CAPRI

Named after the city known for its enchanting, winding roads, the Capri collection mimics this with the zigzagging flow of its components, offering a path of light that is as capricious and captivating as the island itself.

Capri re-imagines the timeless elegance of crystal strands with a modern architectural twist. A symphony of precision-cut crystals, interspersed with brass elements, are set horizontally and vertically to enhance their interplay with the integrated lighting, adding a dynamic animation reminiscent of the lively sparkle of the Mediterranean Sea surrounding Capri.

Capri is a collection of centerpieces that bathe every room in the golden hues of an Italian sunset. Each piece is an invitation to experience the allure of Capri, transforming spaces with its bold yet elegant presence.

MIRAGE

Mirage, in its essence, symbolizes a vision so enchanting that it captivates and inspires. The Mirage collection encapsulates this magic, embodying the allure of an oasis where the beautiful and the ethereal converge. This collection does not merely mimic the appearance of luxury; it is an actualization of it in your living space—bringing the splendor of an elegant mirage to life.

With its inviting swirls in the glass echoing the gentle whirl of a desert zephyr, Mirage transforms light into a visual poetry that dances across the room. It presents a reality where the charm of shagreen and the elegance of mixed metals are not just a figment of imagination but tangible, customizable luxuries that elevate the everyday. In every way, Mirage is a testament to the beauty of dreams made real, an enduring emblem of refined taste and sophistication.
