HOSTED TOUR

BY CROYDON TRAVEL

“WATAWIEH!”

“Hello!”

Norfolk Island is a small island in the South Pacific Ocean. It uniquely blends natural beauty, rich history, and a distinct culture. Norfolk Island has a fascinating history. It was first settled by Polynesians, but it gained more prominence when the British claimed it in the late 18th century.

It was established as a penal colony in 1788, primarily for convicts who had committed serious crimes. In the 1850s, the penal settlement was closed, and the island became home to descendants of the Bounty mutineers, known as the Pitcairn Islanders. The culture of Norfolk Island is influenced by its Polynesian heritage, British colonization, and the unique history of the Pitcairn Islanders. The island has its dialect, known as Norf'k, which is derived from 18th-century English and Tahitian. The local community is known for its friendliness and hospitality.

Jamie Davison
Owner & Managing Director

After the success of our inaugural Norfolk Island-hosted tour in 2025, I'm delighted to confirm we're doing it again in 2026.

The feedback from our first group was incredible. A big part of that was thanks to Jacinta, whose warmth and experience made the journey truly special.

We've kept the same relaxed 10-day format and limited group size, so you can expect the same level of care and connection our tours are known for. And you'll be in the capable hands of Jacinta, who knows this destination better than anyone.

If you're considering Norfolk Island, I can't recommend it highly enough.

Meet Your Host

JACINTA ANDERSON

Senior Travel Advisor

Hi, I'm Jacinta. I have over 30 years of experience in the travel industry and have had the pleasure of escorting tours to Norfolk Island many times over the years. It's one of my favourite places to visit, and I'm excited to show you the stunning scenery, rich history, and warm hospitality of the locals.

Guiding our 2025 group around Norfolk Island was an absolute joy. Watching guests wander the convict ruins at their own pace, tuck into a sunset fish-fry, or sneak in a cheeky round of golf reminded me why this island is so special.

But what truly stood out was the group itself. Everyone clicked. New friendships were formed, laughter was shared, and it felt like a group of old friends rather than strangers. This special connection is what small group hosted touring is all about.

Many of you asked for an encore, so I'm thrilled to say we're doing it all again in 2026—same relaxed rhythm, same friendly Croydon Travel support.

I can't wait to share Norfolk's stories (and maybe a few local secrets) with the next group.

— Jacinta
