

HOME CREATIONS WINDOWS & DOORS

Abbey & Burton Glass

Est. 1972

For over 50 years, we've helped homeowners enhance their homes with expertly crafted windows and doors. Blending modern design with trusted craftsmanship, our products deliver style, comfort and security that lasts. From classic casement windows to contemporary glazing, every installation reflects our commitment to quality and a reputation you can trust.

CASEMENT WINDOWS

Designed to complement your home beautifully, options include mock horns, Georgian bars, and a curated selection of colours and authentic wood effect finishes, allowing you to achieve a tailored look with enduring quality.

Please note: All images are for illustrative purposes only

Our most sought after design, the casement window offers timeless elegance and exceptional versatility. With a wide choice of styles, finishes, and configurations, it provides a refined solution for both traditional and contemporary homes. Energy efficient glazing and our advanced Q Lon weather seal ensure lasting comfort, performance, and reliability.

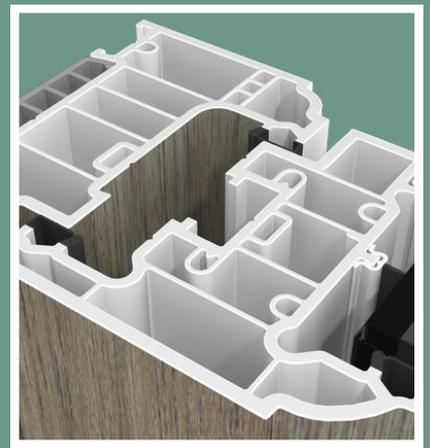

**SAVE ENERGY.
REDUCE COSTS.**

Upgrading from older or single glazed windows to modern energy efficient designs can help reduce wasted home energy by up to **20%**, keeping your home more comfortable all year round.

Flush casement windows combine the timeless beauty of traditional heritage design with the performance of modern engineering.

Perfect for everything from classic country homes to contemporary city spaces, their sleek, seamless finish adds understated elegance to any property.

