For mounting of our Nedking truck signs we strongly recommend to use our own mounting glue. This will make perfect mounting to your truck and give the best light output.

We don't give warranty on the signs if different mounting glue is used for mounting.

Art. 18251989

€ 19,95 excl. VAT / € 24,14 incl. VAT

SIDE WINDOW DEFLECTORS

Veopro OY side window deflectors are produced out of high quality 3mm cast acrylic. They eliminate fog and ventilate smoke while keeping rain out of the cabin.

3 mounting methods, best mounting option is available for every truck :

- 1 - Mounting between the window and window's rubber gasket
- 2 - Mounting with double sided adhesive tape
- 3 - Mounting with stainless steel clips

SUNVISORS

SUNVISORS FOR LIGHT COMMERCIAL VEHICLES

Our sunvisors are produced from high cast acrylic and the brackets are made from black steel which are first zink-coated and then powder painted. Made with new rigid mounting system to prevent vibration. Easy to fit with no holes to the roof.

Side brackets are mounted with self tapping screws and glue on the A-pillar.

OLD SCHOOL SIDEBARS

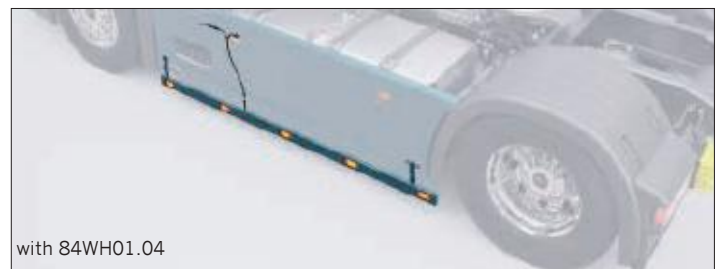

SCANIA NTG 2018 - wheelbase 3750mm

Art. 84SCA30001
photo with lights for illustration purpose

surface black KTL, paintable

NEDKING Old School Sidebars are produced from Aluminium and KTL treated against corrosion. The ends are close-welded and grinded. All bolts and nuts are stainless steel 304. They can be individually painted on top or powdercoated. You have three options for wiring and choosing from the below

1. do everything yourself, taking a lot of time, *or*
2. use 84WH01.04* as a splitter between original SML and .01, *or*
3. use 84WH01.02** for an all the way connection to truck's electric

A man in a dark polo shirt with the 'strands' logo is driving a truck. The interior of the truck is visible, including the steering wheel and dashboard. The background shows a sunset or sunrise through the window. The man is looking forward, focused on driving. The lighting is warm and golden from the sun.

WE OFFER PEACE OF MIND

Except for design, quality, and performance, we give you safety. We offer a unique function warranty – from three to six years. This includes all products from Strands Lighting Division's range, which makes the warranty unique on the market. The warranty covers faults related to the manufacturing process, material, or assembly. With our function warranty, we want to improve the service, increase customer satisfaction, and emphasize our brand's quality. Ready to further strengthen our position on the market.

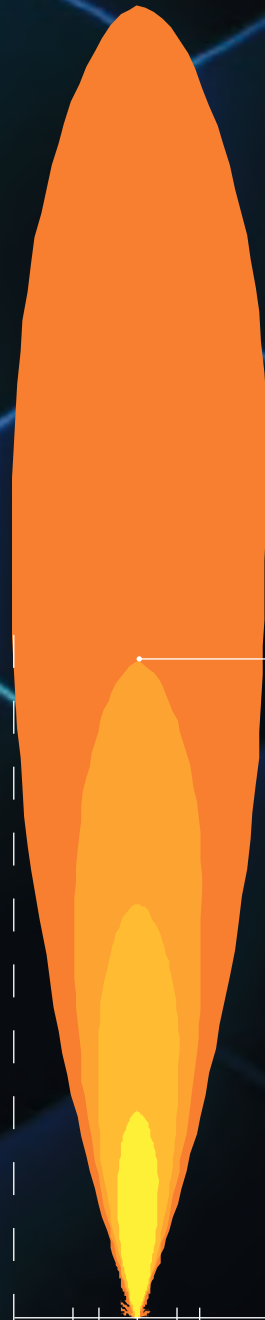

FUNCTION WARRANTY
THREE TO SIX YEARS

DRIVING LIGHTS

Strands Lighting Division offers a wide range of LED driving lights that are reasonably priced and suitable for cars, trailers, trucks, work vehicles, and other vehicles. Strands provide the latest technology, design, sizes, and shapes, including round, rectangular, or oval. Strands Lighting Division delivers everything from driving lights with dual position lights in white and amber and plow driving lights with built-in heated lenses to innovative updates of classic driving lights.

