STONE
PAVING

Ardesie Grey Porcelain

- We are one of the South's largest paving suppliers. With many colours, patterns and finishes, there is a range of porcelain for both indoor flooring and garden patios.
- Our Villa porcelain is hard-wearing, high quality, low maintenance and non-slip; achieving a minimum of R11 skid value.
- All our porcelain is frost-proof and resistant to grime, mould and staining, giving you the confidence that you are investing in a long-lasting product.
- This range can be purchased per paving slab, per crate pack or per square metre.
- Look out for our best-seller symbol for our most popular products.

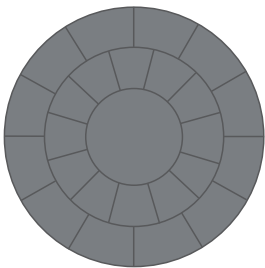

Paving Size Guide

Adding a patio to your outdoor space is a big investment in your time and money, so you want to get it right. With so many different types of stone to choose from, along with different textures and finishes, choosing the right paving might feel like a minefield. We always recommend visiting one of our Landscaping Centres to take a look at our displays before you make a decision, below is a basic guide on the different choices we have to offer and some things to consider.

Patio Packs

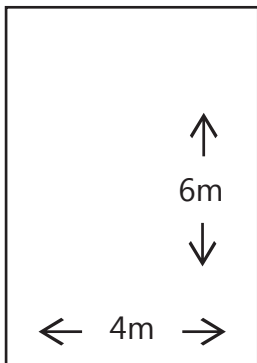

Patio packs are a unique and eye-catching alternative that create variety and character to your landscape. This is a popular and low-cost alternative to laying generic, square or rectangular slabs. This is available in both our porcelain and sandstone paving range. Our patio packs consist of either three or four different sizes within their crates and are purchased per square metre.

Circle Kits

Circle kits look great amongst a larger paved area but also create stunning focal points in the middle of your landscape. Al fresco dining and outdoor entertainment are usually enjoyed on these smaller patios.

Available in our sandstone range only, these consist of two different sizes; two ring circle kits which measure 2.4 metres in diameter and three ring circle kits which measure 3 metres in diameter. Each circle kit comes with a squaring off kit, which is the matching paving slabs cut to fit around the circle.

How to correctly measure

It may sound like an easy task, but it is the most important for ordering the correct quantity of paving. It's always better to buy more than less and have some left over, also, depending on the shape you're looking to achieve, you may need some excess to allow it to be cut down.

It works out the best value to purchase your paving by the square metre, as opposed to single slabs. To measure the square metre area of your desired patio, simply multiply the length of the area by the width.

= 24sqm

Available sizes: 900x600, 600x600, 600x290, 290x290, patio packs

Grey Slate

A popular choice of modern grey.
Available sizes: 900x600, 600x600, 600x290, 290x290, patio packs

What does 'sawn' mean?

Our sawn paving products have been machine sawn to create perfectly smooth and regimented lines. This stone is calibrated to ensure consistent thickness. It is then polished for an extra smooth finish.

Dove Block Paving

Natural Cobble Setts & Block Paving

Pages

20 - 21

View online

- We sell a variety of matching cobble setts and block paving to perfectly compliment our paving range.

STONE PAVING **Porcelain Cladding**

Our 3D Volcano porcelain cladding is a popular choice amongst home and business owners who want to add a touch of modern style. Whether it be used outside your house or within a restaurant as a feature wall - this high quality cladding doesn't disappoint.

Each cladding piece measures 150mm x 610mm; the thickness varies which creates the 3D effect. This range can be purchased per piece or per square metre.

They are designed to be butt-jointed when installed with a 30% offset to create a seamless finish and a 3D effect.

Samples are available upon request to see our cladding in situ. You can also see these stunning stones laid at our depots.

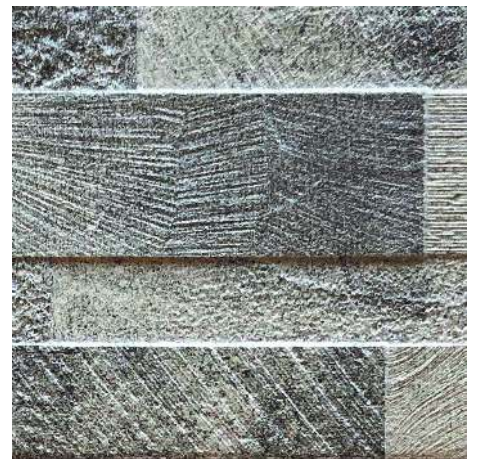

Volcano White

White/grey colours with a varied thickness to create a 3D effect, perfect indoors or outside.

Volcano Grey

Mid grey tones with a varied thickness to create a 3D effect, perfect indoors or outside.

Volcano Dark

Darker grey colours with a varied thickness to create a 3D effect, perfect indoors or outside.

Volcano Taupe

Ash brown tones with a varied thickness to create a 3D effect, perfect indoors or outside.

Volcano Beige

Soft cream colours with a varied thickness to create a 3D effect, perfect indoors or outside.

Spectrum Porcelain Cladding

The St. Moritz collection offers vibrant colour options designed to replicate natural stone and slate variations.

This range of cladding is mostly used outdoors, adding stunning features to properties with uses including: steps, outdoor walls, and outer house cladding.

Each piece measures 160mm x 400mm with a varying thickness between 9 - 15mm. Designed to interlock with separate corner pieces available, this makes for an easy installation on various surfaces. This cladding is also frost-proof, giving you peace of mind in the winter.

Samples are available upon request to see our cladding in situ.

St. Moritz Deserto

A blend of warm browns and sandy tones for an inviting feel to your outdoor space.

St. Moritz Giungla

Subtle shades of grey make up this walling for a relaxed and contemporary look.

