

About Us

At iCobus Limited (iC), we specialise in Contract Labour and Staff Recruitment within the Structured Cabling, Telecoms and IT Services sectors. With decades of experience and a significant sized database of skilled professionals throughout the UK and Europe, we successfully place skilled engineers, site/project managers and technicians in contract labour or permanent roles.

Who Are We?

iC is part of the iCobus Group, with entities registered in the United Kingdom, Ireland, and South Africa. Our expertise spans through the UK and Europe, connecting with top-tier talent and delivering workforce solutions that drive towards success.

In addition, with our sister-company, iCobus Managed Services (iMS) we provide a turnkey service, managing end-to-end solutions including staffing, materials, and project management.

What We Do

- We support both contract and permanent staffing needs across Structured Cabling, WiFi, Telecoms and IT deployment projects throughout the UK and Europe.
- We locate skilled professionals using AI-driven sourcing with thorough compliance checks; striving for long-term business success.
- Coordination of streamlined contract staffing with effective placement, workforce management, compliance and administrative support for both client and personnel.
- Deploy teams of engineers, project managers, and technicians for structured cabling, telecom, and IT infrastructure projects.

Our Reach

We work across Europe and the UK; we have a proven track-record in the following countries and cities:

Belgium	Brussels
Czech Republic	Prague
Denmark	Copenhagen
France	Paris
Germany	Berlin, Munich, Hamburg, Cologne
Ireland	Dublin
Italy	Milan
