About our **Uniforms**

Our custom uniforms are hand-crafted with high-quality fabrics and designed exclusively for your performers. Every piece is built with precision and attention to detail, ensuring a look that's as durable as it is stunning.

Good to Know

Minimums

We have a six piece minimum per design. If you want to order fewer, talk with your Account Executive about our under minimum fees.

Sizing

We offer a wide variety of sizes. Be sure to check out the sizing charts for the costume style you'd like to order.

Our sizes range from 2XS to 5XL

Turnaround

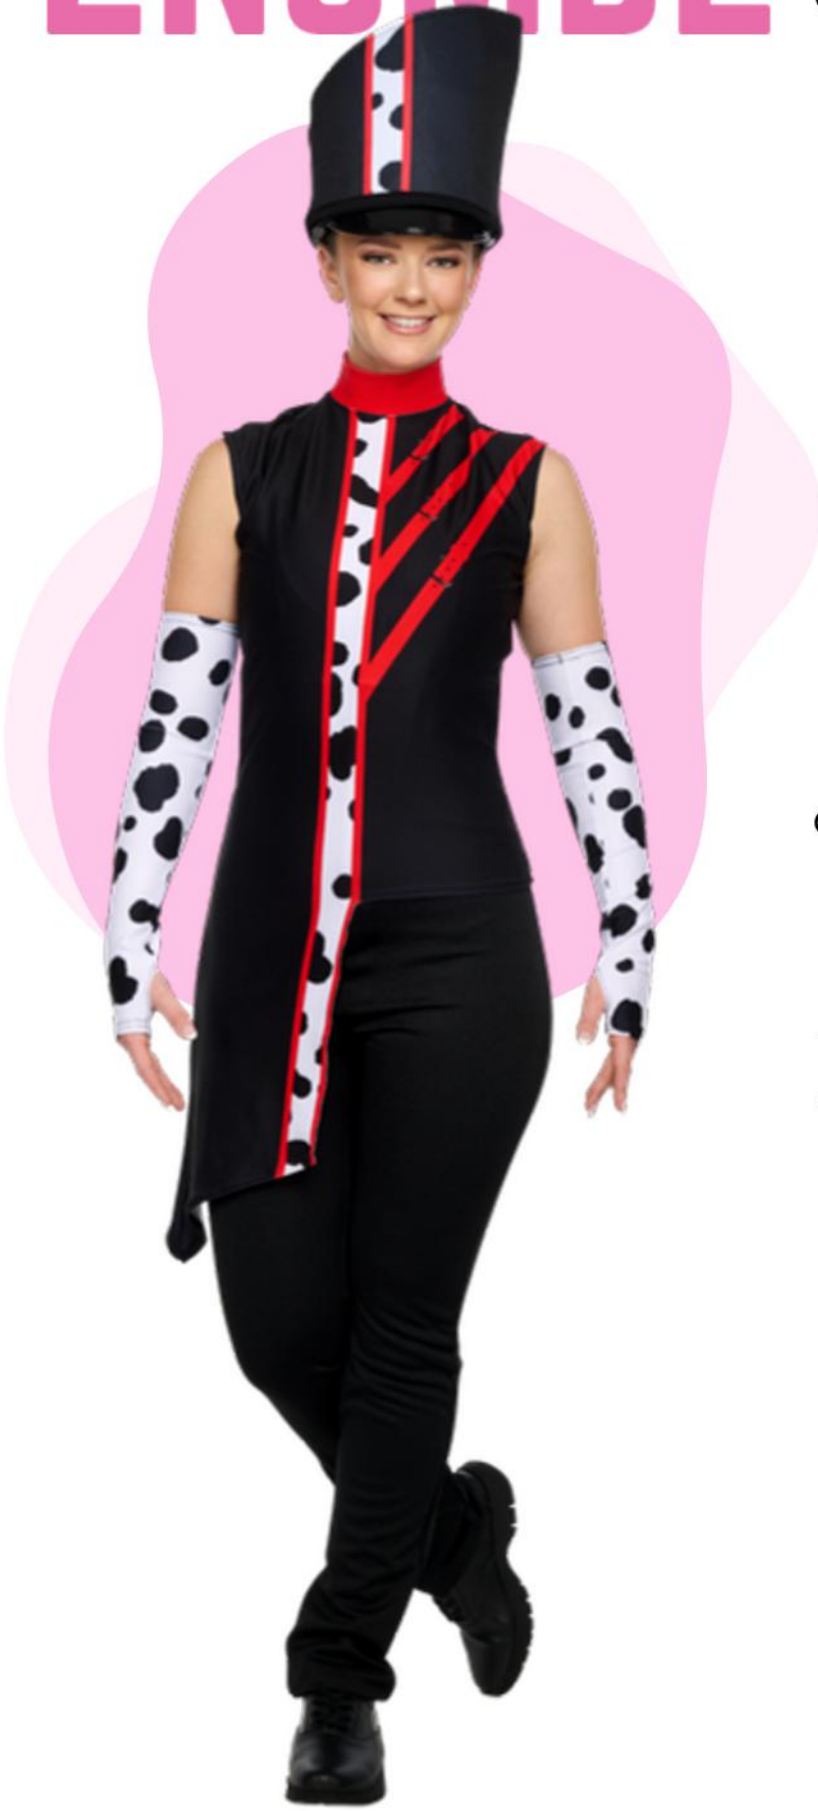

Digital Costumes- those with only digitally printed materials- are typically a six -eight week turnaround.

Hybrid Costumes with multiple fabrics are approximately an eight to ten -twelve week turnaround.

These times begin when your order is approved for production, and can vary so it's always best to start early and stay in contact with your Account Executive.

ENSEMBL
ENSEMBL

Signature Series

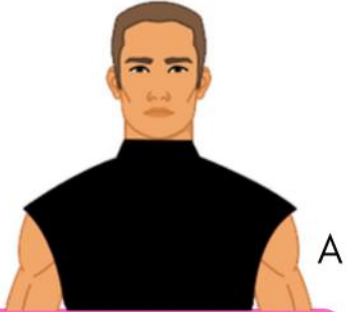

The ENSMBL Signature Series of custom band uniforms delivers bold, vibrant dye-sublimated color with the flexibility to make every look your own.

Mix and match necklines, bodices, and sleeves to create a uniform that feels intentional and uniquely designed for your ensemble.

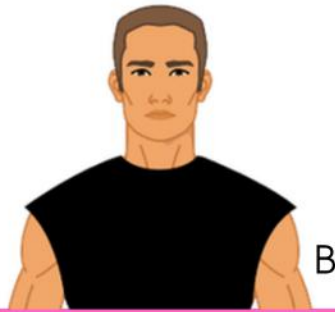

