

Runyes [®]
FOCUS ON DENTAL

Care11 Series Dental Unit

The ideal dental chair for all your needs

Free, Versatile, New-Fashion Choice

GIVE YOU MORE POSSIBILITIES

It upholds Runyes' product development philosophy and integrates stylish elements. This makes it a reliable and ideal doctor companion during diagnosis and treatment.

Both strong and weak suction have a delay function to avoid pipeline blockage

The multi-angle adjustable head rest can be adjusted quickly and easily

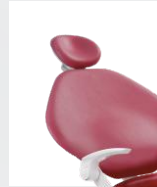

The handrail can rotate significantly in the vertical direction, providing users with convenient movement both upward and downward

With linkage mechanism and chair lifting safety protection system

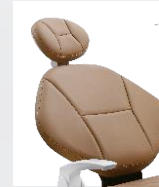

One-piece solid steel plate: The connecting piece is a 20mm thick steel plate, providing a more stable center of gravity and enhancing overall stabilization.

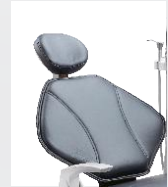

Selection of Three Leather Wrapping Process

Glossy

Sofa

Sewing

Multiple Color Choices of Leather Cushion

The damping-type hanging rack is clean and hygienic, greatly reducing the risk of accidental equipment falling

The enhanced structure of the air brake handle provides a better grip, making it easier to maneuver the dentist console

Comfortable high-end sofa or imported leather

The hanger can rotate 90° inside and outside for easy operation, allowing the hiding of hand pieces under the dentist console to prevent scratches to dentists and patients. The hanger can also tilt up and down by 45°, and its large hole position facilitates blind insertion operations by dentists

A more substantial chassis base ensures increased stability of the chair body, with a maximum load capacity of up to 180kg.

User-Friendly

- Removable instrument tray for easy cleaning and disinfection
- Bilateral pneumatic control design, easy to operate by left and right hand

Stable

- Much more stabilized chair body
- Max. bearing weight 180 kg

Streamlined And Efficient Operation Process

Boutique and fashionable waist headrest (Optional, available for the same color with dental chair)

The side box cover can be opened on both sides. The water vapor and circuit system inside are isolated

Lifetime warranty service for water pipe

Strong and weak suction filtration system.

Optional surgical lamp

A versatile assistant rack system that can be used to place objects and rotate at multiple angles.

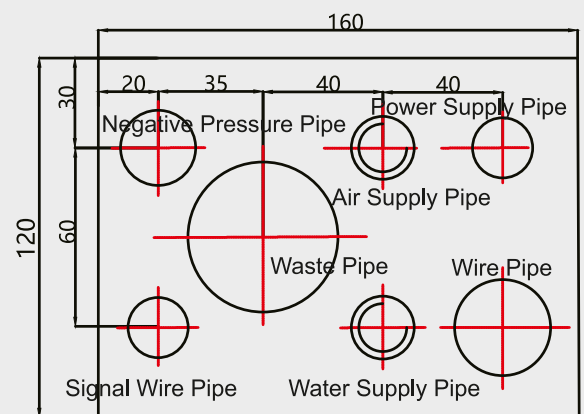

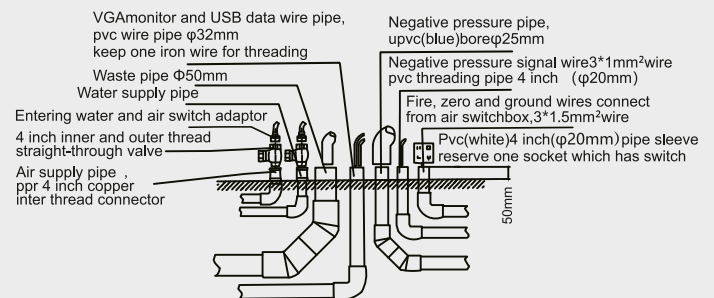

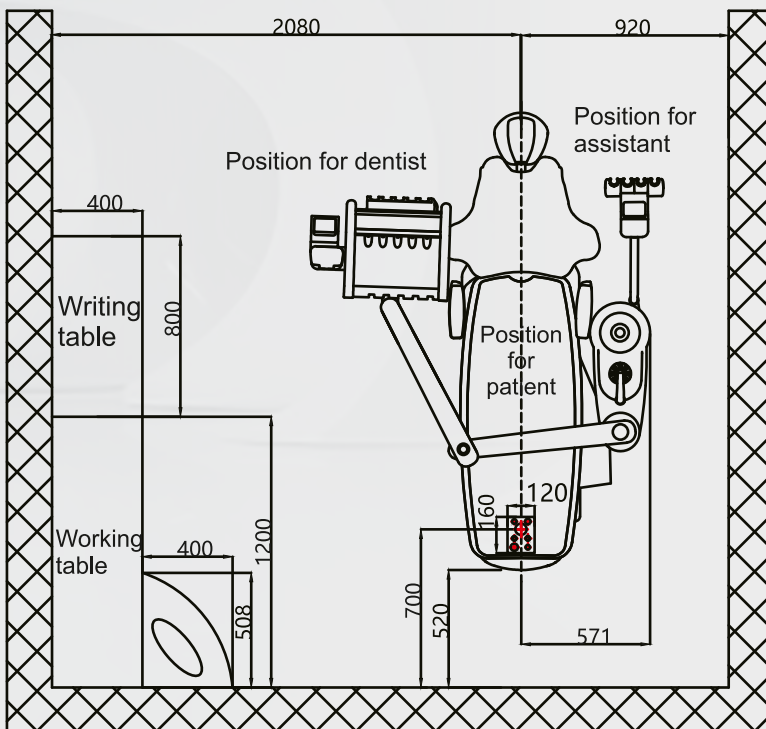

One-switch to shut off (optional)

State-of-the-art disinfection system (optional).
Fulfill the needs for disinfection of handpiece tubings, syringes, scaler.

Installation Layout

WHERE TRUST COMES FIRST