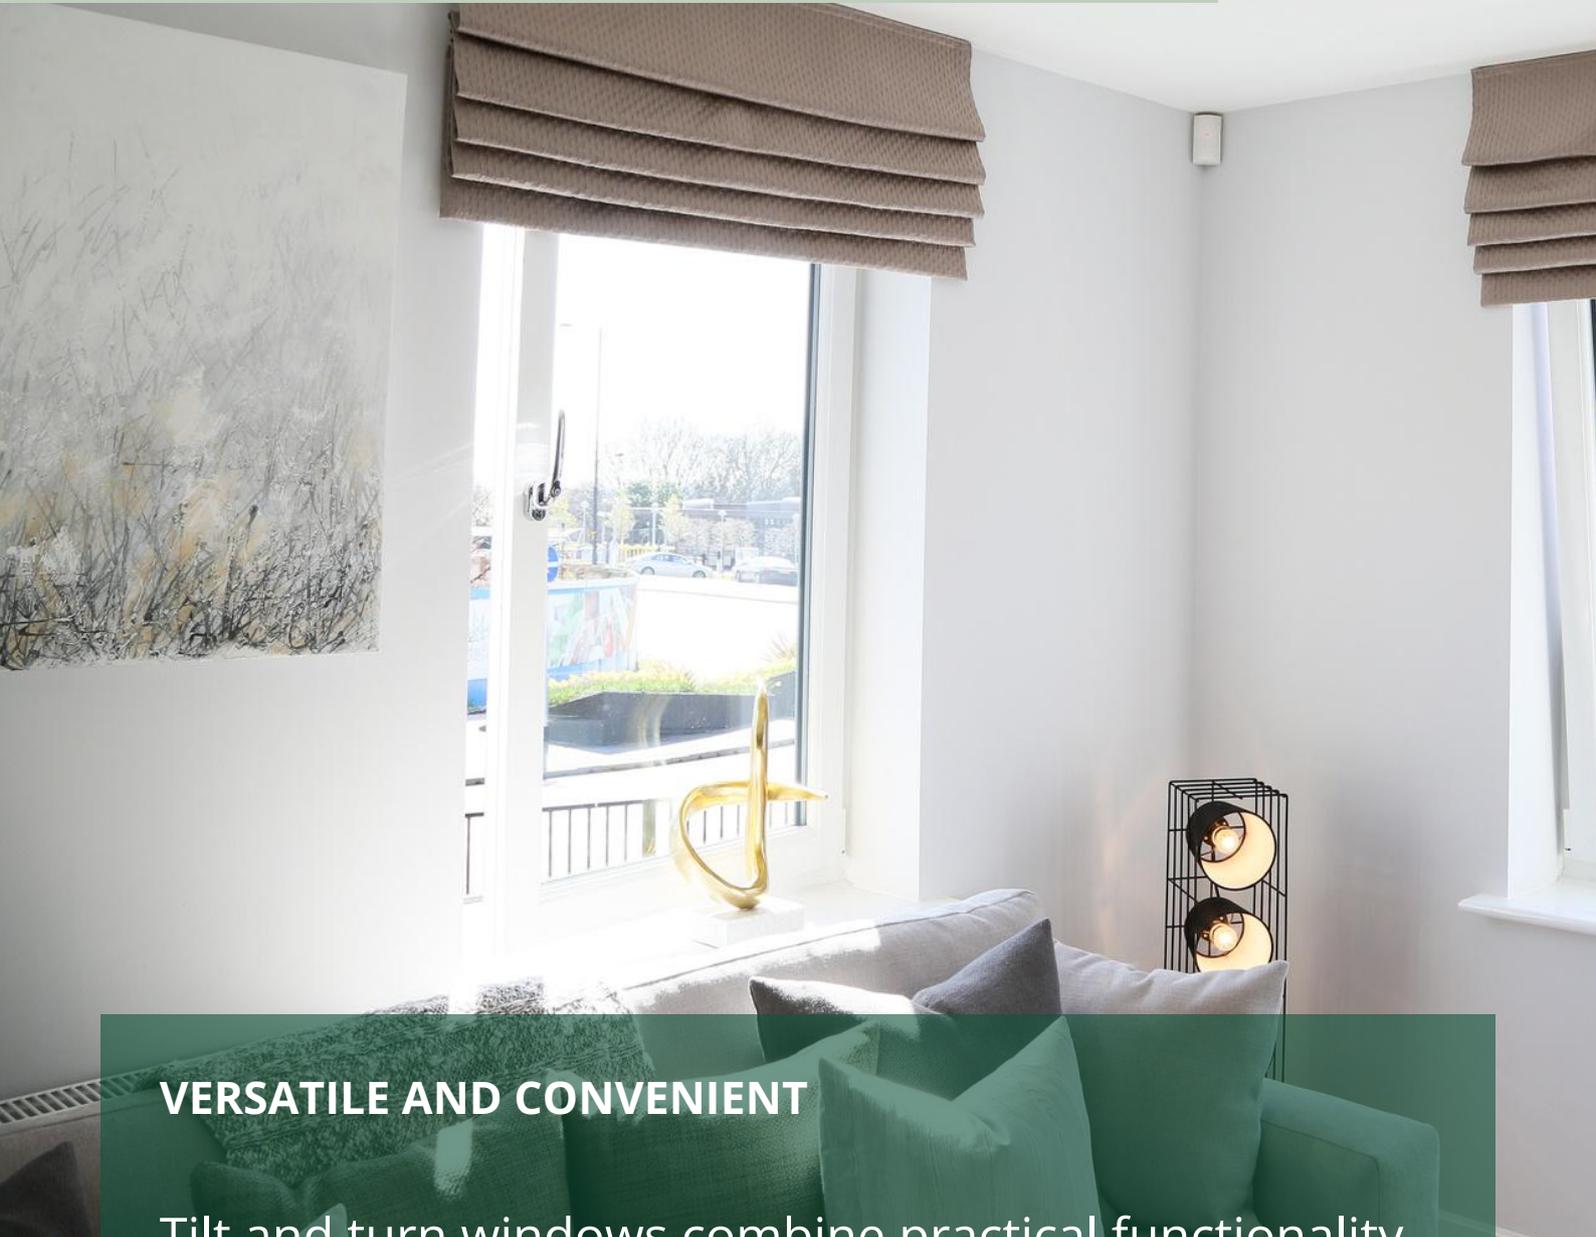

FLUSH WINDOWS

Crafted to replicate the refined look of timber without the maintenance or drawbacks, these windows feature a true flush finish and perfectly balanced sightlines for a clean, symmetrical appearance.

Optional mechanical joints enhance the authentic detailing, creating a window that feels classic, refined, and effortlessly flawless.

Please note: All images are for illustrative purposes only

TILT AND TURN WINDOWS

VERSATILE AND CONVENIENT

Tilt and turn windows combine practical functionality with a clean, modern look. Designed to provide larger opening areas, they allow for excellent ventilation and can be used as safe fire-escape openings where required offering flexibility, safety, and everyday convenience in one elegant solution.