Crafted with high-quality construction and hybrid fabric options, each uniform offers exceptional durability, comfort, and a great fit, so performers look confident and move with ease.

Band Tops

Our Band Tops come in three main styles: Premier, Plus, and Basic. Each style is carefully crafted with high quality dye-sublimated fabrics and sewn to last.

Learn More about the Differences:

Feature	Premier	Plus	Basic
Drape Option Available	✓	✓	✓
Cropped Length Option	✓	✓	✗
Includes 8" Back Zipper	✓	✓	✗
Includes Shoulder Pads	✓	✗	✗
Optional Thumb Holes	✓	✓	✗
Machine Washable	✓	✓	✓
Bibbers Available in Same Fabric	✓	✓	✗

PREMIER

PLUS

BASIC

Premier Series

Our top of the line Stretch Wear series

The Premier Series is our top of the line, but still surprisingly affordable option to change up your band's look, or create a unique style for indoor. It offers the most structure and options of all of our stretchwear and could be used for multiple years with proper care.

PREMIER

- ✓ **Stretchable Heavy Weight Poly Spandex**
- ✓ **8" Back Zipper**
- ✓ **Built In Shoulder Pads**
- ✓ **Optional Thumb Holes at Wrists**
- ✓ **Available in Standard Length or High Waisted**
- ✓ **Additional hybrid fabric options for shoulder pads**

Premier Series

The same stunning structure and fit as our Premier Top with a little extra sparkle from an attached panel of Sparkling Brilliance or other Hybrid Fabrics.