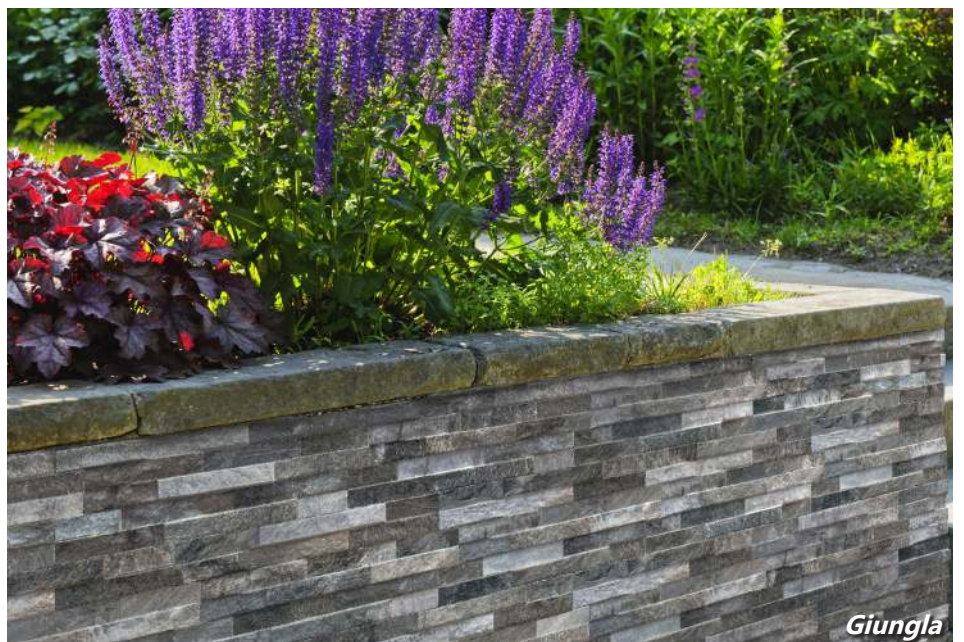

St. Moritz Lava

Dark greys and charcoal blacks make this ideal for exterior walling around your home.

St. Moritz Terra

A mixture of colours across the spectrum, creating a unique and rustic looking feature.

[View online](#)

Black Ice Chippings

- Our shingle and gravel is naturally quarried locally in Dorset and popular for use on pathways or drives.
- Cost effective and comfortable to walk on, our shingle is perfect for domestic or commercial settings.
- The variety of colours our gravel and chippings offer make an eye-catching entrance to your home.
- If there is a particular stone you need and can't see it here, we are more than happy to source it for you!
- Look out for our fish friendly symbol to see which stones are suitable for ponds.

Stone Zone Size Guide

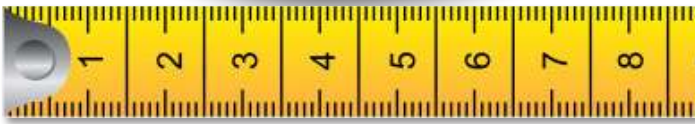

It's important you choose the right size stone for your landscape, you may have an idea of the stone size you'd like, but there can be some restrictions. For example, driveways need stones around 10-20mm; anything smaller isn't suitable. Use our to-scale size guide as a reference to the different sizes available.

10mm Stone

20mm Stone

80mm Stone

40mm Stone

Stone Zone Coverage Calculator

Different stones will vary depending on their shape and size, use this calculator as a rough guide on working out the amount of stone you'll need to cover a designated area.

Maxi bags needed for stones approx. 10-20mm (50mm depth)

Bulk bags needed for stones approx. 10-20mm (50mm depth)

Tonnes needed for stones approx. 10-20mm (50mm depth)

	1m	2m	3m	4m	5m	6m
1m	3	6	9	12	15	18
2m	6	12	15	24	30	36
3m	9	15	18	36	45	54
4m	12	24	36	48	60	72
5m	15	30	45	60	75	90
6m	18	36	54	72	90	108

	1m	2m	3m	4m	5m	6m
10m	2	3	4	5	6	7
15m	2	4	5	7	8	10
20m	3	5	7	9	11	13
25m	3	6	8	11	14	16

30m	5	9	14	18	23	27

We can deliver our decorative stone in our bulk bags which hold approximately 850kg or we can deliver selected stones as loose, tipped tonnes. For smaller areas, you can purchase our maxi bags which hold 20kg. To see how each stone can be purchased, look out for our symbols.

Shingle & Gravel

Shingle 6 & 10mm

This washed shingle is usually used on paths and driveways and is the smallest variety of shingle.

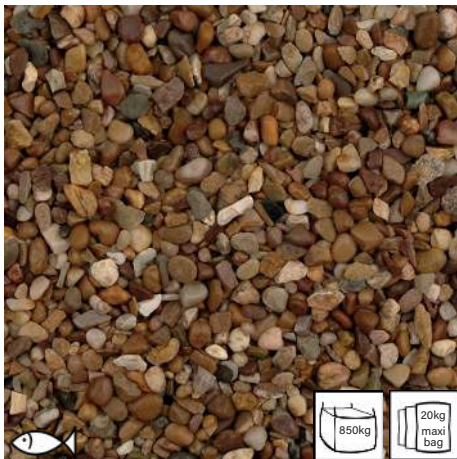

Shingle 14 & 20mm

This is the recommended size for paths and driveways as the stones lock together under pressure.

Shingle 40mm

Predominantly used for paths, this is also suitable as plant mulch as it aids moisture retention.

Pea Gravel 10, 14 & 20mm

This natural, quartzite stone is hard-wearing and diverse; suitable for use on paths and drives.

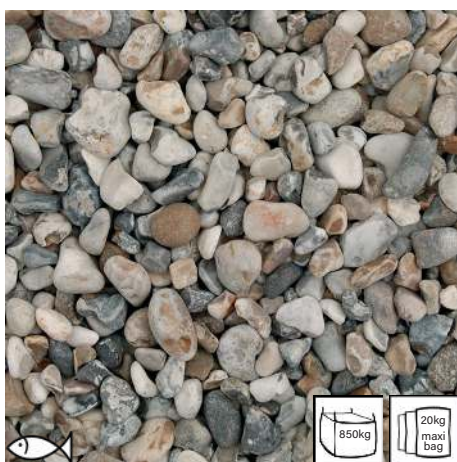

Golden Gravel 10 & 20mm

A naturally quarried, multi-coloured stone that looks great on a path, driveway or as a border.

Moonstone Gravel 20mm

Consisting of stunning colours, this flint is hard-wearing and great for driveways, paths and landscapes.

Oyster Shingle 10, 20 & 40mm

A mostly rounded flint stone consisting of browns, greys and whites. Ideal for all landscapes.

