

MID-YEAR MARKET REPORT

for MAPLEWOOD, NEW JERSEY | 2024

COMPASS

HOW'S THE REAL ESTATE MARKET?

As leading local realtors, we field this question daily from people who want to understand the value of what is likely their largest investment. We've crafted this mid-year real estate market review exclusively for you, aiming to provide valuable insights. Despite interest rates holding steady around 7%, our area continues to experience surging home prices driven by high demand and scarce inventory.

Whether you're contemplating a move currently or planning for the future, count on us as your resource for all things local real estate. With over 20 years of combined experience and an impressive track record of 500+ 5-star reviews from local buyers and sellers, rest assured, we're equipped to deliver unmatched guidance and expertise. Let's navigate this dynamic market together—reach out to us today!
