offer you products that go beyond recyclable packaging to make the world a better place.

RESPONSIBLE SUPPLY

Our suppliers are using sustainable ingredients, through buying locally sourced food, to favouring sustainable sourced cocoa... there are plenty of shades of green!

RESPONSIBLE PACKAGING

Introducing paper packaging without plastic coating or using biodegradable materials and compostable cornstarch, are all to Earth's liking.

RESPONSIBLE
MANUFACTURING

Many suppliers are switching to fully solar powered factories, zero-waste plants and heat recovery systems. That's the way to do it!

SOCIAL RESPONSIBILITY

From helping children develop nutritional awareness to launching local signature programmes, each of our suppliers keep finding good causes to support.

€2

GREEN GRASS
GIFT BAG

Did you know that mowed grass is not waste? There could be gift wrapping made out of it! Our brand-new Green Grass Gift Bags are 100% biodegradable and the grass used for the paper production is not "planted", it is actually harvested from fallow land. 100% waste becomes 100% profit! A total of 2 litres of water is required to produce 1 ton of grass pulp, while 6,000 litres of water are used to produce 1 ton of wood pulp!