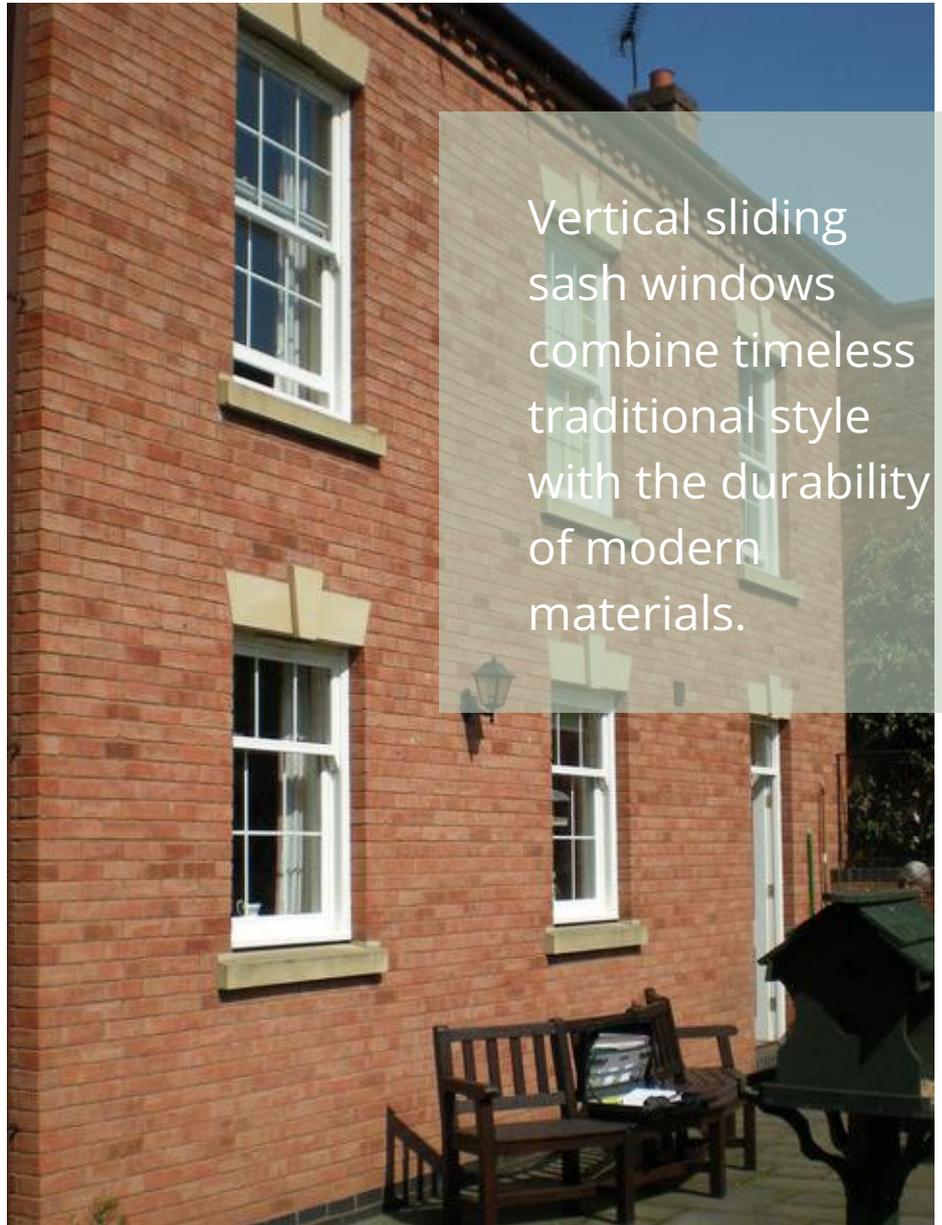

Ideal for modern living, they can also be incorporated into bay and bow window styles and are available in a wide range of colours, wood-effect finishes, and decorative glazing options, combining practicality with refined, elegant design.

Tilt and turn windows offer versatile functionality with a clean, contemporary design. Tilt the sash inward for secure ventilation, or open it fully for easy access and effortless cleaning from inside your home.

VERTICAL SLIDE WINDOWS

Ideal for replacing traditional timber sash windows in period properties or adding classic character to modern homes, vertical sliders preserve the authentic look you love while benefiting from the strength, efficiency, and low maintenance of advanced PVCu systems.

Vertical sliding sash windows combine timeless traditional style with the durability of modern materials.

Manufactured from high-quality PVCu, they are strong, low-maintenance, and resistant to rot, warping, and repainting. Keeping their colour, shape, and elegance for years to come.

BAY WINDOWS

Designed to preserve the traditional character of your home, bay windows extend outward to create additional space while inviting an abundance of natural light into your room.

BOW WINDOWS

Our bow windows create the illusion of space and depth by allowing more light into your home without the need for additional building work.

BAY AND BOW WINDOWS

Elegant, durable and highly versatile, our bay and bow windows complement both classic and contemporary homes while creating a sense of space, light and architectural character within your property.

FULLY INTERNALLY GLAZED ALUMINIUM WINDOWS

A Choice Of 3 Outer Frames

In a choice of 'flush' and 'standard' styles, enables Prestige to accommodate a wide variety of installation situations and plaster reveals

An evolution of our traditional corner cleat system, our patented T-cleats allow for the manufacture of reverse butt-jointed windows, delivering a clean and refined finish.

Our Z Transom system enables fully internally glazed window configurations, allowing fixed panels to sit seamlessly alongside opening vents.

ALUMINIUM WINDOWS

Aluminium Windows designed for strength, security and streamlined aesthetics.

DESIGN FEATURES & FINISHING OPTIONS

ASTRAGAL BAR

Offers a traditional finish by planting shaped bars on top of the glass panes thus creating depth to the design and the look of individual glass units.

GEORGIAN BARS

Allows you to tailor your window glazing to create a personal finish for your home. This is achieved by inserting a shaped bar in between the glass panes

MOCK HORN

Our mock horn feature enhances the aesthetics of your windows by achieving the appearance of a traditional vertical slider.

STEP SIGHTLINE

Standard PVCu configurations are supplied in stepped sightlines when dummy sashes are not incorporated.

TOP OVER FIX

A traditional style casement that complements most house types and provides safe and secure ventilation.

