EMBARK

BY BARCLAY BUTERA

Discover the allure of far-off lands with the Embark Collection by Barclay Butera, a stunning lighting series inspired by Barclay Butera's travel to some of the world's most exotic and breathtaking destinations. From the sun-soaked coasts of Morocco to the cliffside vistas of Santorini and the timeless charm of the Amalfi Coast, each piece in this collection carries the essence of these locales, blending global elegance with modern craftsmanship. Immerse yourself in Butera's vision within the Embark Collection—a celebration of light, texture, and the beauty of travel—where each fixture transforms your space into a journey of waves, sails, and the allure of distant shores.

Stunning shapes are created through two different processes with studio glass in Miami, Florida: blown glass waves, and kiln-formed sails. In three distinct colors: crisp clear glass for a contemporary, clean aesthetic, warm amber hues that evoke a moody atmosphere, and cool blue tones reminiscent of the sea, paying homage to a maritime style. Offered in three stunning finishes Standard Gold Leaf, Standard Silver Leaf, and white lacquer.

OUR STUDIO GLASS IS INDIVIDUALLY HANDMADE.

In all studio glass, slight variations in shape, size, markings, and bubbles are inherited in the process and are the characteristics that distinguish handmade studio glass from mass produced glass work.
