# BURN X

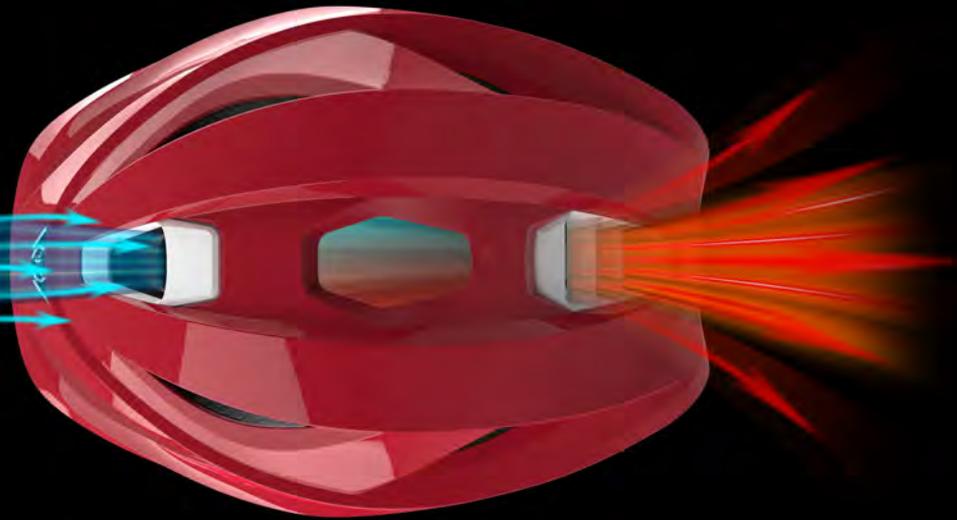

Every player deserves a helmet that not only offers unmatched protection,  
but also ensures your utmost comfort on field.

That's where the Burn X steps in...redefining comfort and performance  
with its innovative design and advanced features.

# JET

STREAM

Integrated within the helmet shell, our unique vent design and X-channel directs air flow through the helmet and around the player's head to help stay cool on the field.

## OMNISHOCK

SYSTEM

Integrated shell and liner focused impact zones on the frontal lobe, temples, and occipital are reinforced with IMPAX ABSORB Pods that defuse energy.

## CUSTOM FIT

### INSERT

Heat moldable inserts in the front and back of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape. Dialing in the perfect fit is not just about comfort, it is all Step 1 in protection

## BOA<sup>®</sup>

adaptFIT 270

Located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly. Dial in the perfect fit.

# BURN X HELMET CHROME MASK

ITEM CODE: BXHCM4 (OSZ)

COLORS: BK, WH

- Custom Fit Inserts – Heat moldable inserts in the front of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape.
- Adapfit 270 by BOA – located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly.
- Jet Stream –
- OMNISHOCK Protection System with IMPAX – a holistic approach to head protection focused on safety first. All shell and liner compositions are integrated by design. Focused impact zones on the frontal lobe, temples and occipital are reinforced with IMPAX absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The diffusion of force through the helmet is not one materials full responsibility. The Burn X shell and EPP are the core of safety forming a lightweight barrier that provides protection against catastrophic injury. The IMPAX soft touch foam shield and the ABSORB pods are special elements designed for specific small and large impacts.
- Meets or exceeds all NOCSAE standards and is SEI certified.
- Retail Box Included.

HEAD TECHNOLOGY

Dynamic hybrid thermoplastic which increases stability and consistency in various environments and conditions. Therma-Loc+ retains its stiffness properties up to 50% better than standard nylon lacrosse heads.

Thermoplastic that provides elite performance in high heat.

Bottom rail features a unique spine design that provides mesh and string protection. Allows for easy stringability and a secure pocket.

Scoop diffuser with strategically placed ridges to reduce drag on groundballs.

Advanced bottom rail allows you to knife through the ball, creating the smoothest exit on the draw.

Max design reinforces areas to dramatically increase stiffness and durability allowing players to throw Extreme check with no worries.

