**Empowering Connections
for Lasting Impact**

Come meet your best customers.

Join us as at the 2025 International Clinical & Scientific Congress for Restorative Reproductive Medicine (RRM Congress)

Become an official sponsor or exhibitor.

Are you ready to connect with a dedicated community of clinicians and healthcare professionals who are looking for innovative solutions in women's and men's reproductive healthcare?

With seven unopposed hours over two days, you'll have the opportunity to connect with your ideal customers as they gather at the 2025 RRM Congress to exchange scientific findings and clinical best practices in restorative reproductive medicine (RRM).

Our clinician network has recommended your brand for its efficacy and reliability, making it one of a select number of brands invited to engage with Congress delegates as a sponsor or exhibitor. We are offering an incredible opportunity for you to showcase how your solutions address reproductive health issues—both in person to Congress delegates and through our extended digital marketing platform, which reaches thousands more clinicians and allied health professionals.

This package outlines the sponsorship and exhibition opportunities available at this year's 21st Annual RRM Congress. If aligning your brand with a forward-thinking community of medical professionals to advance reproductive health aligns with your goals, we would be delighted to explore the ideal fit for you.

2025 IRRM Congress Offers

2023 Lisbon Congress Attendees

- Clinicians
- Allied Health Professional
- Student
- PhDs/Researchers

Targeted Engagement: Joining in-person & online, hundreds of clinicians from 48 countries attend the RRM Congress. This year promises to be our most expansive yet.

Right Time: Build relationships with seven unopposed hours during our 2-day Congress with direct access to restorative reproductive medicine (RRM) clinicians who see your product as critical to their patient's care.

Extend Your Reach: Your sponsorship includes a digital marketing & acknowledgment reach across IIRRM's platforms to reach ~3,500 professionals in the RRM field providing ongoing visibility via socials, newsletters & website presence.

Enhanced Credibility: Sponsoring &/or Exhibiting at this celebrated event positions your brand within a trusted network, elevating both awareness & trustworthiness among RRM clinicians.

What is Restorative Reproductive Medicine (RRM)?

RRM is a medical discipline focused on identifying and treating the root cause of reproductive problems with an aim to restore and optimize the patient's health. Instead of suppressing or bypassing the problem, RRM clinicians work collaboratively with patients, using fertility or cycle charting that allows for precisely timed testing and medications.

The field of RRM is becoming increasingly credited for its contributions and publications, not only as a proven and effective option for fertility treatment but to women's health in general.

What is the International Institute for Restorative Reproductive Medicine (IIRRM)?

The only international institute uniting RRM providers & researchers around the globe, who share a common belief that patients deserve scientifically-based, well-researched, reproductive health care services that cooperate with, and restore, reproductive function. IIRRM offer a registered international Charitable Incorporated Organization (CIO) and Institute based out of London, UK.

What is the International Clinical & Scientific Congress for Restorative Reproductive Medicine (RRM Congress)?

The RRM Congress is a two-day conference where medical professionals, researchers and students gather to stay current with the latest published findings and clinical trends in restorative reproductive medicine.

Two days of intense pre-conference coursework is offered along three streams in 2025, helping those practicing stay up to date in the field and providing opportunity to begin training for clinicians new to RRM.

Exhibit at the RRM Congress

Exhibiting at this year's RRM Congress will serve as an opportunity to showcase your latest technology, products, programs, and services to a targeted audience. The RRM Congress Expo connects reproductive health-focused and fem-tech companies with the medical professionals who are keen to see new products and services on the market. Your company will have a concentrated access to a group of RRM clinicians who recommend brands like yours to their patients, and this is your chance to talk to them all at once, at the lowest cost possible.

IMPORTANT: Exhibiting at the 21st Annual RRM Congress, held in Zagreb, will be on a first come first serve basis. You can purchase an exhibit booth individually or as part of a gold or sponsorship.