MULTI CONFIGURED STYLE PVCu

windows allow a multitude of configurations to be created to suit any application

EQUAL SIGHTLINE

Dummy sashes allow equal window sightlines that are more common with timber windows. Available within our PVCu range.

BESPOKE DOORS

The right front door creates a lasting first impression and sets the tone for your home. Patio, French and bi fold doors are ideal for opening up your living space and bringing the outdoors in with style and ease.

We offer a wide choice of designs and finishes, from PVCu to composite doors, ranging from clean glazed styles to more decorative options with elegant glass and panel detailing.

ABBEY IS HERE TO
INSPIRE YOU ON YOUR
JOURNEY TO CREATE
YOUR..

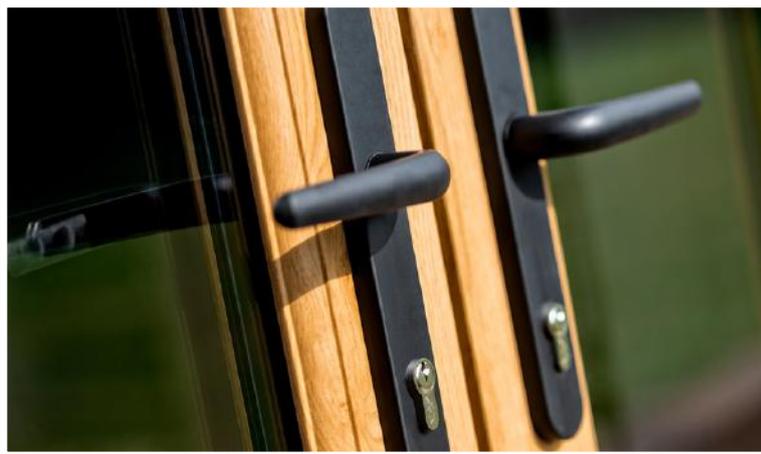

DREAM HOME !

Our composite doors combine modern performance with timeless design to enhance the character of your home. Available in a wide range of styles, colours and glazing options, they offer the perfect balance of durability, security and visual appeal.

FRENCH DOORS

Open up your home with elegant French doors that invite the garden, terrace or balcony inside.

