Height-adjustable Desks

Specification

BISLEY

Our selection of height adjustable desks and accessories combine ergonomic comfort with genuine flexibility, meaning you can work in style. Arguably the most important consideration when choosing how to work, we have the knowledge and expertise to advise on whether your preference is to work while seated, standing or a combination of the two.

Why not add an extra touch of luxury and indulgence to your sit stand desk with the addition of a PerfectSense desktop. Micro-scratch resistant and robust, we provide comfort and quality without compromising style.

Features & Benefits

Impressive maximum lifting capacity - 120kg for our single desks and 120kg for our dual desk.

Quiet running with a noise rating of less than 45db.

Equipped with dual motors.

Choice of frame colours and top finishes, as standard.

A selection of desktop materials to suit any budget.

Choice of frames available – square or round legs in a variety of widths to suit all applications.

Single and dual desks available as standard.

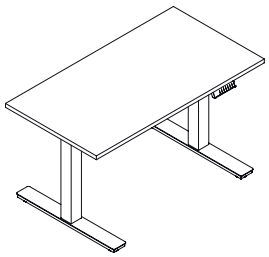
Fully adjustable height range.

Range Overview

Bisley Cube

Bisley Cube is an electric, height adjustable desk with just a simple touch of a button. The desk has sleek, clean-cut lines, a sturdy frame and features a unique dual motor for easy height adjustability. This allows for a smooth transition between sitting and standing, encouraging you to vary your posture throughout the day for wellness and mobility.

Bisley Cube's dual motor is one of the quietest on the market with a noise rating of less than 45db. And with a maximum lifting capacity of 120kg, your desk will move with even the sturdiest of loads. Available in a selection of colours, the Bisley Cubic has a choice of desktop options so you can create a desk set up that suits your office aesthetic and your brand style.

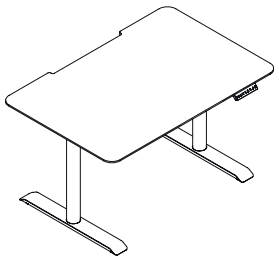


Bisley Cyl

Bringing style and functionality to any workspace, Bisley Cyl is a height adjustable desk. With its stylish cylindrical legs, which gives an ultra-modern look, transforming your workspace into a more modern and contemporary environment.

The Bisley Cyl can be raised and lowered with a simple touch of a button. Operating with a dual motor, which is one of the quietest on the market at noise rating of less than 45db, the desk has a maximum lifting capacity of 120kg, ensuring your desk can move with the sturdiest of loads.

Cyl has a sleek, strong cylindrical frame and a unique dual motor for easy height adjustability. This enables a smooth transition between sitting and standing, enabling you to vary your posture throughout the day, improving wellness and mobility.



Bisley Duo

Bisley Duo is a twin electric height adjustable desk, supporting two fully functioning workstations. A perfect solution when maximising the space in a small office setting, these desks can be banked together to create a more collaborative team workspace in a larger open-plan office.

Bisley Duo's dual motor is one of the quietest on the market with a noise rating of less than 45db. And with a maximum lifting capacity of 120kg per side, your desk will move with even the sturdiest of loads.

The desk has sleek, clean-cut lines, a strong, frame and features a unique dual motor for easy height adjustability, enabling a smooth transition between sitting and standing, allowing users to vary their posture throughout the day and improves wellness.

Available in a range of contemporary colours, the Bisley Duo features a velvety smooth and highly durable Perfect Sense plywood desktop. With beautifully contoured edges and chamfered plywood, this twin desk set up really does add a touch of luxury to the office.