Benefits of using gravel on your driveway:

- Low maintenance
- Quick installation
- Cost effective
- Looks great

Decorative Chippings

Polar Ice 20mm

These angular, marble chippings are a stunning mix of light blue/ grey and white colours.

Polar White 10 & 20mm

Pure white with some grey; these chippings consists of dolomitic marble with a natural sparkle.

Ice Blue 20mm

These angular, marble chippings create a modern look with the subtle tones of light blue and grey.

Black Ice 20mm

A blend of black and ice blue, these basalt/marble chippings make an eye catching feature.

Cotswold Buff 10 & 20mm

Suitable for paths and decorative features, these are a softer alternative to cotswold chippings.

Cotswold 4-10 & 10-20mm

Light cream, angular chippings made of dolomitic limestone give a fresh addition to any garden.

Heritage Quartz 10, 14 & 20mm

This colourful mixture of chippings consists of quartz, marble and granite stone.

Decorative Chippings

Available in:  

Purbeck 10 & 20mm

These limestone chippings are ideal for paths, driveways and decorative features.

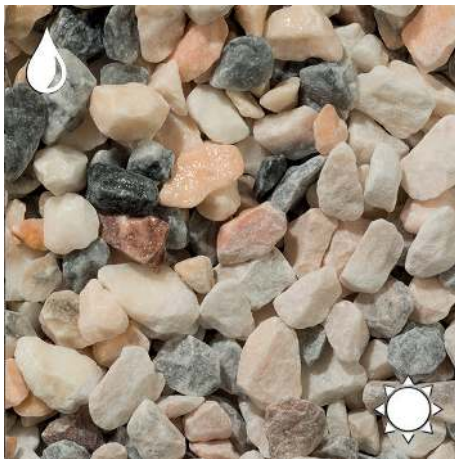

Onyx 20mm

These angular, marble chippings are a great addition to any decorative feature or path.

Cerney Cotswold 20mm

Warm gold/cream stones make an eye-catching driveway or decorative feature.

Flamingo 20mm

These colourful, angular, marble chippings create an understated look wherever they are placed.

Multi Mix 8-11mm

Colourful dolomitic marble, basalt, granite and limestone chippings consisting of red, white and black.

Sunset Red 14-20mm

This mix of basalt and marble chippings consist of golden peach tones contrasting with brick red.

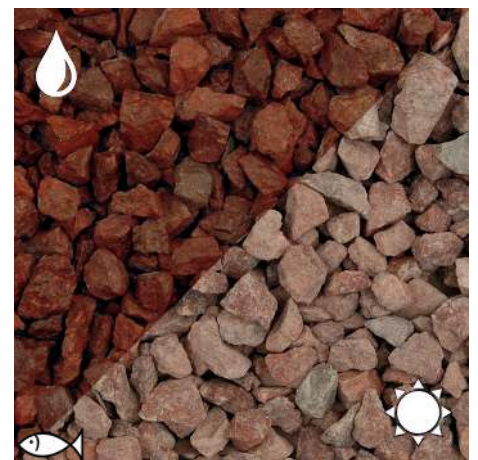

Strawberries and Cream 20mm

A soft blend of Cotswold and Red Flame chippings to give an attractive, angular shingle.

Salmon Pink 14mm

These angular, granite chippings make for a unique garden feature with its dark grey flecks.

Red Flame 6, 10, 14 & 20mm

Brightly coloured, angular, marble chippings; great for creating a vibrant garden feature.

Available in:  

Decorative Stone

Quantock Grey 20mm
Derived from the Quantock Hills, this angular stone makes a striking path with its natural patterns.

Derbyshire Gold 10-20mm
This angular limestone is a beautiful mix of golds and biscuit browns for a warm decorative area.

Yorkshire Cream 20mm
This angular, semi-rounded stone is a flint shingle, with neutral colours for an understated feature.

Silver Grey 14mm
Stunning, angular, graphite stones which contain flecks of black and white for a unique feature.

Black Basalt 6, 10, 14 & 20mm
Making a great water feature, these dark grey, angular chippings go from grey to black when wet.

Green Granite 14 & 20mm
Dark green, angular, basalt chippings made up of plain and speckled colours.

Don't forget!

When it comes to creating a gravel drive or a decorative stone feature, weed fabric is a must-have. It will prevent pesky weeds ruining your stone display.

Blue Slate

Slate & Paddlestones

Pages

36 - 37

View online

- Our range of slate and paddlestones looks beautiful as a garden border, consisting of many different colours.
- From the riverbeds of Scotland, our smooth-edged paddlestones make a stunning water feature.
- Our authentic slate is quarried in North Wales, ensuring sustainability and the highest of quality.
- We also have an impressive range of Purbeck rockery and boulders which can be purchased as individual items.
- Look out for our wet and dry symbols to see how the colours transform when wet!

Available in:

Scan here to read more

Oak Sleepers

Creating a Raised Bed

Raised beds can be created with any of our sleepers. They are great for avoiding weeds invading your plants and look great as a garden feature. Our pine sleepers can be hand sawn while our oak and reclaimed sleepers will need machine sawing.

Trade Range Materials

Pages

42 - 45

[View online](#)

- We supply a huge range of materials for builders, landscapers and contractors for domestic and commercial projects.
- Our aggregates have multi-buy discounts available, making it better value the more you purchase.
- Our Trade range is always stocked at our Distribution Centre for same day collection.
- With different sized delivery lorries, all bespoke built, any aggregate deliveries are a breeze due to their manoeuvrable functionality.
- We cater for special delivery requirements with our lorries ranging from 5 to 20 tonne capacities and our trained drivers tailoring each delivery to meet your needs.

Loose Load Deliveries

As a more cost-effective alternative to delivering in bags, we have four specially designed lorries consisting of 5, 12, 15 and 20 tonne capacity. Having this variety means we can accommodate for the smaller or larger project, while reducing emissions on the road by using the most appropriate vehicle. Our friendly drivers are highly skilled and experienced, tailoring each delivery to your requirements.

Let us know!

To ensure a safe and efficient delivery, our drivers need to know certain information to plan the delivery.

You must let us know of any restrictions:

Over-head cables - consider whether there are any cables above your property that could obstruct our lorries when tipping.

Trees/bushes - even these can be obstacles if they are large enough or low enough to prevent our lorries tipping.

