PIANO VILLY

WHO IS PIANO VILLY?

Piano Villy is the **quieter side** of independent artist Villy Kleppe.

Built around soft melodies, stillness and moments of reflection.

Music created for slow mornings, long drives, coffee breaks and the spaces in between busy days.

“ Sometimes we do not
need more noise.
We need something softer. ”

Featured across piano and softer vocal arrangements, Piano Villy is less about performance and more about atmosphere.