EXTENDED BEAM

The extended beam has a long range and high visibility to guide you in the dark. Thanks to the powerful output, nothing can stop you from exploring the night.

DRAGON DRIVE *DRIVING LIGHT*

This new way to use position lights will surprise you with a brand-new look. You can choose your glow and show your passion with a white or amber position light. The artistry of the lamp's black design and no-edge lens further enhances the shape and uniqueness of the light. The no-edge lens stretches over the side of the lamp, giving a stylish expression.

VOLTAGE
10-48V DC

The artistry of the black design further enhances the shape and brightness of the unique position light. An extensive reflector with the FOR9T honeycomb pattern ensures high visibility and an undeniable look.

Let the superior performance of FOR9T Dragon Drive show the way. With a white and amber position light, you can choose your glow and show your passion.

strands
-lighting division

Dragon Drive has a design where all details matter: its lightweight aluminum housing, high-quality materials, and clean design make it a powerful addition to any vehicle.

MADE FOR THE NIGHT

The shape and design of the position lights have a completely new look and superior performance: with hypnotic lines, you are drawn forward and into the future.

COVERS ALL YOUR NEEDS

The lasting materials ensure a long-lived and corrosion-free product. They also reduce weight, and combined with the DT-4 connector, the FOR9T Dragon Drive is a perfect choice for all vehicles.

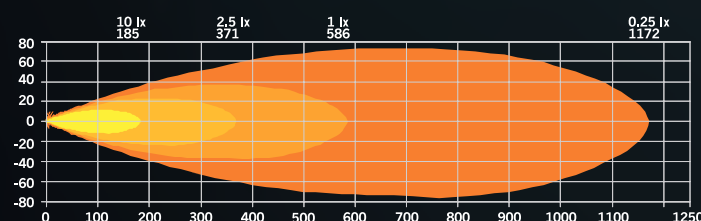

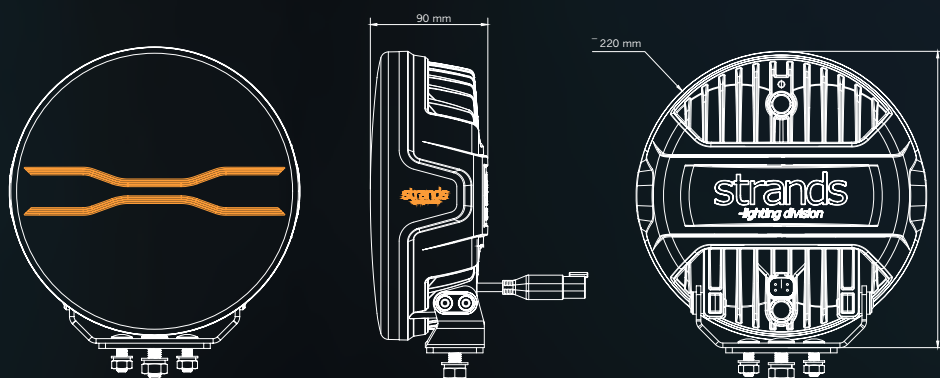

HIGH PERFORMANCE

The Dragon Drive is much more than a stylish addition to your vehicle. Thanks to the 9300 lumens, the extended beam has a range of 586 m @ 1 lux.

The 6500-kelvin color temperature guarantees a crisp and clear output, creating high visibility ahead.

