Live & Learn Parent-Child Classes

The Live and Learn program is an immersive parenting education and early childhood education class series where you learn about your young child's development and best practice parenting techniques for supporting your child's growth. You will observe and participate with your newborn through preschool-aged child in activities designed specifically for your child's developmental stage by an experienced early childhood and parenting educator. These classes follow the college term calendar.

Live & Learn Parent-child classes offer:

- a place to learn more about being a parent
- a chance to get to know and grow friendships with other parents in your community
- a time for your child to learn and play with other children

Each adult must be registered to attend.

Financial aid is available through the Parenting Education Tuition Scholarship Fund from monies raised during our annual fundraiser.

Parenting Education Classes, Workshops, & Events

Linn-Benton Community College partners with the Parenting Success Network to offer classes, workshops and community events for parents/caregivers of children ages birth through teen. These offerings are **parent-only** classes unless otherwise noted, and often offer free childcare.

Parenting Classes & Workshops offer:

- a great opportunity to build community
- learn parenting strategies with other parents of children in the similar age range or family situation.
- Class series vary in length from 8 to 12 weeks, meeting 1 evening per week.
- Some are in person, others are virtual.
- In-person classes often provide free child care and dinner or snacks during class sessions.

Classes are free of charge or offered at very reduced fees thanks to partnerships with other organizations and/or grants provided through the Parenting Success Network.

Live & Learn Parent-Child Classes

The following classes are for parents and primary caregivers to attend with their child. In these classes, the adults are the students and therefore must enroll as an LBCC student. Classes follow the LBCC Fall, Winter, and Spring term schedule. Enrollment in each term is designed to align with the child's **age on the first day of class.**

Live & Learn with your Baby

Your baby is born learning! Join other parents/caregivers and their babies as you learn how to support your child's emotional, physical, and intellectual development through songs, activities, and group discussions. All while building a community of support and friendships for you and your baby. Adults bringing more than one child will pay an additional lab fee of \$5 for each additional child on the first day of class to the instructor.
