

# HEDGE

The most versatile way to define your space.

LOFTWALL

Hedge redefines flexible office furniture with a first-of-its-kind use of acoustic PET. It's more than just a space divider – Hedge is part storage, part media center, part sound absorption, and part room divider. Designed for dynamic environments, with Hedge, reconfiguring your space is a walk in the park.

- Grade A

### DESIGN FEATURES

Hedge combines flexibility and functionality for modern workspaces. Its acoustic PET panels reduce noise, while its mobility allows for easy reconfiguration. With storage and media capabilities built in, Hedge is so much more than an acoustic divider.

- **Sound-Absorbing:** Built with acoustic PET for better noise control.
- **Quick Mobility:** Casters on every Hedge make reconfiguration simple.
- **Easy Storage:** Magnetic doors offer seamless organization.
- **Media-Ready:** Optional TV mounts and wire management included.

## WHERE NATURE MEETS PRODUCTIVITY

Inspired by garden hedges, Hedge introduces natural space division into modern offices. It encourages biophilic design to create calm, organized, and productive environments.

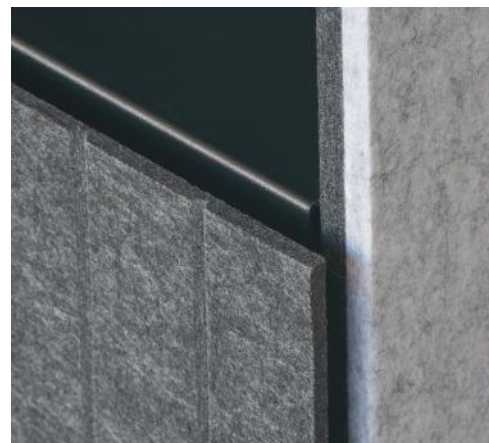

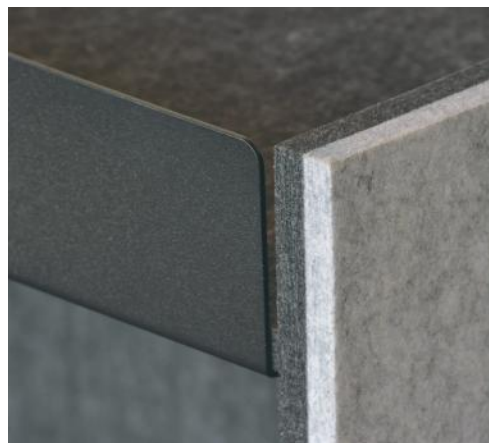

- Garden-inspired for natural space division.
- Biophilic design connects the indoors with nature.
- Creates a calming, organized workspace.

## ENVIRONMENTALLY FRIENDLY FEATURES

Hedge's structure is primarily made from recycled PET, offering sustainable sound absorption while reducing environmental impact.

- **Recycled PET Panels:** Made from post-consumer plastics.
- **Acoustic Benefits:** Absorbs noise and supports eco-friendly design.
- **Sustainable Design:** Built for greener workspaces.

## MULTIPLY YOUR SPACE

With Hedge, the more units you add, the more adaptable your space becomes. Hedge's modular design lets you define, reconfigure, and evolve your office layout with ease, supporting various functions and activities.

- **Private Workstations:** Line up Hedge units for quiet, individual spaces.
- **Collaboration Hubs:** Cluster units to create team-friendly areas.
- **Breakout Zones:** Section off relaxed spaces for quick meetings or focused work.
