At St. Margaret's we pride ourselves on offering our Members and their Guests a quality and consistency that is not easily found throughout the golf industry.

In recent years, we have evolved and refined the club membership experience which includes significant changes and investments both on and off course.

These improvements to course and experience have been shaped from feedback to create a club that continues to meet the needs of our members.

The coming years will be an exciting time for members of St. Margaret's as the club continues "always improving."