EVO

**CONNOR SHELLENBERGER** | NEW YORK ATLAS (PLL)

**NEW**  
**EVO V**

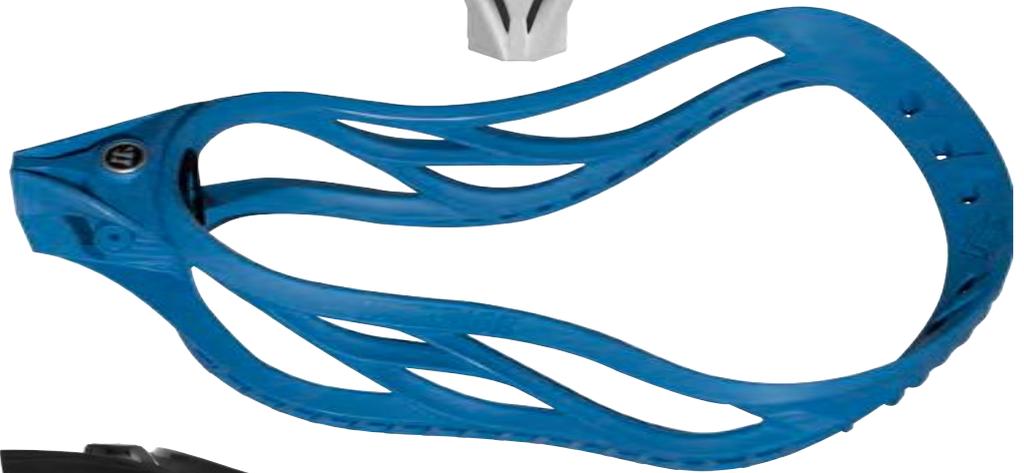

ITEM CODE: EVUH5 (UNSTRUNG)  
COLORS: WH (WHITE), BL (BLUE), BK (BLACK)

- Engineered for versatility, the Evo V offers seamless performance, precise control, and unmatched durability.
- Whether you're an attackman driving to the goal, a midfielder dominating both ends of the field, or a defender playing lock down D...the Evo V delivers unmatched performance in every position.
- One Head, Two Games! On the field turf or the box carpet, the Evo V is designed for dual dominance.
- Features the iconic Evo sidewall and faceshape.
- Innovative rounded scoop with diffusers enhances your play with smoother, more efficient lightning-fast ground ball pickups.
- The bottomrail string ridge protects your sidewalls from unnecessary blowouts and allows for a flawless setup.
- Greatness deserves the best!

## SHAFT TECHNOLOGY

### ALLOY SHAFT MATERIALS

#### ALCHEMY STZ

Experience the ultimate in strength, durability, and lightweight performance with our groundbreaking lacrosse shaft, expertly crafted from Scandium, Titanium, and Zinc.

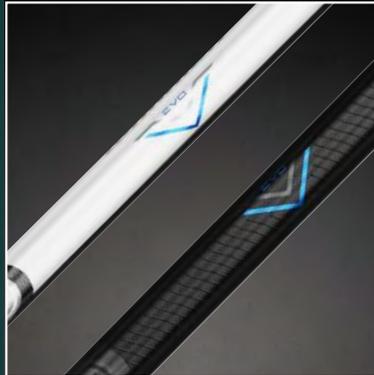

#### ALCHEMY

Performance grade 7000 alloy proves all-around lightweight performance and durability.

### CARBON SHAFT MATERIALS

#### ALLOY CORE CARBON

Perfect balance between weight and strength ratio...carbon weight with alloy flex and strength.

#### MINIMUS CARBON

Ultralight and high-strength carbon fiber is engineered with multiple layers and orientations to give strategic flex and impact performance.

#### BURN CARBON 2

Our stiffest carbon fiber layered to provide balance between weight and impact performance. Unidirectional weave, to provide balance between lightweight performance and strength.

#### CARBON LITE 2

Our most flexible carbon fiber layered to provide all-around lightweight performance and durability.

## SHAFT DIE SHAPES

CONTROL

### CONTROL DIE SHAPE

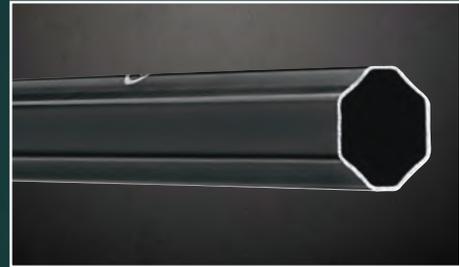

Superior stick control and yields the best strength to weight ratio in any of our materials. Featured in the new Evo handle series.

SPEED

### SPEED DIE SHAPE

Traditional shape with rounded edges makes for a softer feel and yields the lightest weight in any of our materials. Featured in the Burn handle series.