Hybrid

TRIANGLE CUT

This tapered panel gives you an extra pop of shine!

SASH CUT

This sash style panel is sewn into the garment to give it an extra bit of sparkle. Choose standard or high-waisted. Add a drape to continue the look!

Plus Series

Popular for a reason.

The Plus Series is our most popular option, balancing affordability and high quality construction. Made of our mid-weight poly spandex, it is breathable and machine washable, but still feels structured and lux.

PLUS

- ✓ **Medium weight poly spandex stretch fabric**
- ✓ **8" Back Zipper**
- ✓ **Lighter weight than the premier series, same material as guard costumes**
- ✓ **Optional Thumb Holes at Wrists**
- ✓ **Available in Standard Length or High Waisted, or Ultra High Waisted**

Plus Series

Hybrid

Our most popular top with a little something extra! Choose a hybrid fabric or digitally printed sparkling brilliance insert.

TRIANGLE CUT

This tapered panel gives you an extra pop of shine!

Basic Series

A budget conscious option for every band.

The Basic Series is our most affordable option, but is a high quality and well fitting alternative to traditional band uniforms. The Basic Top's lightweight stretch fabric is perfect for warmer climates and parades, and for underneath vests and uniform tops.

BASIC

- ✓ **Breathable Lightweight stretch fabric**
- ✓ **Pullover Style (No Zipper)**
- ✓ **Ideal for Warmer Climates**
- ✓ **No bibbers available in this fabric**

Add a **Drape**

Drapes can be added to all of our Premier, Plus, and Basic Band Tops to give you some extra texture and color. Choose from right, left, or both!

New: Skirt Option
for a flowy look!

Transformation **Tops**

Transform Premier

The Transform Premier top is high waisted and made of heavy weight poly spandex. It includes structured shoulder pads and a back zipper. The transforming panel is secured with velcro for a quick and easy pattern or color reveal.

Flip Vest

This sleeveless heavy weight vest can be worn alone or over an under shirt. It features a fully separating back zipper, and the flip panels are secured with velcro for easy quick changes.

Transformation **Tops**

Transform Drape

The Transform Drape packs a huge, colorful impact and is perfect for a full field color transformation. Secure but easy to release velcro keeps your reveal hidden until the perfect moment.

Transform Plus

The Transform Plus is made of the same comfortable mid-weight poly spandex as our regular plus tops. Choose white or black velcro and bring the drama with this fun reveal!

Add Optional Thumbholes
for extra

Bibber & Pant Options

Printed Bibbers are available in both Premier and Plus Fabrics, as well as Sparkling Brilliance.

Sparkling Brilliance Bibbers can give you head to toe shine!

Bibber & Pant **Options**

SP7750M

Pants can be custom printed to match your top and are a great alternative to bibbers.

Solid Bibbers

Platinum Bibbers

The Platinum Bibber is made to last. It features heavyweight stretch fabric on the bottom, and durable mid-weight stretch fabric on the chest, as well as a front zipper. Snap Tape on the legs means no more hemming! Platinum Bibbers are available in Black & Gray, and can be Made to Order in White.

Advantage Bibbers

The Advantage Bibber is in-stock and ready to ship in Black. Made of moisture wicking Styleflex fabric, it comes unhemmed to allow for custom length. This budget conscious option pairs well with any top.

Performance **Jackets**

Empower Jacket

Looking for a dramatic reveal? Empower has you covered! This jacket with giant circle skirt can be worn over a unitard or bibbers and has an easy to access front zipper. Available in printed and alternate fabrics.

Trench Coat

Our printed Trench Coat can go over a band top and bibbers and customized for your show. It's a great way to add some fun and intrigue to your next season.

Hats & Hoods

Hat Slip

This digitally printed Shako cover is meant to stretch over your current shako to change up your look instantly.