DRAGON DRIVE

- ✓ MADE FOR THE NIGHT
- ✓ COVERS ALL YOUR NEEDS
- ✓ HIGH PERFORMANCE
- ✓ NO-EDGE DESIGN AND NEW LOOK

HIGH PERFORMANCE

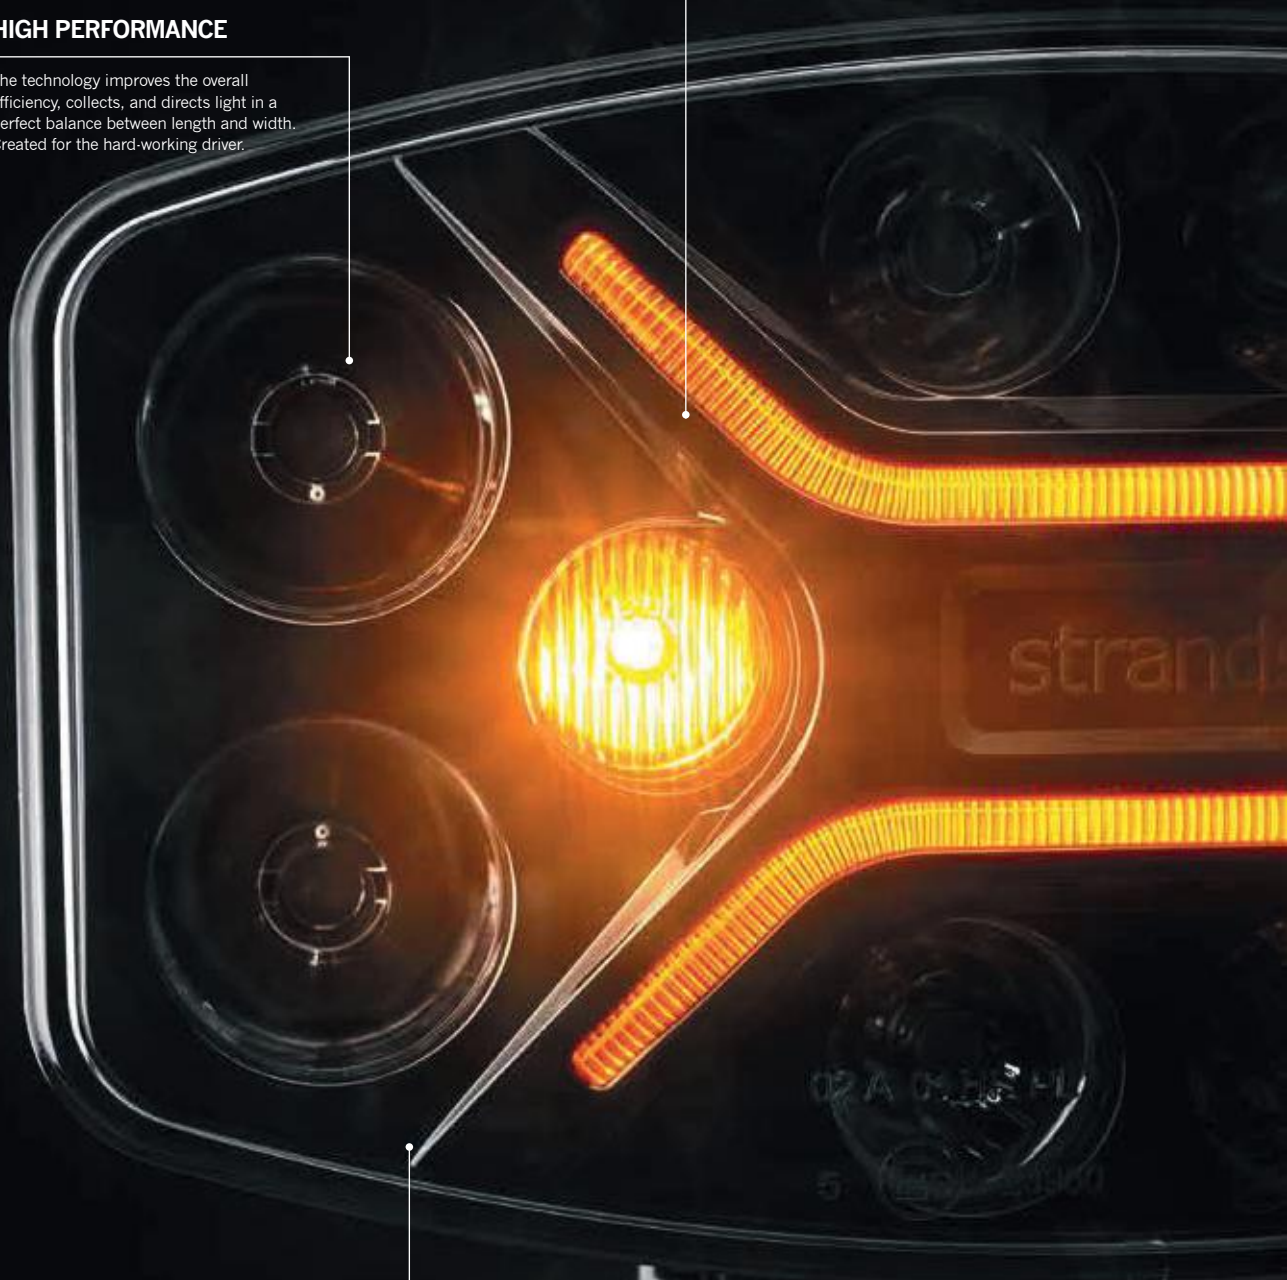

The technology improves the overall efficiency, collects, and directs light in a perfect balance between length and width. Created for the hard-working driver.

ONE LAMP – THREE FUNCTIONS

Get all your lighting needs into one lamp: a driving light with a warning light and dual position light, choose between amber and white.

DARK KNIGHT DESIGN

A confident, futuristic, black knight with dark details and slim design makes it easy to mount and quickly becomes one with your vehicle.

DRIVING LIGHTS

DUAL POSITION LIGHT

Art. 5270698

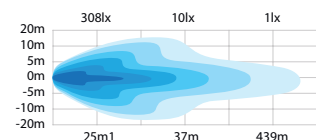

DARK KNIGHT INSANE DRIVING LIGHT LED

Get ready to go Insane. To go from 0 to 100. Dark Knight Insane allows you to get all your lighting needs into one lamp: an oval driving light with a warning light and dual position light. Choose between amber and white. Insane is a confident Dark Knight in a slim design with a beam pattern created for the hard-working driver who needs a perfect balance between length and width.

DUAL POSITION LIGHT

DARK KNIGHT INTENSE 9'' DRIVING LIGHT LED

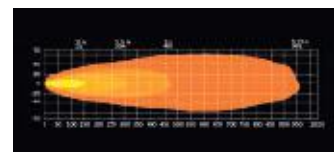

Art. 5270928

€ 245,00 excl. VAT / € 296,45 incl. VAT

Dark Knight Intense is an homage to innovation and symmetry. A light beam far higher than standard. Supported by TIR optics, specifically designed to cover a wide area without wasting any long-distance illumination. Perfect for various driving on different types of roads. Produces 1 lux at 445 meters.