## SHAFT GRIPS

SLIDE GRIP

### SLIDE GRIP

Full length raised grip shaft that provides superior feel with less wear and tear on your gloves.

STAR MATRIX

### STAR MATRIX GRIP

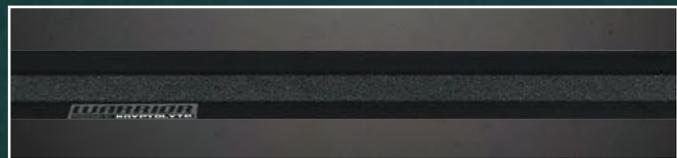

Raised grip located on key areas of the shaft for complete control and less wear and tear on your gloves.

DIAMOND

### DIAMOND GRIP

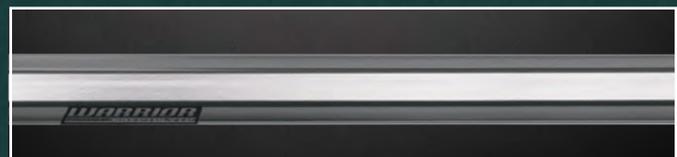

Sandblasted texture embossed directly into the handle that provides great touch, adds no weight and never wears off.

NO GRIP

### NO GRIP

Classic feel with no added textures or coatings. For players who like to add their own tape pattern, or just keep it smooth.

Built with injection molded ABS plastic, memory foam, & high-density foam for high-powered impact absorption.

#### IMPAX

High Density foam molded and segmented in key impact areas for high impact performance.

#### SINGLE DENSITY FOAM

Medium density foam provides a great balance between flexibility and impact deflection.

#### LOCK THUMB

Built with memory & HD foam for high-powered impact absorption – ABS plastic backing prevents backbend.

### BONESYSTEM

#### BONE SYSTEM

Molded PE (poly-ethylene) board layered in with other foam in key impact zones to provide improved impact performance.

#### FLOATING CUFF

Patented internal wrist cuff that is attached to the glove with small elastic straps.

#### SEI CERTIFIED STERNUM

Meets NOCSAE performance standard ND200 for Commotio Cordis.

## FIT/COMFORT TECHNOLOGY

#### JET STREAM

Integrated into the pad, our unique vent design directs air flow through the pad around the player's body to help stay cool on the field.

#### AUTHENTIC PRO PALM +

We stripped out all the additional overlays and mesh inserts, featuring AX Suede Fit which is our thinnest palm material. This palm has tons of stretch to provide a comfortable form fit, great durability, and is water resistant. Lycra gusset at base of the thumb maximizes stretch and reduces palm bunching.

#### NO-SLIP GEL PRINT

Specialized grip applied inside arm pad sleeve that reduces pads from sliding down your arm during play.

#### TOTAL FLX +

This cuff eliminates the bulk of traditional cuffs for maximum mobility and wrist rotation.

#### AUTHENTIC PRO PALM

This AX Suede Tiempo palm provides a comfortable fit. Built in AX Suede 10W overlay on index and middle finger provides maximum durability.

#### 2-TIMER STRAP

Gives players the ability to adjust both ends of the Velcro strap to provide the most ideal fit.

#### LOWPRO

Our lowest profile pad that delivers superior impact performance.

## LINER/SLEEVE TECHNOLOGY

#### WARTECH A/C

Moisture management material that is cool to the touch even on the hottest days for unbelievable comfort.

#### WARTECH

Moisture management material that helps wick moisture away from the body.

#### WARTECH FLX

2-way stretch, moisture wicking material that provides comfort & flexibility while keeping you dry.

#### FLX MESH

Breathable single stretch mesh sleeve that provides a snug fit to improve overall flexibility.

# FATBOY ALPHA ONE PRO BOX HELMET & CAGE

ITEM CODE: FBAPC9 (L, M, S) – FB ALPHA ONE PRO COMBO

HELMET SHELL COLORS: WH (WHITE), BK (BLACK)

MASK COLORS: Chrome Only

- A Warrior helmet designed for premium protection, superior fit and sleek styling.
- True One Pro Shell – A one piece high density plastic shell that provides a superior stiff, strong and lightweight barrier of advanced protection. The True One Pro shell has a distinct geometry designed to balance a slim look and provide good impact diffusion.
- OmniShock Protection System w/ Impax Foam – Focused impact zones on the frontal lobe, temples and occipital are reinforced with Impax absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The True One Pro shell and EPP is the core of safety, forming a lightweight barrier that provides protection against catastrophic injury.
- AdaptFit 270 by BOA – The AdaptFit 270 fit system is micro adjusted with a BOA dial pulling the liner to your head.
- Flow Comfort Liner and Venting - Our removable flow liner pads are treated by Polygiene. They absorb sweat, dry quickly to keep you cool and odor free. Airflow through the shell is optimized by design to keep you from overheating.

