

BETAS

YAPISINDA KALİTE VAR

Our History

Betaş Yapı was established in 1997 to provide reinforced concrete prefabricated building element production, project engineering, consultancy and contracting services. Our organization closely follows technology in line with the needs of the 21st century and constantly improves itself with renewed technological opportunities. Our entire team, from our employees to our managers, provides service with an understanding that adopts customer satisfaction as a principle and offers the best solutions to our customers using the latest technology. Our goal has been to provide high service increase at every stage, to use quality materials in accordance with international standards and to carry the companies we serve to the future together with ourselves by prioritizing work and environmental safety.

Our Vision

By combining technology and innovation with our experience, we aim to be one of the leading companies in the field of industrial construction that leads the sector by 2033.

Our Mission

To build safe industrial structures with innovative and sustainable approaches guided by science for a more livable world.

Our Values

- Justice: We act fairly and impartially in all situations and establish equal and fair relationships with all our stakeholders.
- Merit: We demonstrate our commitment to our work and our expertise in every project.
- Respect & Love: We show respect and love towards our employees, customers and business partners.
- Honesty: We build trust by establishing open and honest communication at every stage.
- Reliability: We fulfill our promises and provide reliable service at high standards.
- Quality: We aim for excellence by continuously improving the quality of our products and services.
- Stakeholder Loyalty: We support mutual success by establishing strong and long-term relationships with all our stakeholders.
- Continuous Development: We constantly improve ourselves and are open to innovation.
- Team Spirit: We encourage teamwork and act together towards common goals.
- As Betaş Yapı, we will continue to maintain our leadership in the sector with our understanding of trust and quality in every project

and to provide the best service to our customers.

Betaş Yapı
Best Regards