BALANCED LIGHT BEAM

A light beam with an intensity far higher than standard. Supported by TIR optics, especially designed to cover a wide area without wasting any long-distance illumination.

UNIQUE POSITION LIGHT

Enjoy the smooth startup effect when the light slowly increases its intensity before reaching full capacity. Comes with a dual function. Choose between amber and white.

DARK KNIGHT LOOK

A futuristic, minimalistic all-black look helps your vehicle reach perfection from all angles. Play it confident and stylish both day and night.

DRIVING LIGHTS

DUAL POSITION LIGHT

Art. 5270922

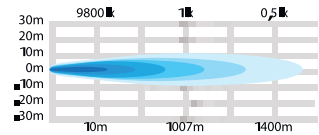

AMBASSADOR 9" DRIVING LIGHT LED

The professional driver's first choice. Ambassadors' light beam exceeds everything you see and literally turns night into day in a long distance, pushing out 1 lux at 1007 meters. Designed in Sweden and manufactured in Europe. All the components are unique, specifically designed for Ambassador. It comes with exciting features – dual position light and a Nitto Denko breathing function that keeps the moisture away. The lens is made of unbreakable polycarbonate that has been sent for treatment in Germany to be highly durable against stone shoots and scratches.

LEGENDARY LIGHT OUTPUT

Siberia gives you efficiency at completely new levels on all roads and in all conditions. The power of the LED diodes extends the field of view in an optimized light beam.

