# CASTLE PARTY

## PRODUCT INFO

Every year the **Pumpkin King** invites us to his castle to celebrate a fall festival in his honor. **Castle Party** is the wildest bash, without a doubt the must-attend event for any A-level monster in the world of nightmares. You definitely don't want to miss it!

This is a **"flip and write"** game, which means we'll take cards and then draw shapes on a dry-erase board. The first player **reveals a card with a shape on it** and each player then places a monster card until the monsters form the shape. Finally, according to the player's position at the table, everyone draws monster symbols on their individual castle whiteboards, trying to group the monsters together to get the most points.

# COCKROACH POKER

## COCKROACH POKER

SKU: DEVCOCKROACHEN

### PRODUCT INFO

Back by popular demand! Devir Games is thrilled to announce the return of **Cockroach Poker** to the U.S. market. With hundreds of thousands of units sold worldwide and multiple awards won, **Cockroach Poker** is sure to be a success in your store.

**Cockroach Poker** is a reverse set collection game that has nothing to do with poker – except that the game is all about bluffing, with cards that show cockroaches, rats and stink bugs. The goal is to force another player to collect 4 of any one type of critter. The tension builds as players peek at the card in front of them and declare what kind of critter is on the card. The person to their left receives the card and has to decide...are they telling the truth or bluffing?

## THE COLOR MONSTER

SKU: DEVTM

### PRODUCT INFO

The monster is confused. He doesn't understand his feelings. Luckily, his friend, a little girl, can teach him how to sort out how he feels! This is a children's game in which the players find colors that represent different feelings (calm, anger, fear, sadness...) and need to find where to keep them. They try to choose the object that can hold the feeling they've found, and then talk about a situation where they have felt that feeling before.
