## Discover the Ultimate Conservation Adventure!

Bokbaai Conservation Area is a stunning coastal gem situated on South Africa's West Coast, known for its unique coastal dune ecosystems, indigenous vegetation, and rich biodiversity. Bokbaai offers students the chance to connect with nature through hands-on experiences in conservation. The seaside location provides a learning platform to explore habitats such as wetlands, rocky shores, and sand dunes—all while fostering environmental stewardship.

At Bokbaai, students will immerse themselves in the beauty of nature and discover how coastal ecosystems play a crucial role in South Africa's environmental health. This camp is ideal for schools looking to combine outdoor adventure with environmental education.

**IN-SCHOOL ACTIVITIES • OVERNIGHT CAMPS • EXCURSIONS**

## SAFETY AND SECURITY AT BOKBAAI

**Ensuring the safety and security of all students is our top priority at Bokbaai Conservation Area. Here's how we keep everyone safe:**

- 24-hour on-site security to monitor the camp and control access to restricted areas.
- Clearly defined boundaries to ensure students stay within safe zones.
- A high staff-to-student ratio to maintain supervision at all times during activities and free time.

## MEALS AND CATERING

**Our meal service at Bokbaai ensures that all students stay well-fed and energized:**

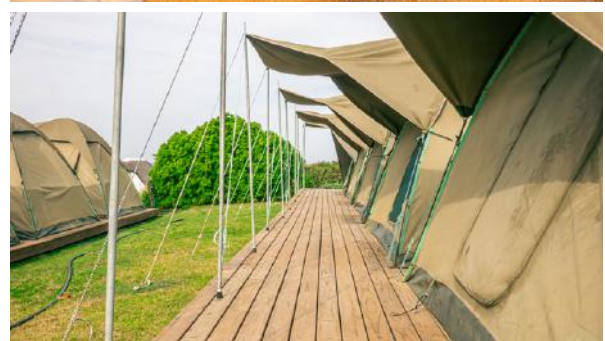

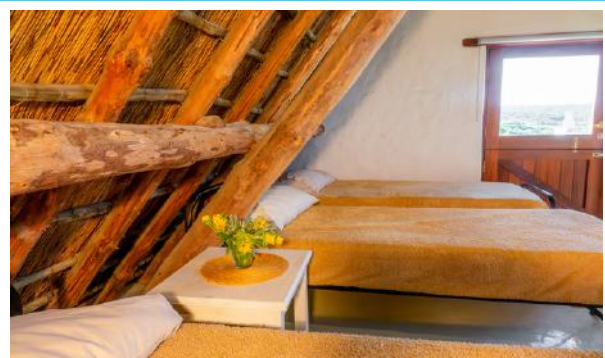

- Nutritious meals are prepared on-site and served in the camp's dining area. All meals cater to common dietary restrictions.
- Beverages and snacks are provided throughout the day to ensure hydration and energy for all activities.
- Please inform us of any dietary requirements during the booking process to accommodate special needs.

## ACCOMMODATIONS AT BOKBAAI

**At Bokbaai, our accommodations are designed to provide a comfortable and secure environment:**

- Separate sleeping areas for boys and girls, ensuring privacy and comfort.
- Teachers are housed nearby, allowing easy supervision and assistance when needed.
- The student dorms are cozy and located in close proximity to the main activity areas, minimizing the risk of students wandering off.

## EDUCATIONAL PROGRAMS AT BOKBAAI

### **Bokbaai Conservation Area offers an ideal environment for outdoor learning:**

- Students will participate in interactive workshops that explore coastal habitats, West Coast biodiversity, and human impacts on these ecosystems.
- Hands-on conservation education includes beach clean-ups, plant identification, and learning about local endangered species.
- All activities align with the curriculum, providing relevant conservation knowledge that complements schoolwork. Our programs promote environmental responsibility and sustainable practices.

## ADDITIONAL AMENITIES AT BOKBAAI

**Bokbaai offers immersive experiences with state-of-the-art microscopes in modern classrooms equipped with advanced technology, including projectors. Our facilities are designed to enhance learning and engagement.**

- Indoor activity areas ensure that camp programs continue regardless of weather conditions.
- Recreational spaces for outdoor activities such as team-building exercises, sports, and nature walks.
- First-aid facilities are on-site, with staff trained to handle any medical issues that arise during the camp.

## NOT A SCHOOL?

**Book an overnight camp or excursion for your Eco-club, Scout/Cub, or youth group.**

## BOOK YOUR BOKBAAI ADVENTURE

**BOOK NOW**

### **Want a More Long-Term Plan for Your Students?**

- Bokbaai Conservation Area offers a fantastic starting point for your students to explore nature and conservation, but why stop there? Nature Connect's Sustainable Schools Programme provides schools with the opportunity to take their environmental efforts to the next level.
- This programme empowers both students and educators to create meaningful, long-term sustainability goals, with hands-on projects that make a real impact on their communities and the planet.
- Schools can become part of a growing network committed to sustainable development, where they receive curriculum-aligned resources, professional development workshops, and community support. Your school can develop an environmental management plan tailored to your specific needs and resources.