DUAL POSITION LIGHT

Amber or white? Choose the color that states your style and personality. The Siberia position light provides an outstanding light effect, perfectly positioned in a circle with a breaking line in the middle.

TWO MODELS

Choose between Siberia Night Ranger, standard and spot (clear lens) and Siberia Bush Ranger (yellow lens). Models available in 7" and 9".

COMBO OR SPOT BEAM

Night Ranger comes in two beam patterns. The standard version with a combo beam extends the view in a perfect balance of length and width. The spot beam focuses on intense length. Mounting examples: 2 pcs Siberia NR Spot provides 1 lux at 1300 meters. 2 pcs Siberia NR Combo + 1 Spot in between – performs 1 lux at 1100 meters.

Use the QR code to check out the product video.

PROVIDES A GREAT LIGHT OUTPUT

Delta promises both quality and powerful light performance. The combo light beam gives both length and width in a perfect combination and performs 6200 actual lumens and 1 lux at 430 meters. Delta is E-approved according to ECE R112 with reference number 25. The position light is placed in a line, in the center of

the lamp, and comes with a dual position light, choose between amber or white color. Delta is the number one choice for many professional users and is perfect for cars, trucks, tractors and other heavy vehicles.

THE WORLD'S STRONGEST LED BAR

Redefining the light output and creating a wall of light with 1 lux at 1220 meters or 1466 meters. Designed to be the center of attention.

YELLOW LOGOTYPE

Siberia Outlaw comes in a yellow Strands logotype to differ further from other LED bars.

UNIQUE COMPONENTS

Loaded with world-class technology, knowledge, and development. Shaped by the best reflector design, diodes, and circuit boards.

AN INVESTMENT IN SAFETY

The beam pattern is optimized and gives you one good width and an unsurpassed light length. See potential danger much earlier to get extra time to react. Ready to hit the darkness.

Use the QR code to check out the product video.

SIBERIA DR

Comes in six sizes 8", 12", 22", 32", 42" and 50". The larger sizes are developed to perfectly fit trucks. The characteristic dual position light runs in a line along the middle of the bar.

SIBERIA SR

Available in sizes 12", 22", 32", 42" and 50". The characteristic dual position light runs in a line along the bottom of the bar.

Use the QR code to check out the product video.

MAKE A STATEMENT

Function, design, and performance that you have never experienced before. Siberia LED bar is slim, dark, and sophisticated. Comes in two models, single row (SR) and double-row (DR). Every little element is created to bring out

the highest possible performance and to interact in perfect harmony. Rest your eyes on the unique dual position light that runs in a line along the bar. Express your personality by choosing a color between amber and white.

COMPACT SIZE

Discreet and neat, perfect for use where larger lighting doesn't fit. A really powerful lamp that performs 2949 actual lumens and 1 lux at 166 meters. Mount it alone, in pairs or combine several.

OPTIMIZED LIGHT

The light beam combines width and length – an optimized solution to fit the compact construction. Unbeatable for quickly discovering animals coming from the roadside.

RED AND AMBER

Express your style. The dual position light allows you to choose between red and amber position color.

SIBERIA RED PANDA WORK LIGHT LED
Art. 5809206

Use the QR code to check out the product video.

PERSONALIZE WITH COLOR

Red and amber – a new kind of dual position light. Choose which color you prefer. The amber light can be connected to the vehicle's indicator and the red to the tail light. Only your imagination sets the limits.

UNIQUE EXPRESSION

Combine several lamps for different functions and looks. Ideal for placing where you usually don't put LED bars, above your ordinary tail lights.

COMBO BEAM

Reverse your vehicle safely. The combo light beam is developed to provide an optimal light experience direct from the back of your vehicle. The spread not only goes wide but also delivers plenty of lengths.

WARNING LIGHT WITH DRIVING LIGHT FUNCTION

Siberia Night Guard provides both a powerful warning light and a driving light function that delivers an optimized, massive light beam that combines length and width.

COVER ALL NEEDS

Night Guard comes in five sizes to cover all needs. 12", 20", 22", 32" and 38". Easy to mount and fit both trucks and vehicles.