## HEAD TECHNOLOGY

**THERMA  
LOC+**

Dynamic hybrid thermoplastic which increases stability and consistency in various environments and conditions. Therma-Loc+ retains its stiffness properties up to 50% better than standard nylon lacrosse heads.

**STRATEGIC  
CORE-TECH**

Material is cored out of specific locations of the sidewall; this reduces weight while maximizing stiffness. The result is a more accurate head.

**WEB X POCKET**

Advanced design for high pocket hold and performance.

**SCOOP  
DIFFUSER**

Scoop diffuser with strategically placed ridges to reduce drag on groundballs.

- Draw. Posses. Score. Repeat.
- Built for the elite draw specialist, this lacrosse stick combines ultimate control and durability. Precision-crafted draw inserts direct the ball exactly where you want it, while the reinforced pocket strings work seamlessly with the head for unmatched ball control.
- Designed as the lightest draw-specific stick on the market, it's crafted to empower every faceoff with finesse and control. Take charge of the draw and make every play yours.
- Co- designed with top draw specialists Sammy Jo Tracy and Marie McCool
- Krown DS Carbon includes built in grip at both the top and bottom of the stick to ensure hold in every play.
- Maximum offset allows for offensive play without the need to switch sticks.
- Web-X pocket features an advanced design for high pocket hold and performance.
- Meets USA Lacrosse, NFHS & World Lacrosse specifications.

CARBON SHAFT MATERIALS

*MINIMUS CARBON*

A high strength, lightweight carbon composite weave that lends to super lightweight performance.

*CARBON*

Stiffest carbon fiber layered to provide balance between weight and impact performance. Unidirectional weave, to provide balance between lightweight performance and strength.

*COMPOSITE*

Composite handles are light weight and provide excellent feel. Brine offers a wide variety of die shapes, grips and colors.

ALLOY SHAFT MATERIALS

**POWERED BY KRYPTO-PRO**

Premium 7000 grade material, this is our lightest handle material. The manufacturing process has been refined by Warrior's top material engineers to make this the strongest and lightest of Krypto-Pro material we have developed to date.

*ALLOY 6000*

Performance grade 6000 aluminum and provides all-around lightweight performance and durability.

## SHAFT DIE SHAPES

CLASSIC OCTAGON

**CLASSIC OCTAGON**

Classic die shape provides comfort with a traditional feel.

## SHAFT GRIPS

RAISED GRIP

**RAISED GRIP**

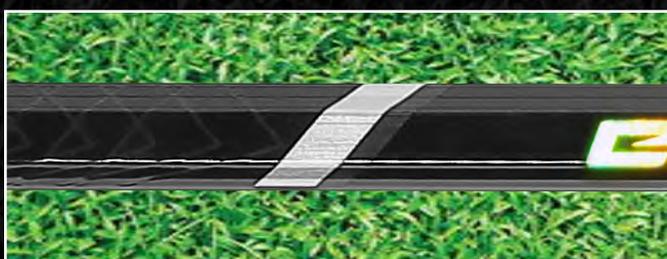

Raised grip located on key areas of the shaft for complete control and less wear and tear on your hands or gloves.

TACTICAL

**TACTICAL GRIP**

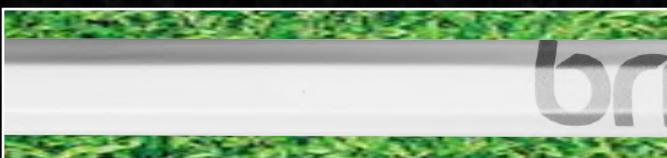

Full length raised grip shaft that provides superior feel with less wear and tear on your gloves or hands.