Drain covers - our lorries cannot drive over drain covers due to the weight, you would need to find an alternative delivery space.

Limited access - If your property is situated within a narrow road, consider how accessible it is for our lorries to get through.

Driveway deliveries - you must fill out and sign our indemnity form if you'd like a delivery to be made on your driveway.

Remember...

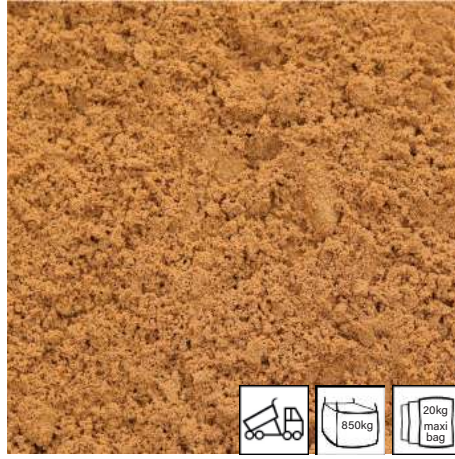

- Our loose loads can be tipped onto any hard standing ground. We recommend laying tarpaulin for protection.
- The minimum width of space needed for any load up to 5 tonnes is 2.9 metres.
- The minimum width of space needed for any load between 6 - 20 tonnes is 3.3 metres.
- We're unable to offer time slots for deliveries as they will be made as economically as possible by using one route.
- The drivers will attempt to contact you 30 minutes before your delivery is due.
- All deliveries are made at the discretion of our drivers, if for any reason we cannot make a delivery a wastage charge may apply.

Building Materials

Soft Building Sand

A finer grade, soft sand suitable for brick laying, pointing slabs or use under pond liners.

Orange Building Sand

A fine grade sand ideal for all building/landscaping projects such as brickwork, paving and walling.

Silver Play Sand

This play sand is very soft, making it ideal for play areas, sand pits and golf bunkers.

Bunker/Leisure Sand

Finely screened sand for use on golf course bunkers and ideal as children's play sand.

Washed Plastering Sand

Washed and screened coarser sand ideal for external or internal rendering applications.

Washed Grit

This coarse, sharp sand is used for laying block paving or slabs and can be mixed with cement.

Ballast 10/20mm

This material is widely used by builders and creates a concrete base when mixed with cement.

Path Gravel 25mm

Ideal for paths, tracks and driveways is this warm coloured, graded path gravel.

AQUA FLOW

Our Aquaflow Aggregates are suitable for SUDS (Sustainable Urban Drainage Systems). This replicates natural processes to aid drainage in and around properties and site developments. It works by slowing down and holding back excess water, allowing pollutants to be broken down naturally and then filtered back into the ground. The different types of SUDS include source control, site control and regional control.

The benefits of SUDS include: prevention of water pollution, reduction in the risk of flooding and prevention of drought. This solution is now widely recognised and will soon be mandatory on all new major developments.

Aquaflow 4-20mm

Clean limestone graded to size for use under permeable block paving, aiding drainage.

Aquaflow 10-63mm

Clean limestone graded to size for use under permeable block paving, aiding drainage.

Scalpings 40mm

Graded limestone ideal as a patio sub-base or levelling over crushed concrete.

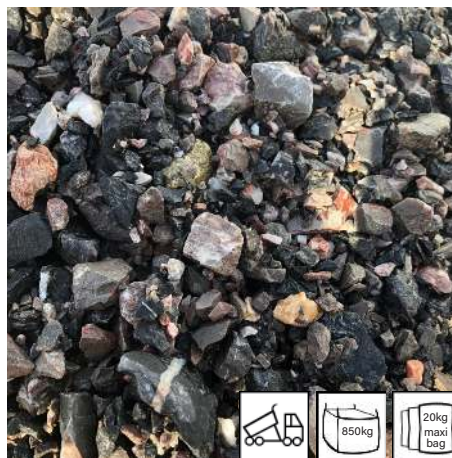

Limestone Type 3

A permeable, sub-base aggregate with a lower content of fines than type 1 limestone.

Limestone 6 & 20mm Down

A fine, graded limestone often used under artificial grass, or for levelling a sub-base layer.

Limestone Type 1

A 40mm graded limestone ideal as a sub-base for driveways and patios, often referred to as MOT type 1.

Mannok General Cement

Suitable for use in any building application, including concrete, mortar, plastering and screeding.

GRAB AWAY

Whether you're having a clear out of your garden or digging away a large mound of soil, our grab away lorries are here to help. From 5 tonne to 12 tonne capacity, we can clear your waste quickly and also combine delivery. Our fitted weigh loaders ensure accurate weight loads.

What do we grab away?

Before

After

Protect our planet

Have peace of mind knowing your waste is being responsibly recycled.

Top Tips...

- Our 12 tonne lorry will need a maximum reach of 4 metres, so consider any over-head cables or trees that could cause obstruction.
- If you'd like us to carry out the grab away on your drive, you'll need to sign a disclaimer form to consider any drains.
- Always try and keep waste separate, certain waste is cheaper to recycle than others; this can be discussed with our customer advisors.
- It's best to leave your waste in the centre of your garden/drive as opposed to leaving it against a wall or fence to avoid any damage.

easigrass™

the artificial grass company

Knightsbridge Artificial Grass 40mm

This high quality artificial grass has the look and feel of a real lawn and is suitable for domestic or commercial use. Complete with a generous 40mm pile thickness, it is available in three different width sizes: 2m, 4m or 5m and can be cut to desired length.

What makes it so great?

- Easy to install
- Low maintenance
- Child & pet friendly
- Looks great all year round

[View online](#)

Why choose Easigrass?

Easigrass have an exceptional reputation built from 30 years of experience working from the artificial-turf-ground up. After rapid expansion, they now supply award winning turf to the UK and a number of countries across the world.

Their mission has always been to provide quality, realistic artificial grass. Easigrass have become the first brand in the UK to introduce dead-grass infill into artificial grass to give the product a more authentic and natural look.

Easigrass are proud to be the first and only artificial grass company in the world to have won an RHS gold medal; one of six RHS Chelsea Flower Show awards they have been awarded.

Kensington 38mm

Made with a two-tone green, C-shaped yarn, this extra thick grass is perfect for leisure areas.

