Discover why Flotek is the smarter Cloud partner for your business.

Our reason why...

Ensuring our customers stay continuously connected through secure and cutting-edge technology solutions.

Dedicated Team

With regional offices in the South West UK – our team are on hand to help you stay connected & secure across all our technologies.

Employee Led

Every employee shares ownership across our entire group, fostering a culture of collective investment and shared success.

Tech Partners

Working and collaborating with the worlds market leading manufacturers to keep ahead of our competition.

Internet

An Internet Service Provider offering reliable connectivity with the option of an on-net 5G backup for uninterrupted service.

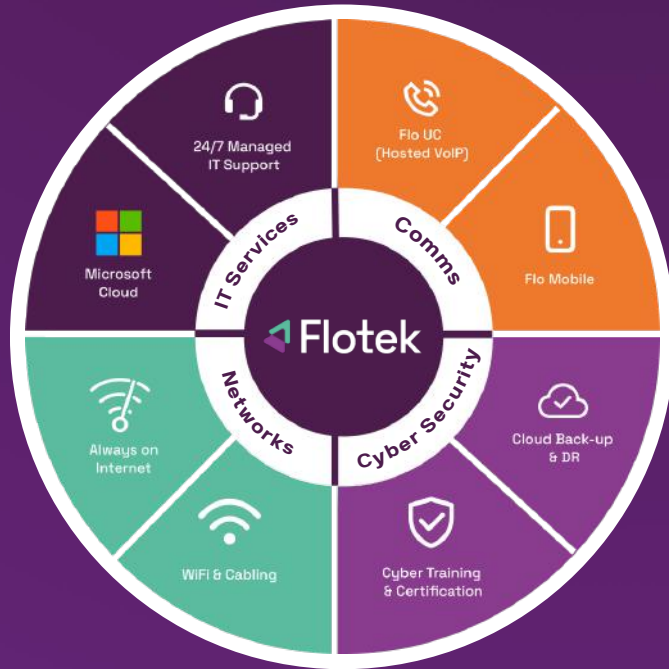

Microsoft Cloud Partner

Driving customers towards cloud solutions using Azure, focusing on modern work practices and robust security measures.

What We Do

Bringing Technology Together.

At last, an IT & Comms service provider taking SMEs to the Cloud with confidence, clarity and clout.

Thanks to our range of innovative, cost-effective, tried & tested solutions that ensure your tech, team and data are always on, always secure and always together, wherever they are.

Our Promise

Always On.

Wherever your team is at, wherever you do business; staying connected with unfaltering internet back-up to boot is mission-critical for businesses whatever their size.

Always By Your Side.

Innovative, cost-effective, tried & tested solutions, not to mention our friendly and experienced team always on-hand to ensure you're right where you need to be.

Always Secure.

Flotek's got cyber sussed, with the highest security baked-in to all our products and best practice strategies putting the right defences in place for when it happens.

Always Giving Back.

From rewarding our loyal customers, to promoting well-being and supporting charitable causes, every product and service we offer is delivered with expertise, passion and heart.