DUAL POSITION LIGHT

Let the characteristic position light suit your personal style. Choose between amber or white light.

Use the QR code to check out the product video.

LOW RIDER

This is Siberia Low Rider. A LED bar with four functions: warning light and triple position light, all E-approved. For your everyday driving. Ready to stand out from the crowd with a super-slim design made to fit literally everywhere. The height of only 3 cm and the depth of 5 cm will make it by far the slimmest LED bar in the product range. Ideal on all sides of your vehicle. Wherever you need visibility.

Art. 5809250, 5809252

SIBERIA LOW RIDER

10", 30", Amber warning light, triple position light: red, amber and white, E-approved: ECE R148

FEEL THE PASSION

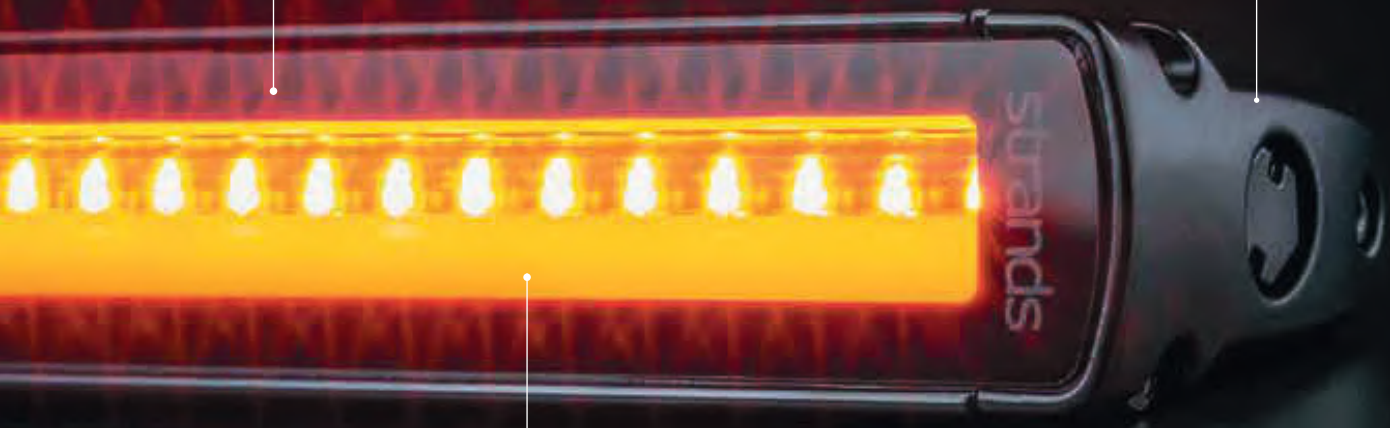

STRANDS

WARNING LIGHT AND TRIPLE POSITION LIGHT

A new type of LED bar with four functions in one product: warning light and triple position light. Choose between white, amber, or red color.

SUPER-SLIM DESIGN

The height of only 3 cm and the depth of 5 cm will make it by far the slimmest LED bar in the product range. Perfect for trucks and other vehicles.

E-APPROVED AND THREE-YEARS FUNCTION WARRANTY

All four functions are entirely E-approved and come with Strands Lighting Division's unique three-years function warranty.

DARK LENS

An all-black armor with a dark, tinted lens.
Appealing from all angles. Perfection in every detail.
Nothing less than a revolution.

EASY TO MOUNT

Dark Knight IZE LED is easy to mount and is best mounted in a rubber housing. Combine as you like, single or double. Provides a high quality regardless of year and mileage.

GLOW UP

Comes in a rich, deep, and powerful red tone designed to make you stand out from the crowd. An obvious choice for you who want to live out your passion.

A CLASSIC IN A NEW ARMOR

IZE LED is in your DNA. Now, in a new, black, and confident armor. Dark Knight IZE LED attracts attention and allows you to bring out your armor. A new way to lift your passion and express your power.