Chelsea 40mm

Acclaimed for its realistic feel and appearance, this grass has won the RHS gold medal.

Belgravia 40mm

Created with a cushioned yarn and dead grass infill, this grass has a vibrant four-tone colour.

Mayfair 50mm

Created for durability and longevity, this thick pile grass is luxurious and RHS medal winning.

Woodland Mulch

- With a huge variety of high quality soil and compost, we cater for all domestic and commercial planting requirements.
- We proudly screen and supply Wessex® British standard recycled soil which is tested to BS3882 level.
- Our woodland mulches are great for flower borders and vegetable beds, suppressing weeds and keeping plants cool.
- For large, commercial play areas, we sell British standard play chip which is the best impact-absorbent material.
- Are you a groundsman or greenkeeper? We can supply soils and turf dressings to meet your exact requirements!

Available in:

Screened Soils & Compost

Screened Soil 6mm

A finely screened soil, suitable for all applications including top dressing of lawns and sports fields.

Screened Soil 10mm

An ideal, medium soil for seeding, laying turf and flower beds, promoting healthy growth.

Wessex® Soil BS 3882 10mm

High quality 80/20 blend of British standard recycled soil and PAS 100 organic compost. PH 7.5-8.5.

Eco Mix Compost PAS 100

Soil Association approved, peat-free soil improver, helping soil structure and fertility.

Multi Purpose Compost

A nutrient-rich, reduced-peat compost, perfect for cuttings, rooting and planters.

Fine Turf Dressings

This is perfect for all natural sports surfaces; mixed to your specific requirements.

Fleet Pitchmarker C

This white marker is supplied in a 10 litre drum and can be applied by spraying or wheeling on.

Our British standard soil isn't treated with any additives! A copy of our test analysis for PH levels is available upon request.

Bark & Mulches

Available in:  

Woodland Mulch

Made up of finely shredded tree waste, this is used for mulching and suppressing weeds.

Path Chippings

Durable and long lasting, this is perfect for keeping a natural look to frequently used paths.

Amenity Bark Mulch

This versatile mulch is great value and ideal for beds and borders; for domestic and commercial use.

Bark Nuggets

High quality and versatile; suitable for play areas as well as decorative beds and borders.

Play Chip BS Certified

Tested to BS EN 1177, this cost-effective play chip can be used domestically and commercially.

Play Chip

A lower cost chipping option, this makes a great addition to a domestic garden play area.

Wessex Dutch Tree Sand - Urban Tree Planting

Urban areas across the UK are seeing more trees planted within built-up cities. Urban tree planting has been backed by the Government due to its many benefits.

It positively impacts climate change; providing shade in the summer and helping to lower temperatures. It is also helps to prevent floods in seasons of heavy rain.

Urban tree planting affects air pollution; reducing airborne dust and smog by absorbing and storing carbon dioxide.

On top of this, it also provides habitats for different animals and contributes to good mental well-being.

[View online](#)

Our Wessex® Dutch tree sand was exclusively used in Prince Charles' Poundbury Project in Dorchester. This was built in accordance to the principles of The Prince of Wales, created for sustainability and carbon neutrality.

Our tree sand is blended from graded, silica sands and organic compost, screened to 10mm with a PH of 8-8.5. Developed in Dutch universities over thirty years ago, this blend of sand and compost is the perfect growing medium for planting semi-mature trees in urban areas. It allows tree pits to remain free draining, whilst being able to maintain heavy footfall and vehicles without compacting.

LECA Soil - Rooftop Planting

In a world where populations are increasing and spaces are getting smaller, rooftop gardens are becoming more popular. Home-owners and employers are taking the opportunity to transform them into a peaceful, green paradise.

Regular potting soil or ground soil isn't suitable for rooftop gardens as it is too heavy and dense. We have therefore created our own, special blend of Leca Soil; a perfect, lightweight growing medium for plants situated on rooftops.

[View online](#)

Our LECA soil is a lightweight, blended soil which is made up of screened sandy loam soil, coconut husk coir, PAS 100 green compost and LECA 4-10mm.

The sandy loam soil is BS3882 compliant, screened to 10mm. It provides good structure due to its blend of sand, silt and clay.

The coconut husk coir is a natural, organic material with excellent water absorption and retention with a high success rate for germination.

PAS 100 green compost provides a slow release of nutrients while improving soil structure. It aids drainage and reduces soil compaction.

LECA stands for Light Expanded Clay Aggregates which provide the perfect balance of moisture, food and air, allowing oxygen to get to the roots.

Rolawn®

Beautiful gardens start here

Why choose Rolawn?

Rolawn is renowned for their market-leading, high quality topsoils and barks. Through innovation and constant improvement, the Rolawn brand has become the industry benchmark of quality and service.

Rolawn turf, topsoil and mulch products have been incorporated into numerous award winning gardens at RHS horticultural shows. They are the suppliers of choice for the BBC Gardeners' World Live Show gardens for growing media, mulches and turf.

Awarded a Green Achiever Gold award, which endorses the positive steps taken to develop their green credentials. Additionally receiving the Diamond Banner Award which awards members that have demonstrated continuous improvements for more than five years.

Rolawn is a member of the British Association of Landscape Industries (BALI) and also has a close working relationship with the Sports Turf Research Institute. The STRI are the world's leading sports turf consultancy and independent authority in turfgrass research agronomy.

Take it from the experts...

“Gardeners know that the soil is the foundation of great gardens. In our show gardens and private gardens we've found that using Rolawn's Blended Loam gets plants off to the best possible start.”

- Chris Beardshaw, Leading Garden Designer and Horticultural Broadcaster

Top Turf Testimonies

“ I can definitely vouch for this being great quality turf! ”

- Kathryn, Wimborne

“ It’s fab turf, ours looks lovely ”

- Philippa, Bournemouth

“ So happy with my lawn - brilliant turf ”

- Mark, Dorchester

Everbuild are passionate about the products they produce, working on the simple premise that Trade users will only come back for good products, so that's all they make!

This simple philosophy combined with a commitment to invest in new product development and manufacturing infrastructure has seen Everbuild - A Sika Company grow into the UK's leading sealant, adhesive and building chemical brand.

Everbuild are owned by Sika AG, a globally active speciality chemicals company offering a comprehensive range of products.

