FLEXA®

BEAUTIFUL • BALANCED

These are words that truly describe our new furniture collection. We call it POPSICLE by FLEXA. This is inspirational craftsmanship, made from the finest oak in combination with beautiful colours and child appeal.

POPSICLE is a full children's room and interior concept. POPSICLE is a collection of beds, storage units, desks and textiles. Furniture designed to meet the changing needs of children of all ages. Be inspired by a universe of stylish colours, premium materials and smart solutions.

AWARD-WINNING DESIGN

At FLEXA, we work with creative designers who convert our ideas into beautiful, functional design for children of all ages. We handpicked a young, visionary Danish design team called Herman Studio to design POPSICLE. We fell in love with their holistic way of thinking and their beautifully simple approach to drawing and drafting.

8

POPSICLE is awarded the Red Dot Design Award 2017. This is one of the most prestigious accolades in the design world. POPSICLE is a shining example of strong Scandinavian design traditions, with equally strong focus on function, aesthetics and high-quality materials.

OUR INSPIRATION

“POPSICLE is inspired by the simple, soft and rounded shapes of a real popsicle. A popsicle is the essence of a joyful childhood. This was our starting point. Choosing a POPSICLE product should be like picking your favourite flavour of ice cream. During the design process, we experimented with a variety of colour combinations to get the right design flavour. We made POPSICLE in colours that are child-friendly and timeless.”

*Jonas and Helle Herman Pedersen
- Herman Studio*

The essence of
POPSICLE
— by FLEXA —

10

*Passion and attention to detail in all aspects
of design, finish and choice of materials.
This is true **CRAFTSMANSHIP***

*Made from the finest selected **OAK**, a beautiful
and strong material that lasts a lifetime*

***SPACE-SAVING** storage units that are
designed especially for children and create
more room to sleep, play and study*

*Beautiful colours with child appeal combined
with natural materials and shapes bring
SCANDINAVIAN DESIGN to life*

***ADAPTABLE** interior solutions made to
meet the changing needs of every child*

*Safe design and **SAFE** materials to make
your child's room a happy place to grow*

BEAUTIFUL, **BALANCED** COLOURS

POPSICLE is available in three colours that appeal to child and parents alike. We call them Kiwi, Cherry and Blueberry. We choose them with care – as if they were important ingredients in a delicious ice cream.

A well-balanced colour scheme is an integral part of our modern Scandinavian design philosophy. Choose from a cool shade of Blueberry, a muted Kiwi green or a dusky Cherry rose. We created these colours to imbibe tranquillity and make a unique and very personal statement in your child's room.
