Delivering Kid-Powered Play for over 45 Years!

For children of all ages, learning through play is a vital component of their cognitive, motor and social-emotional development. Play with Discovery Toys products provides children with the fundamental skills, intrinsic motivation and passion for learning success in their school years and beyond.

These pages feature our top-selling Discovery Toys branded learning-through-play products across all ages. You can find many more toys, games and books on your DT Play Advisor's website.

- Our independent Play Advisors can help you find the right toys at the right time for the children in your life.

Helping Children with Autism & Special Needs

Discovery Toys has been especially favored for many years by parents, educators and therapists for children with Autism. To help select the most appropriate toys for each child, Discovery Toys identifies the following commonly shared learning benefits. Nearly every one of our toys has one or more Autism Symbols corresponding with the specific learning benefits supported by that toy.

- a** Toys to develop play with limited instruction
- b** Toys that promote sustained engagement
- c** Toys that build skills for cooperative play
- d** Toys that create opportunities for children to talk about their play experience
- e** Toys that require completion
- f** Toys that encourage pretend play

For a more comprehensive list of toy recommendations for children with Autism or other Special Needs, please consult with your local DT Play Advisor or see our Autism or Special Needs Toy Charts.

NOTE: Books and Toys marked with an asterisk are covered by a 30 day guarantee. Actual colors may vary from the photos in these pages.

Think It Through

LEARNING TILES

The Fun Way to Learn!

With the Think It Through Learning Tiles hands-on learning system, children from 5 years through early Elementary School years can learn and practice skills in language arts and math at their own level and pace. The self-correcting format allows them to make mistakes without fear of embarrassment, building self-confidence and the desire to learn.

Answer questions by inserting the activity card and placing the 10 tiles correctly in the case.

When finished, flip the case to see if the tile pattern matches the card.