Contractors PVA

A multi-purpose primer, sealer, cement filler and plaster mixture, adhering to most materials.

Mortar Admix

An air entraining plasticiser that replaces lime, providing an easy to work with mortar consistency.

Patio Wizard

A mould and algae treatment that kills and cleans green growth without needing to pressure wash.

Aquaseal Liquid Roof

This is an easy to use, all weather roofing system, creating a solid waterproof membrane.

Surveyline

A spray-applied, marking paint for contractors/surveyors to spot mark. Colour coded for different uses.

Wonder Wipes

These are the first choice wipes for the nation's Tradespeople. Specially formulated for hands and tools.

Weed Membranes & Landscape Accessories

Are you sick and tired of those pesky weeds coming through your garden borders, artificial grass or driveway? Our weed membranes offer the perfect solution and are a must-have accessory.

With a wide range of fabrics available in many different sizes, there is a product for almost any landscape application. These can be purchased online or at any of our depots.

View online

We also offer a variety of other landscape accessories in-store and online, including seasonal products for garden maintenance across all four seasons.

Weed Check Membrane

Guaranteed for 15 years, this is perfect for lining under aggregates and flower and vegetable beds.

Weed Check Ultra Membrane

Heavy duty and guaranteed for 25 years, this can be used for artificial grass, mulch areas and patios.

Ground Check Woven Membrane

This proves efficient for garden paths, decking and horse ménages, 25 year guarantee included.

Strata Check Plus Membrane

A heavy duty, stabilising and drainage membrane for all drainage applications and soakaway crates.

Don't forget Rock Salt...

Make your driveway safe and free from ice in the winter with our de-icing rock salt.

Incredibly high in performance, this rock salt will also create a guard against re-freezing.

Available in bulk bags and maxi bags.

SAiGE

Composite Products

View online

Established in 2010, SAiGE are proud to be one of the UK's leading stockists of composite wood products. They offer a hard-wearing, long-lasting alternative to traditional timber decking.

This award winning decking is a great value option, offering a range of decking for all budgets. Complete with a stunning finish, their Rustic range perfectly replicates timber decking.

Sustainable & Eco-Friendly

All of SAiGE's products are made from 95% recycled materials (50% wood and 40% plastic).

British Design

They have an award winning, British design, enduring an inspection once manufactured to ensure quality and consistency.

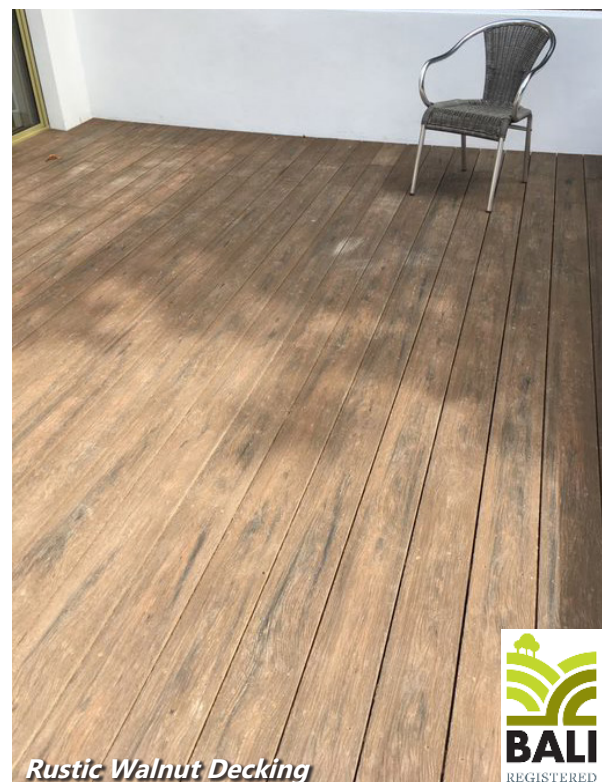

Easy to Install

The Hollow range includes simple clip fixings, making an easy job for the novice DIYer.

Child & Pet Friendly

Splinter-free, non-slip and hard-wearing, this decking is even safe in the rain as well as being mould resistant.

Rustic Walnut Decking

Grey Decking

The SAiGE Promise

“ Here at SAiGE, our products are our own, British design. Alongside our manufacturing partners, all our products are 100% quality inspected which ensures consistency and quality throughout our whole product range. High quality, high specification and high strength are at the forefront of everything we design. ”

Composite Prime[®]

Natural Evolution

This new and innovative decking is made from FSC[®] approved wood flour and recycled plastic, ensuring sustainability.

Due to its incredible durability, this will not splinter, warp or bend, making it safe for pets and children to play on.

Unlike traditional timber decking, it is also naturally resistant to mould and won't require any staining, painting or treating.

All of the boards are slip-resistant, the Dual range comes with a R10 skid value and the XS range has a R11 skid value, making both ranges suitable for commercial properties.

Low Maintenance & Long Life

FSC[®] Certified Wood & Recycled Plastic

Durable & Child Friendly

HD CLAD[®] PRO

A Composite Prime Product

HD Clad Pro[™] provides a low maintenance, durable alternative to traditional timber cladding. This composite cladding exclusively uses FSC[®] 100% certified hardwood flour and recycled plastic which produces high quality.

This is ideal for a variety of projects including private residential properties and multi-occupancy buildings such as hotels and educational grounds.

As a full cladding system, it offers fuss-free installation. The simple clip fixings and composite trims allow for an easy horizontal or vertical installation.

Available in four, natural colours, this can be purchased per board which measures 3.6m x 136mm x 22mm.

HD Cedar Grey

Composite Prime Decking

[View online](#)

Daltext

- Daltext is a beautiful and modern option for paths and driveways.
- With hundreds of combinations to choose from, you can even make your own blend.
- Resin bound aggregates are a mixture of 2-5mm stone, 1-3mm stone and sand in the ratio of 3:1:1.
- A stunning sheen is created by finishing the surface off with finely crushed glass.
- This product is BBA approved, meaning it has been tested by an industry approvals body to the highest standard.
- The range enjoys being slip-resistant, frost-proof, weed-proof and UV stable, ensuring there is no discolouration over time.

Daltex Resin Bound Aggregates

Devon Yellow

A beautiful colour consisting of gold, creams and chestnut tones. Available in 2-5mm aggregates.