SOFT COAT

**SOFT COAT**

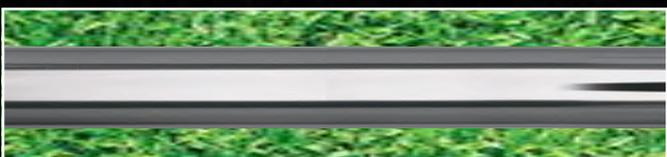

Soft-coated finish provides excellent feel and hold in all weather conditions.

NO GRIP

**NO GRIP**

Classic feel with no added textures or coatings. For players who like to add their own tape pattern, or just keep it smooth.

- Sized for the ultimate youth fit!
- Meets new SEI requirements to the ASTM F3077-21 for Women's Lacrosse standard

# FIELD GLOVE

ITEM CODE: BWFGVL4

COLORS: WH (WHITE)

SIZES: XS - L

- Full mesh backhand for breathability
- Cropped backhand for unrestricted movement
- Dual density foam covers key areas of the knuckles and backhand
- Flexible stretch and lycra mesh for comfort and fit

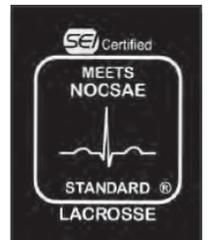

# NEMESIS CHEST PAD

ITEM CODE: NCP3

- Meets NOCSAE performance standard ND200-22 for Commotio Cordis.
- Impax foam chest plate provides enhanced impact absorption at high and low speeds.
- Customized shoulder cap positioning for enhanced protection and deflection.
- Adjustable straps system for perfect fit and comfort.

**G** GOALIE

IMPAX

# NEMESIS QS GLOVE

ITEM CODE: NQSG2 (XL, L, M)  
COLORS: WH (WHITE)

- Goalie specific glove designed to maximize feel but also provide best-in-class protection where goalies need it most.
- NEW Lock Thumb+ provides best-in-class protection, flexibility, and feel while handling your stick.
- Impax foam built in the fingers and knuckles to provide flexible high impact performance.
- Authentic Pro Palm + is a thin single layer palm construction that allows you to have max feel of your stick.
- Simplified cuff design improves range of motion and reduces bunching in the wrist area.

# NEMESIS GLOVE

ITEM CODE: NG19 (S, M, L, XL)  
COLORS: BK (BLACK), WH (WHITE)

- Designed to provide superior feel and enhanced impact performance
- Updated Lock-Thumb to provide improved flexibility and feel
- Bone System impact technology built into the knuckle area to absorb impacts
- Authentic Pro Palm is a single layer palm construction that allows you to have tremendous feel and durability

# TRIUMPH GOALIE PANTS

ITEM CODE: WGPO (XS, S, M, L, XL)

COLORS: GR (GRAY)

- Beaded foam technology helps disperse the impact of the ball and circulate air flow
- Designed to be worn under shorts
- Elastic waistband with reinforced pull loops reduce ripping
- Updated design provides ultimate comfort and flexibility
- Machine washable

# TRIUMPH GOALIE SHIN

ITEM CODE: WGSIN3 (OSFM)

COLORS: GR (GRAY)

- Flex-point hard shell plates provide maximum protection and improved comfort
- Velcro strap system provides maximum venting

# BURN X HELMET CHROME MASK

ITEM CODE: BXHCM4 (OSZ)

COLORS: BK (BLACK), WH (WHITE)

- Custom Fit Inserts – Heat moldable inserts in the front of the helmet allow for a custom fit for each individual player, providing the perfect fit no matter the head shape.
- Adaptfit 270 by BOA – located in the rear of the helmet, the BOA Closure System surrounds the head 270 degrees, giving players a custom fit helmet for safety and comfort by allowing micro-adjustability on the fly.
- Jet Stream – Integrated within the helmet shell, our unique vent design directs air flow through the helmet and around the player's head to help stay cool on the field.
- OMNISHOCK Protection System with IMPAX – a holistic approach to head protection focused on safety first. All shell and liner compositions are integrated by design. Focused impact zones on the frontal lobe, temples and occipital are reinforced with IMPAX absorb pods that diffuse energy. Impax pods absorb both linear and twisting impacts. The diffusion of force through the helmet is not one materials full responsibility. The Burn X shell and EPP are the core of safety forming a lightweight barrier that provides protection against catastrophic injury. The IMPAX soft touch foam shield and the ABSORB pods are special elements designed for specific small and large impacts.
- Meets or exceeds all NOCSAE standards and is SEI certified.
- Retail Box Included.