Shako Wrap

Our heavyweight printed shako wrap features stiffener to hold its shape and is meant to cover your existing shako. Printable on the front, back, and band for a full transformation. Folds flat for easy storage.

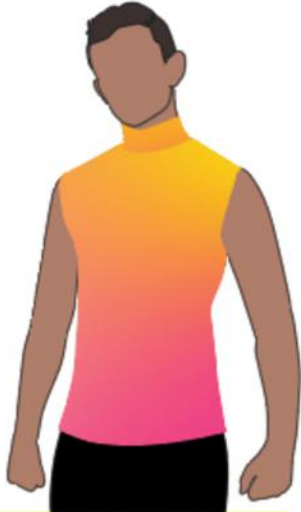

Hoods

Made with mid-weight poly spandex and available lined or unlined. Hoods can bring visual interest and a whole new element to your show!

ENSMBL

Printable **Fabrics**

Printable Poly Spandex

Our printable 4 way stretch Poly Spandex Lycra comes in three weights used in our Premier, Plus, and Basic Tops.

Sparkling Brilliance

This fabric is a comfortable yet sturdy 4 Way stretch with a holographic foil. It brings extra sparkle and texture to your look.

Mesh

Mesh is white when unprinted and can be added to panels and skirts to give your look a light and airy addition. Mesh is sheer and can be printed in any pattern or design you choose. Mesh prints will be inherently lighter than solid fabrics.

Glitter Mesh

Glitter Mesh is our standard mesh with glitter adhered to the surface. It can be printed in any pattern or design you choose and can add additional shine and texture to your costume.

Hybrid Fabrics

Why hybrid?

Hybrid fabrics can be added to our multiple fabric styles to give them extra texture and interest.

Solid Lycra/Mesh

Solid dyed 4 way stretch Lycra is fully saturated on both sides. It can be used for two sided skirts, or panels where you want a specific solid color. Solid mesh is also dyed to give it a deeper consistent color, and can bring extra texture to your look.

Microsequin

Microsequin features winding shimmery sequins stitched to a corresponding 2 way stretch fabric. It's great for bringing sparkle & texture to your costume, and leaves negative space between the sequins for the fabric color to show through. We don't recommend it for high friction areas like collars, underarms, sleeves, and inner legs due to fabric durability and performer's comfort.

Hybrid Fabrics

Mystique

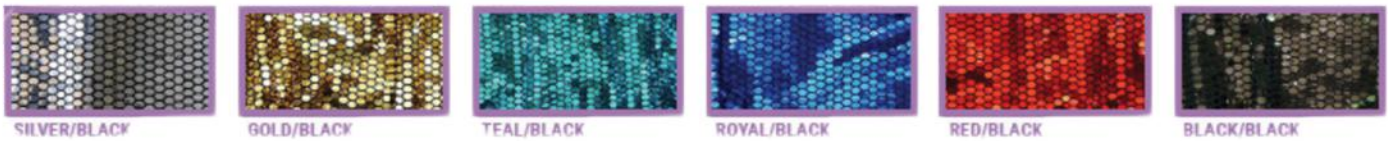

Mystique is a great alternative to sequins to bring sparkle, shine, & texture to your look. This 4 way stretch fabric looks great everywhere, and it's highly recommended for collars.