DARK KNIGHT IZE LED

The revolutionary IZE LED series is now being expanded. Dark Knight is an exclusive interpretation of your most confident night drive. An exclusive, all-black version. Dark-tinted lens, dark chrome ring. A sophisticated look, day and night. Comes with all the IZE LED functions – such as dynamic indicator and dynamic startup light. All models are fully E-approved. The model with three functions (5800621 + 5800622) has a D-class certification that enables you to mount them as a unit on the vehicle, with two lamps per side.

FIVE MODELS

Comes in five different models (1 to 3 functions), all with top modern features for different needs.

DYNAMIC INNOVATION

The series contains models with dynamic indicator and dynamic start-up light. The dynamic feature means that the diodes come on, one after the other, which gives an eye-catching appearance to your vehicle.

E-APPROVED

The series is fully E-approved, ideal for trucks, trailers, pickup trucks, construction equipment and other similar vehicles.

ALL BLACK

Release your dark side. Dark Knight IZE LED comes with a dark-tinted lens and a dark chrome ring.

WORK LIGHTS

SMALL SIZE, WIDE PERFORMANCE

Side shooter should not be underestimated for its small size. It has 2097 actual lumens and gives you 1 lux at 221 meters. It is E-approved according to ECE R112 with reference number 12,5. The name comes from the three diodes on each short side that direct the light to the sides. This gives a 140° light spread.

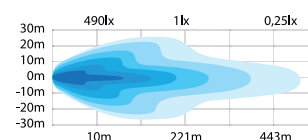

Art. 5809109

€ 79,00 excl. VAT / € 95,59 incl. VAT

SIDE SHOOTER LED BAR 4''

140° BEAM ANGLE

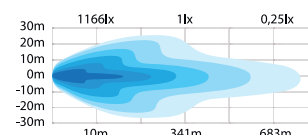

Art. 5809122

€ 89,00 excl. VAT / € 107,69 incl. VAT

SIDE SHOOTER XL LED BAR 5''

Side Shooter XL is a very powerful piece in a small size. 4548 actual lumens and 1 lux at 341 meters. Side shooter has got its name because of four diodes on each short side that direct the light to the sides. This gives a 140° light spread. The LED provides increased visibility for ditch lighting and off-road coverage.

Voltage	9-32V DC	Material housing	Aluminium
Consumption	49W	Material lens	Polycarbonate
Theoretical lumen	6920	Length	136mm

WORK LIGHTS

Work with precision and total capacity, even when it's dark. Our work lights meet the high expectations of professional drivers – both when it comes to quality and light output. Are you also looking for innovative design and the latest features? Our range contains it all. All work lights are covered by a function warranty, with up to six years of validity.

VOLTAGE 10-48V DC

Be inspired; the night is yours. During every hour of the day, Strands' is there to provide you with a powerful and flawless lighting solution. We've put all our years of experience into creating the FOR9T series. Our drive for innovation is mirrored in the design of the position lights, a look full of passion and personality.

NO-GLARE

The lens's groundbreaking configuration gives the FOR9T No-Glare work light an exceptional, user-friendly light output that prevents tired eyes. Thanks to the textured upper part of the lens, the upper part of the beam is softened while the lower maintains its brilliance. The result is a strong illumination that doesn't dazzle your eyes and focuses on the task ahead. FOR9T No-Glare is available in 31 or 78 W models.

SIX-YEAR FUNCTION WARRANTY

All models in the series come with a six-year function warranty that speaks for itself. President represents sustainability at the highest level.

PERFECT FOR MOST APPLICATIONS

Comes in models that perform from 1750 lumens to 5400 lumens. Perfect for most applications – quads, trucks or excavators.

ALL-BLACK DESIGN

Super-slim design and a dark-tinted lens create a sober black appearance. Comes with an eye-catching position light in amber or red.

ADR-APPROVED

Dark Knight President is ADR-approved, which means it can be mounted on vehicles transporting dangerous goods.

INFINITY DESIGN

The lens stretches into the corners, which not only provides a great look – it resists dirt and allows the light output to reach its full potential.

TEMPERATURE CONTROL

Powerful lighting produces more heat, which means the lamp can break. The built-in temperature control prevents that. When necessary, the function protects the lamp and decreases the power until the light is cooled.

EXTREME POWER

The Unity series contains seven models, from 10 W to 149 W. The most powerful lamp delivers enormous 13 000 actual lumens. The extensive engineering gives you an optimized light spread where you need it the most.