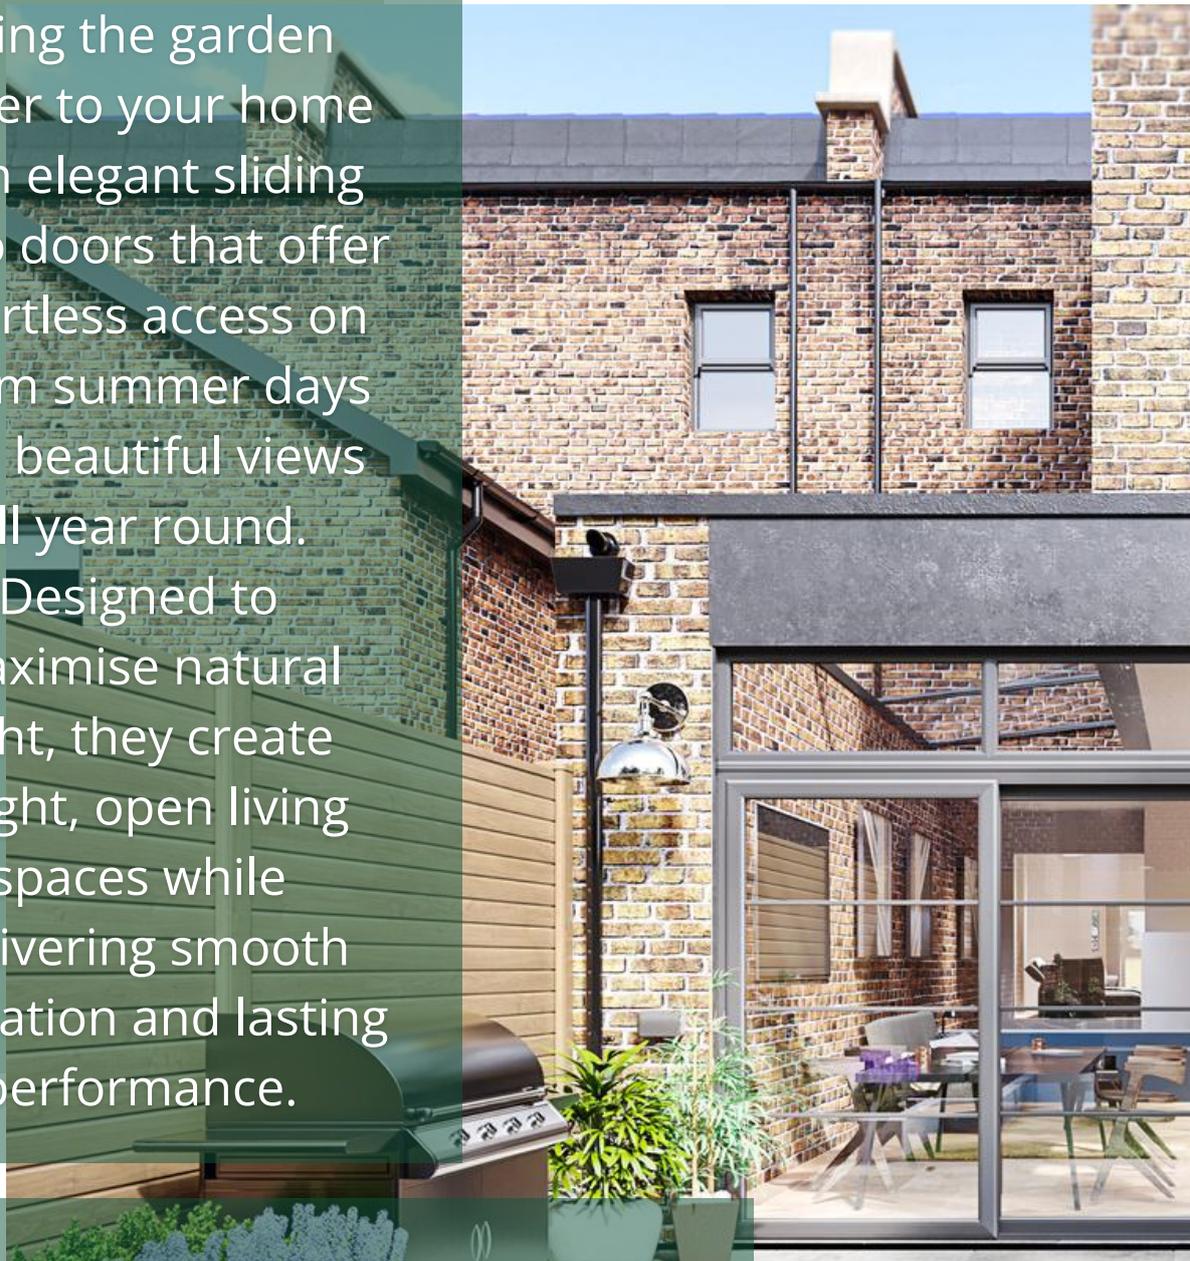

Perfect for kitchens, lounges and dining areas, they bring in light and fresh air while creating a seamless connection to the outdoors. Available in a range of styles, colours and finishes to complement any home beautifully.

