ABOUT THE ARTIST

Cocoi Base: Bridging Worlds with Art and Architecture

Cocoi Base, an architect with an artist's soul, navigates the creative landscape with a unique blend of visual art and architectural precision. Frequently collaborating with The Authenticity Zero Collective, Cocoi brings a distinctive perspective to his projects. His artistic journey began in 2015 with the group exhibition “Oxymoron of Patterns” at the Cultural Center of the Philippines, where his work first caught the public's eye.

By day, Cocoi immerses himself in the structured world of architecture; by night, he dives into the fluid realm of visual art. This duality allows him to create works that are both structurally sound and visually captivating. In 2023, Cocoi celebrated a milestone with his first solo show, “Structures & Experience,” at the Gateway Gallery, showcasing the intricate balance of form and function in his work. His innovative approach has garnered continuous invitations to numerous group exhibitions, art fairs and collaborations across diverse galleries.

This catalogue features his latest works which continue to blur the lines between architecture and art, crafting a dialogue that is both innovative and inspiring.
