OVERVIEW

Trail-Ready Capability

The 2026 Passport is more rugged and capable with a 285-horsepower V-6 engine and 10-speed transmission to help navigate tough terrain. The off-road tuned suspension and second generation i-VTM4[®] AWD system provide uncompromising stability and performance.

OVERVIEW

Our Most Rugged SUV Yet

The redesigned Honda Passport features rugged styling and off-road capabilities, making it the ultimate adventure companion. Its spacious cabin offers ample room for your gear, ensuring you're ready to conquer most any terrain with confidence.

OVERVIEW

Seamless Connectivity

Enjoy the convenience of advanced technology in the Passport. Standard features like Google built-in™, wireless smartphone compatibility, and Wi-Fi® hotspot* capability keep you connected, no matter where the road leads.