Autumn Quartz

A popular blend of warm honey, yellow and cream colours. Available in 1-3mm or 2-5mm.

Beige

This angular, marble stone is made up of light cream and beige. Available in 2-5mm aggregates.

Black

This black aggregate is popular on its own or mixed with red or white. Available in 1-3mm or 2-5mm.

Silver

A stunning, silver, angular granite stone with dark grey flecks. Available in 1-3mm or 2-5mm.

White Flint

This white, angular, calcined flint stone has flecks of red and black. Available in 2-5mm aggregates.

Red

Highly versatile is this red, granite chipping, creating a striking feature. Available in 1-3mm aggregates.

Staffs Pink

This blend is a crushed, brown, purple and pink angular gravel. Available in 1-3mm or 2-5mm.

Celtic Plum

A highly durable, dark purple stone, perfect for commercial use. Available in 1-3mm aggregates.

Daltex Resin Bound Aggregate Blends

Seashore

A light and bright colour combination to replicate colours you can see at the seaside.

Cornfield

Whites, golds and soft yellows make up this warm and welcoming colour combination.

Dune

A sunny and sandy coloured finish is created with this combination of yellow and brown gravels.

Riviera

A sandy effect is created with these amber and silver speckles which create a beautiful combination.

Springtime

A popular blend for driveways is this stunning mix of gold, white, red and brown aggregates.

Golden Pearl

This natural colour combination consists of light yellows and different shades of brown.

Eden

All the beauty of autumn captured in one blend - complimenting planted and grassed areas.

AQUA FLOW

Did you know...

Our Resin Bound Aggregates are SUDS compliant, this means planning permission isn't required. They can withstand 850 litres of water per square metre per minute - that's a lot of heavy rain!

Daltex Resin Bound Aggregate Blends

Morning Mist

This colour combination consists of silver and cream tones to create a luxurious, pearl finish.

Titan Silver

Stunning, silver speckles make up this colour combination and look great paired with a black border.

Oyster

Natural, light quartz colours make up this blend with flecks of black to add depth and character.

Moon Shadow

A contemporary and clean finish is created with this blend of angular, silver/grey and black aggregates.

Harlequin

Beautiful contrasts of silver and black make up this sophisticated blend for stylish paths and drives.

Slate Grey

An attractive, slate grey blend permeated with lighter shades of grey for a timeless finish.

Eclipse

Jet black colours interspersed with silver flecks to create a sparkling colour combination.

Polaris

This blend of black and silver grey produces a granite-like surface, perfect for a pedestrian setting.

Onyx

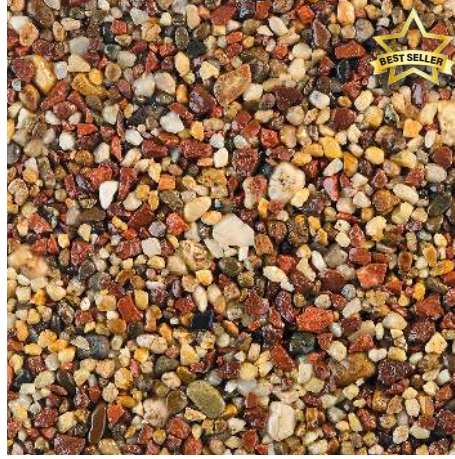

A black aggregate with a shiny finish which is versatile and perfect for creating bold contrasts.

Daltex Resin Bound Aggregate Blends

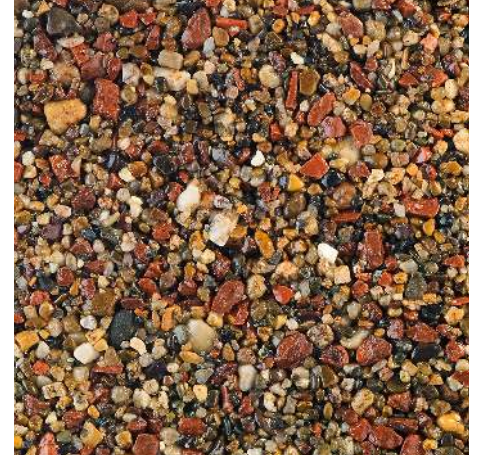

Cappuccino

A warm blend of yellow, gold and brown to create a natural looking path or driveway.

Sienna

Perfectly complimenting red brick houses, this blend consists of reds, browns and oranges.

Rose Garden

This blend of round, shiny pebbles and granite stone contain beautiful red and gold highlights.

Carnival

A gorgeous combination of red and gold tones create a warm and homely feel.

Athena

Popular for creating design features, this blend of brick red and silver make an eye-catching feature.

Merlot

A strong, rich, burnished red that creates a statement whether used on a driveway, path or as a feature.

Sorrento

This striking blend of red and dark green have a defined, angular look, perfect and practical for driveways.

Specialist Equipment

As well as stocking every aspect of a full resin kit, we also stock all of the equipment you'll need to deliver the best results for your resin bound aggregate installation.

M11 Baron Mixer

This forced action mixer ensures the best performance due to its high quality, ergonomic design.

Wooden Levelling Lute

Light and easy to use, this is the perfect tool when it comes to evenly spreading resin aggregates.

Sample Display Case

Ideal for showing customers the blends; this contains 23 samples and 15 customisable brochures.

Resin Trowel Set

Containing 3 different sized pointed trowels and a 20mm detail trowel, this is a must-have.

Aluminium Spazzle

The essential tool when it comes to accurately levelling resin aggregates while standing.

BBA Approved Installers

You can become a BBA approved installer by attending a Daltex Training Course.

Trade Deals

We offer different kits for members of the Trade with the chance to spread the cost! These kits include everything you need to kick-start your resin journey, including a presentation kit, 25 brochures, all the essential equipment and up to £3000 of material credit!

*Personal application required, subject to acceptance.

CORE Edging

CORE offer a complete range of flexible, steel edgings and pre-rolled tree rings designed to create the perfect edge restraint for a variety of landscaping applications.

This range features ground spikes; incorporating a unique fold along its centre to provide maximum strength to reinforce the spike, making it ideal for use in tougher ground conditions.

Each pack contains five lengths which measure 1075mm. Different heights are available in sizes: 65mm, 100mm and 150mm. The easy to install expanding clip and galvanised rebar means you can reinforce the ground spike by an additional 300mm.

