## COURSE

# GWO BASIC SAFETY TRAINING - OFFSHORE

## COURSE AIM

Upon completion of the Basic Safety Training modules, participants will be able to possess an awareness of the hazards encountered when working within the wind industry and how to control and mitigate these hazards.

The BST will also equip participants with the knowledge, skills, and confidence to appropriately respond in the event of an emergency and to increase their safety through proper use of personal protective equipment, emergency equipment and procedures.

The approved GWO Basic Safety Training (BST) provides participants with important skills, which include fire awareness, first aid, working at heights, and manual handling. To enable participants to work in the offshore environment, an additional GWO Sea Survival Module training shall be completed.

## COURSE OBJECTIVES

Training in accordance with this Basic Safety Training will enable participants to support and care for themselves and others working in the industry by possessing the knowledge and skills of first aid, working at heights, manual handling, fire awareness, sea survival and in case of an emergency, to be able to evacuate, rescue and provide appropriate first aid to casualties.

## PRE-REQUISITES

- 1) The course participant shall have created a personal profile in WINDA, and have provided their WINDA ID prior to completing the GWO training
- 2) The course participants shall be medically fit, appear well-rested and be capable of fully participating showing no signs of fatigue, substance abuse or sickness

## DURATION

4.5 Days

## CERTIFICATE VALIDITY

2 Years
