ABOUT US

Established in 2021, Liqwash is a dynamic and fast-growing company dedicated to delivering high-quality cleaning solutions, with a primary focus on liquid detergent and related categories.

Headquartered in India, Liqwash operates as a manufacturer, trader, and retailer, actively engaging in both wholesale and retail distribution channels.

Our journey began with a simple vision — to create superior cleaning products that are effective, affordable, and environmentally responsible. Over the years, Liqwash has expanded its operations across multiple domains, including manufacturing units, retail outlets, sales offices, and warehouse depots. This integrated business model ensures that we maintain high standards of product quality and timely delivery at every stage of the supply chain.

As a manufacturer, we employ modern production techniques and strict quality controls to ensure every batch of product meets our rigorous standards. As a retailer and wholesaler, we cater to a diverse clientele — from individual households to bulk buyers, offering customizable packaging and pricing solutions to suit different needs.

Liqwash takes pride in its customer-centric approach, building long-term relationships through transparent practices, consistent quality, and responsive service. We are committed to continual innovation, sustainability, and cleanliness — values that form the core of our brand identity.