REVOLUTIONARY UPGRADE

Unity is an extreme upgrade from previous lamps in the same category. Built tough in a beautiful costume – to survive and illuminate the harshest environments.

**E-APPROVED
REVERSING
LIGHT**

UNIQUE SERIES

This series has a patented slim design. The housing is smaller, which means they are less exposed to wear and tear. They come with a DT connector, which makes the installation easy. Both lamps in this series are E-approved as reversing lights according to regulation ECE R23. The lamps are fully radio interference-free (EMC-approved).

They are also ECE R10 approved and approved for IP67 and IP69K. Our usual 48 W is replaced by 5908517, giving more lumens and using less power. Instead of 48 W, it now consumes only 25 W. Our new production technique reduces power consumption to nearly 50 %.

FOR9T SCALE

The FOR9T Scale position light and side marker are easy to install, thanks to a 5000 mm cable. The 116,5 x 54 x 22 mm size and CC 90 mm ensure a good fit anywhere. The housing is made of high-quality, corrosion-free polycarbonate and is IP-classed IP67, so you can be sure it will be a lasting addition to your vehicle. We recommend installing it with the included EVA pad to protect your product and the vehicle's surface.

It operates at 10-40V DC, making it compatible with many vehicles. It is also E-approved according to ECE R148. The FOR9T Scale complies with EMC-certificate ECE R10 and is covered by Strands Lighting Divisions' market-leading 3-year function warranty.

EYE-CATCHING DETAILS

The FOR9T series embodies everything Strands: passion, functionality, cutting-edge design, and our commitment to providing the best product for every driver every day. Our drive for innovation is mirrored in the unexpected design of the FOR9T position lights. With a diverse range of FOR9T products, you can achieve a comprehensive and stylish look for any vehicle.

SIDE MARKER & POSITION LIGHT

This new way to use position lights will surprise you with a look you've never seen before. The spreading lines of the position lights pull you in and through a portal to the future. Enhance your truck with the mesmerizing look of a white, amber, or red position light.

VOLTAGE 10-40V DC

In addition to a size that makes the FOR9T scale a good fit for any vehicle, it operates at 10-40 V DC. The wide range and the 116,5 x 54 x 22 mm size and CC 90mm ensure a good fit anywhere.

FOR9T IS PASSION

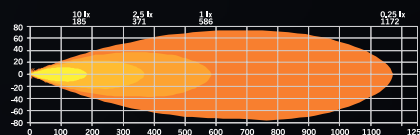

The **FOR9T Scale** creates a new look for your entire vehicle with front and rear position lights and side markers. The hypnotic lines of the position lights remain invisible in the dark lens until activated, and the shape of the lens is stylish and distinct. The signature hexagon pattern in the lens gives an extra boost to the visual expression. Its standard size and wide voltage range make it easy to replace your truck's old position lights to show your passion and embrace the night.

MORE STYLE OPPORTUNITES

The brightest side markers and position lights available. Viking can be used in various ways for different functions and styles. Perfectly mounted with Strands compatible rubber arms – also fits into other traditional 60 mm rubber arms. Viking is updated with Dark Knight, the world's first all-black vehicle lighting series. The dark-tinted lens brings an exclusive edge, both day and night, to satisfy the most passionate drivers.

DARK KNIGHT ULTRA SLIM POSITION LIGHT LED

DARK KNIGHT ULTRA SLIM SIDE MARKER/POSITION LIGHTS LED

Dark Knight Ultra Slim is the slimmest lighting series available. The series is fully E-approved and contains side marker and position lights in red and white color, including five meters of cable and two different rubber gaskets, one for recessed surface mounting and one for recessed mounting on, for example, side bars, side steps, light bars, or roof bars.

EXCLUSIVELY DARK NEWS

More options, more style – here to satisfy the most passionate drivers. This slim lighting family is now being expanded with Dark Knight, the world's first all-black vehicle lighting series. Dark tinted lenses, dark high-end materials, and components. The stylish, modern design and the low profile make the lamp suitable for all types of vehicles. A dark look with an exclusive edge, both day and night.
