Our Brands

Foodservice, Industrial & Food to Go

Bringing new products and ideas to our ranges each year...

Diggers®

Diggers is a leader in coated poultry and we have extended the range to include products such as wraps, coated vegetables and finger food.

Diggers has become one of the leading brands in the foodservice sector. We have found that our unique take on already popular products, both in terms of taste and packaging has been essential to the brand's growth.

Seafeast

An Ocean Of Flavour

An extensive range of carefully selected fish and seafood products. Reliability, innovation and quality are consistently at the forefront of the brand.

Seafeast offers a selection of high quality seafood products for the retail, foodservice and industrial sectors. With sustainability in mind, we constantly develop innovative solutions for these sectors, through monitoring consumer trends in national and international markets.

Farm Range offers premium pork and poultry products for the retail and foodservice sectors.

Its surge in popularity is the perfect example of our ability to revive a stagnant market. With our flavouring know-how, consumer friendly packaging and by working closely with our customers, we have consistently delivered best-selling products to the market.

Designed for the foodservice and industrial sectors, our Mediterani range is the home for some of our most interesting takes on continental dishes and ingredients.

With staff and trusted suppliers dotted around the world, not only do we provide key elements of dishes – such as cheeses, olive oils, roasted vegetables, tuna etc. – but also new ideas which can help chefs create the most attractive modern cuisine.
