BIWITECH SMARTKIOSK K10

Smart Micro-Kiosk for Self-Service and Digital Engagement

The **Biwitech SmartKiosk K10** is a compact, elegant, and high-performance device designed to enhance customer interaction in retail, grocery stores, pharmacies, educational institutions, and more. Ideal for price checking, self-service access, or promotional engagement, this micro-kiosk brings advanced functionality to even the smallest spaces.

Advantages for Your Business:

- **Enhanced interactivity:** The high-quality capacitive touchscreen, combined with the Android 11 operating system, provides a seamless and intuitive user experience.
- **Application Versatility:** It is well-suited for retail, education, office settings, and any environment that necessitates digital interaction solutions.
- **Robust connectivity:** With its numerous ports and Power over Ethernet (POE) capabilities, it seamlessly integrates into any existing infrastructure.
- **Durability and Design:** Crafted from premium materials, it guarantees an extended lifespan and resilience in challenging environments.
- **Multifunctional scanner:** It is capable of reading 1D barcodes and 2D QR codes, accommodating diverse business and security requirements.

Ideal for:

Retail Environments
Price check stations, product information displays, loyalty card scan points.

Pharmacies
Medication price lookup, promotional display, self-scan for digital coupons.

Bakeries
Interactive product showcases, nutritional facts display, queue or pickup check-in system.

Convenience Stores
Quick access to pricing, self-guided offers, product or location information

Supermarkets
Endcap promotional kiosks, scan-to-learn stations, self-service info terminals.