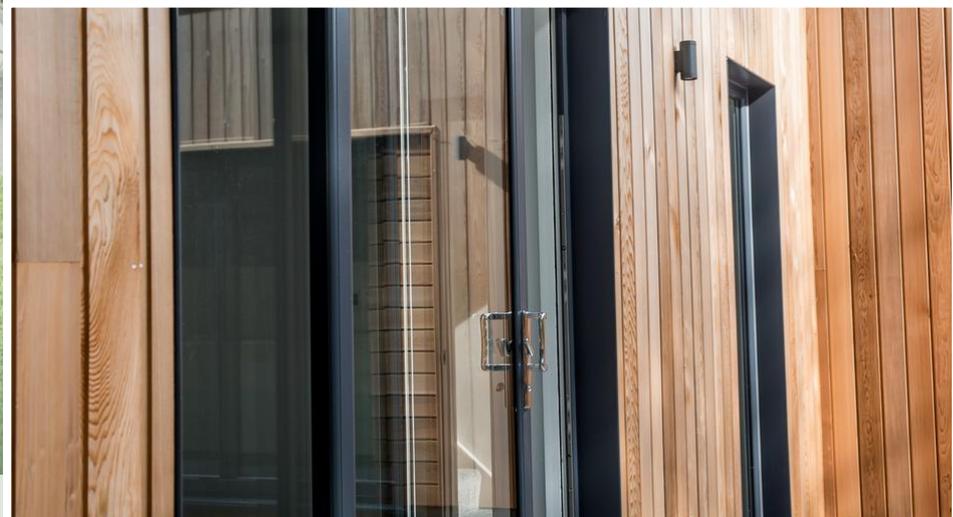

Please note: All images are for illustrative purposes only

Bring the garden closer to your home with elegant sliding patio doors that offer effortless access on warm summer days and beautiful views all year round.

Designed to maximise natural light, they create bright, open living spaces while delivering smooth operation and lasting performance.

PATIO DOORS

ALUMINIUM BI-FOLDING DOORS

Bi fold doors glide open to **seamlessly connect** your indoor and outdoor spaces, filling your home with natural light and fresh air.

Please note: All images are for illustrative purposes only

Designed for flexibility, they can be fully opened, partially stacked or closed to suit your space and the changing seasons. Stylish, versatile and space enhancing, our bi fold doors are an ideal upgrade from traditional patio or French doors, transforming any room with a brighter, more open feel.

Transform the way you live with our **stylish and secure** bi fold doors, designed to create a true wow factor in any home.

PVCU BI-FOLDING DOORS

Designed to inspire beautiful homes, crafted to last for years to come

Available in aluminium or PVCu, their slim sightlines and expansive glazed panels flood interiors with natural light while opening up your living space beautifully.

Please note: All images are for illustrative purposes only

The Glass and Glazing Federation calculates that if all UK replacement windows installed were B and C rated, each household could save the energy equivalent to making 34,000 cups of tea! All our energy efficient windows achieve C rated or better energy efficiency. Put simply, they're the most energy efficient windows your money can buy. Decide what A, B or C rated performance you want; we'll do the rest.

Windows crafted for outstanding performance and lasting quality

REDUCE WASTED ENERGY. CUT BILLS.

Upgrading from single glazed or older double glazed windows can help lower heating costs by up to 20 percent, improving comfort while reducing energy loss from your home. The thermal images below highlight the difference energy efficient windows can make, with older windows showing visible heat loss, while modern high performance glazing helps retain warmth where it belongs.

Below: The images show the difference energy efficient windows can make. The right side with original windows shows visible heat loss, while the left side with modern glazing retains warmth far more effectively.

REDUCE CONDENSATION AND NOISE

Warmer glass edges 3 to 4°C higher help cut condensation by up to 80 percent, while high performance double glazing reduces outside noise for a quieter home.

ENERGY EFFICIENT WINDOWS AT THE RIGHT PRICE

Our high performance window system combines quality glazing with advanced warm edge spacer technology for improved efficiency. Featuring multi chamber profiles, Q Lon weather seals, high security locking and stainless steel hinges, every window is designed for lasting performance, security and value.

MAKE MORE OF AMBIENT HEAT

Our energy efficient glazing helps retain warmth during winter while making the most of natural solar heat, improving comfort and reducing energy use compared to single glazed homes.
