HANDCRAFTED LIGHTING

2025 SPRING SUPPLEMENT

VOLO | ARPEGGIO

HONORING LIGHTING AS AN ART FORM

OUR MISSION

To create lighting and studio glass defining luxury and elegance in uniquely designed environments throughout the world.

ABOUT US

Fine Art Handcrafted Lighting is world-renowned for achieving high artistic standards in the creation of unique and original lighting designs of beautiful American studio glass, handcrafted metals and other unique materials with exquisite hand-applied finishes.

We offer a comprehensive customization program that is designed entirely around you. Whether your goal is to create unique pieces of artwork, or to modify any one of our thousands of existing products to your specifications, no custom project is too big, including site-specific custom installations. Our highly experienced and collaborative team of designers, engineers and artisans have delivered exceptional lighting solutions for some of the most beautiful and diverse commercial markets around the world.

We have made every effort to accurately represent the character of our finishes shown in this catalog, however, due to printing there may be variations. In addition, there may be variations in handmade finishes. To request a sample, please contact your Territory Manager or send an email to customerservice@finearthl.com. Fine Art Lamps®

VOLO

Volo captures the beauty of flight, the whisper of the wind, and the dance of light—an elegant expression of movement, balance, and elevation. Inspired by the graceful momentum of flight, the collection feels effortlessly weightless, with cascading geometric forms that appear to hover in midair. Each piece is crafted from exquisite studio glass in two striking textures: “hammered” rippling with bold depth and motion, and “linear” reflecting wind swept lines. Volo invites you to look upward, embrace the poetry of motion, and elevate any space with its sculptural elegance.

The collection evokes three distinct moods through its glass options: Clear, embodying the purity of open skies; Smoke, exuding moody twilight sophistication; and Amber, radiating the warmth of a setting sun. Complementing these are two refined metal finishes: Soft Gold, evoking morning light filtering through the sky, and Silver, embracing the quiet stillness of a cloudy day.

ARPEGGIO

Inspired by the soulful rhythms of jazz, Arpeggio is an improvisation of light and motion—where melody meets mastery in a chorus of visual delight. Like cascading notes, its fused glass panels create a rhythmic flow, layering clear and multi-tonal glass in a captivating harmony of texture and glow. Vintage at heart yet strikingly modern, Arpeggio brings bold artistry to any space with its layered textures and subtle Art Deco flair. Some pieces feature over 200 hand-fused glass panels, transforming each design into an elegant, illuminated composition. Here, light doesn't just shine—it swings, soars, and performs.

Arpeggio's textured studio glass comes in two compositions: Clear—sleek and romantic, like a smooth jazz ballad—and Multi-Tone—warm and smoky, reminiscent of a late-night jazz lounge. The drama intensifies with two refined finishes: Midnight Steel and Soft Gold Leaf. Together, glass and finishes move in perfect harmony—a visual symphony of art and motion.