Twinkle

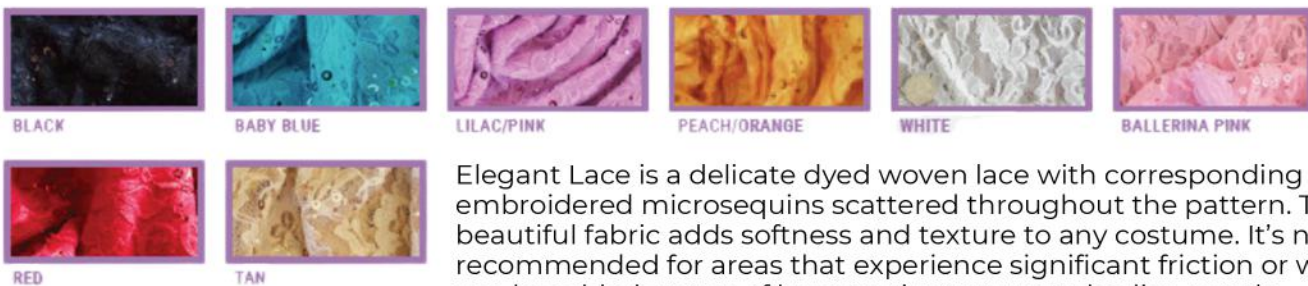

Twinkle is an even more closely knit sequin than our microsequin fabric. These small sparkles overlap on 2 way stretch fabric, and add tons of texture and sparkle to any costume. It is not recommended for collars and areas with skin contact like underarms.

Armor

Armor is a 2 way stretch fabric with tiled hexagonal sequins. The sequins are adhered to the fabric, not embroidered, and laid over a black background. It provides a lot of visual interest and texture and works great on bodice panels, sleeves, and more.

Elegant Lace

Elegant Lace is a delicate dyed woven lace with corresponding embroidered microsequins scattered throughout the pattern. This beautiful fabric adds softness and texture to any costume. It's not recommended for areas that experience significant friction or wear. It can be added on top of lycra to give texture to bodice panels.

How to **Order**

Start the Design Process

Share any design notes regarding your theme or design with your Account Executive. If you have a specific configuration in mind, include that information. If you've picked out any stock images or inspirational photos, be sure to include those. Shutterstock images are included free of charge.

Sketches & Art Approval

Our art team will create a sketch based on the information you've provided. If edits are needed, please be as specific as possible. The more specific the feedback, the quicker we can get an approved design. Make sure to read any notes sent with the sketch. If there were any issues with your request they'll be noted here. When you're happy with the design, be sure to send your account executive your approval.

Sizing

Your Account Executive will need your sizes and quantities as soon as possible. Be sure to check with your account executive for the correct chart. If you have questions about a particular performer's size, please ask!

Size Charts

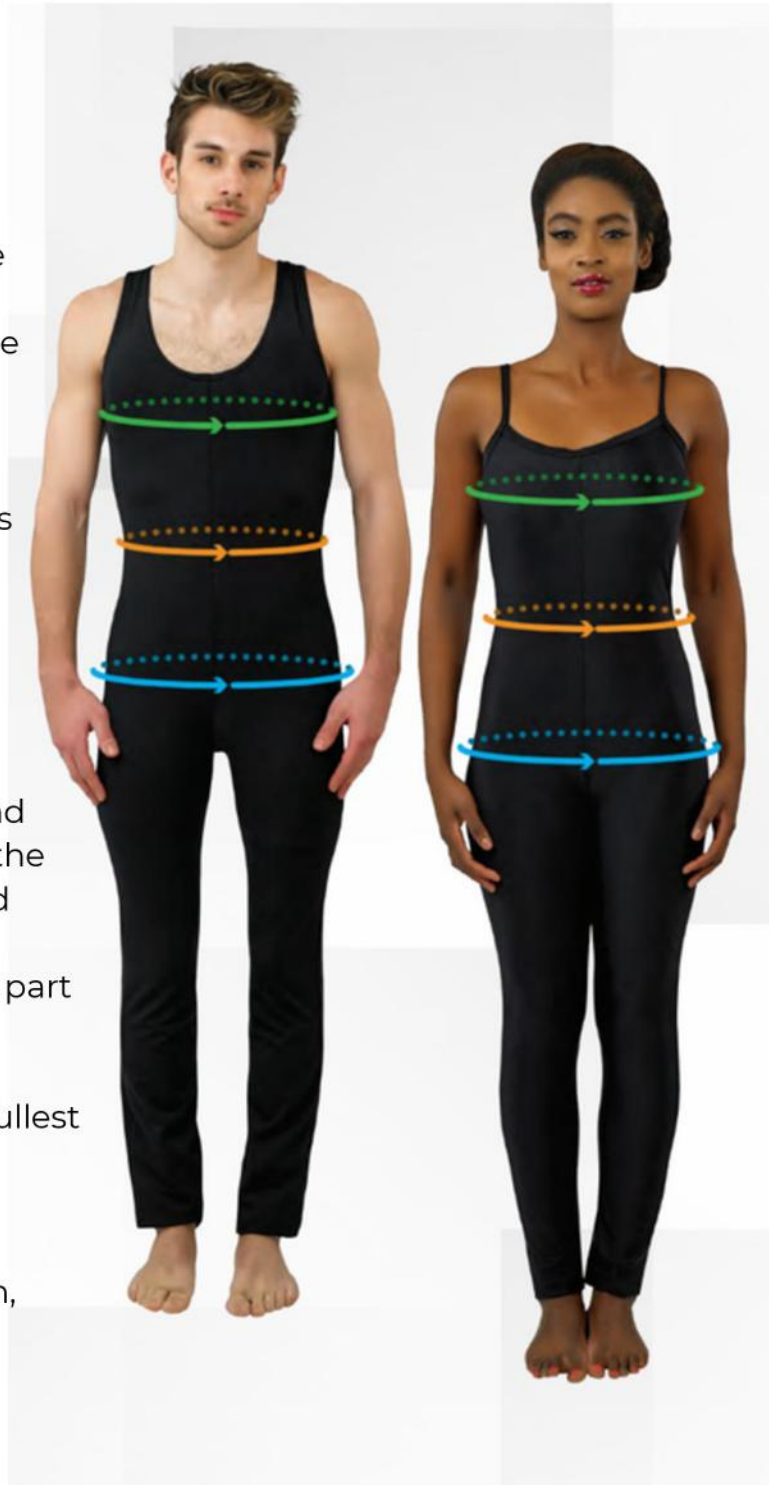

How to Measure

- Measure in bare feet wearing form-fitting garments (sports bra & shorts, leotard, biketard, or unitard).
- One person should measure the entire group
- Body Measurement is correct when the tape measure is snug.
- ENSMBL takes no responsibility for incorrect sizing.
- Please contact us if you have questions regarding body measurements.

Measuring Guides

- **Bust/Chest:** Stand with arms down and measure around the torso and under the arms at the fullest part of the back and bust/chest.
- **Waist:** Measure around the narrowest part of the natural waistline, usually at the navel.
- **Hip:** With feet together measure the fullest part of your hip.

Note: All unitards/jumpsuits/pants are produced un-hemmed with added length, allowing for personalization.

Determining Sizes

- Determine the Body Measurement Size, then decide on Garment Size based on the range of BMS and your fit preferences.
- When between sizes on the chart, select the smaller size for an “athletic” fit, or a larger size for a “relaxed” fit.
- If unsure, choose the larger size as this gives you allowance to alter the garment.
- Garments are offered in the sizes listed and not made to measure. Please call if you require a size not listed. Alterations may be needed to achieve a “custom” fit, and are the responsibility of the customer.

Size Chart 1

This chart is for all band tops and costumes with codes that end in “M.” Our unisex/male tops and pants fit in this category.

Size	Chest	Waist	Hip
2XS	33 ½	26	33
XS	35 ½	28	35
SM	37 ½	30	37
MD	40 ½	33	40
LG	43 ½	36	43
XL	46 ½	39	46
2XL	50 ½	43	50
3XL	54 ½	47	54
4XL	58 ½	51	58
5XL	62 ½	55	62

(Formerly male size chart)

Note: Costume fabrics are intended to stretch across the body. Most fabrics have a 2"-3" stretch allowance. The stretch allows for movement and variations in body measurements.

Size Chart 2

For all other guard costumes. This fit is for all unitards, regardless of gender of the performer.

Size	Chest	Waist	Hip
2XS	29	21	30 ½
XS	31	23	32 ½
SM	33	25	34 ½
MD	36	28	37 ½
LG	39	31	40 ½
XL	42	34	43 ½
2XL	46	38	47 ½
3XL	50	42	51 ½
4XL	54	46	55 ½
5XL	58	50	59 ½

(Formerly female size chart)