Three different finishes are available: galvanised steel, powder coated steel and cor-ten steel. The powder coated range consists of five colours.

CORE Grids

CORE also provide the answer to creating safe, gravel paths, driveways and access roads.

CORE Path consists of a honeycomb structure and is made from high quality, polypropylene material with a geotextile membrane firmly attached to the underside to prevent weed growth.

CORE Drive is the UK's best-selling grid, produced to be practically invisible once filled with gravel. These stabilising cellular grids create a naturally porous base into which gravel sits and can be laid over existing driveway surfaces.

CORE Commercial grids have been specifically developed to withstand heavy commercial traffic. The perforated base means you can achieve maximum strength and stability without affecting the porosity of the surface. We sell the black version which is made from 100% recycled HDPE.

CORE Edging & Grids

Flexible Steel Edge, Galvanised

This cost-effective, steel edging has a 20 micron galvanised zinc coating for a long-life guarantee.

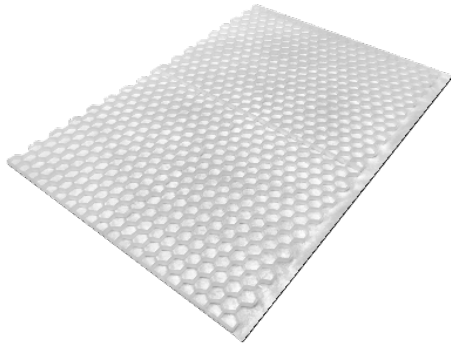

Flexible Steel Edge, Coated

Consisting of five popular colours, this is finished with a 110 micron polyester powder coating.

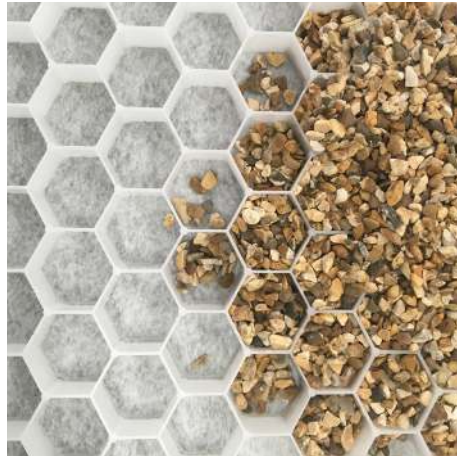

Flexible Steel Edge, Cor-Ten

This high grade, weathering steel has a unique look and naturally oxidizing finish.

Path Grid

Perfect for gravel paths to withstand wheelie bins, wheelbarrows, pedestrians, bicycles and more.

Drive Grid

This grid is specifically designed for drives and access roads, practically invisible once filled with gravel.

Commercial Grid

Developed to withstand heavy traffic, making it ideal for car parks and caravan parks.

DIY Essentials

Offering long-lasting DIY solutions is their range of tools and equipment, for jobs big or small.

Construction Accessories

OX offer innovative solutions for the construction trade, including wrecking bars and builders line.

Got a question? We've got the answers

When revamping your garden, browsing through the different choices can be overwhelming. Whether you're taking on the project yourself, or hiring a landscaper to help, transforming your garden is a big task. Below are some FAQs from our customers to help make the decision a bit easier.

Q Is Porcelain Paving slippery?

A All of our outdoor porcelain paving achieves the UK minimum requirement of an R11 skid value. Floor surfaces are measured between R9 and R13, R11 value means this will maintain good grip when wet, making it suitable for pool surroundings.

Q What's the best way of keeping my patio clean?

A It's best practice not to leave debris on your patio, and to sweep it regularly to avoid any marks or stains. It's always advised to jet wash this at least once a year; we recommend using Azpects Patio & Deck Cleaner for best results.

Q Can you give time slots for deliveries?

A We are unable to give specific time slots for deliveries, however, we can give you an exact date and an indication of whether it will be in the morning or afternoon. With your permission, we can also deliver when you're not there.

Q If I have more than one crate of paving, should I lay the slabs from one crate or randomly from different crates?

A If you've bought sandstone or limestone, it's best to randomly take from different crates because of the colour variance. If it's porcelain, take from the same crate and ensure the batch numbers match as these should all be uniform.

Q Can I take a sample away?

A Yes. We understand that you may want to take a sample of paving or stones to place in your garden to double check the colours, especially if you're trying to colour-match existing features. We offer samples of nearly all of our products - just ask in-store!

Q What is your returns policy?

A We accept returns of any product within 28 days of purchase. Proof of purchase must be provided and the returned items must be unused and as sold. The customer is responsible for the cost of returning the product.

Q Do you carry out the landscaping work?

A We are the suppliers of landscaping and building materials and therefore don't provide this service. However, we are more than happy to recommend one of our trusted, regular landscapers that carry out work in your area.

Q How can I get an accurate quote for delivery in my area?

A Our website reflects our current prices. Bulk discounts apply on aggregates depending on the quantity you buy. Simply find a product and type in your postcode; this will give you an accurate price including delivery and any bulk discounts.

Terms & Conditions

THE BUYERS ATTENTION IS IN PARTICULAR DRAWN TO THE PROVISIONS OF CLAUSE 7

1. Application of Terms

In these terms and conditions ("Terms") "we" or "us" means Dorset Soils & Aggregates Limited specified in the contract for the sale of goods to you and "you" means the buyer and "our" and "your" shall be construed accordingly.

Each order for goods by you to us shall be deemed to be an offer by you to purchase goods subject to these Terms. Subject to any variation under clause 1.4 the Agreement will be on the Terms to the exclusion of all other terms and conditions (including any terms or conditions which you purport to apply under any purchase order, confirmation of order, specification or other document).

No terms or conditions endorsed upon, delivered with or contained in your purchase order, confirmation of order, specification or other document will form part of the Agreement simply as a result of such document being referred to in the Agreement.

These Terms apply to all our sales and any variation to these Terms and any representations about the goods shall have no effect unless expressly agreed in writing and signed by one of our authorised representatives.

No order placed by you shall be deemed to be accepted by us until a written acknowledgement of order is issued by us or (if earlier) we deliver the goods to you.

Any Quotation is given on the basis that no agreement will come into existence until I we despatch an acknowledgement of order to you and such Quotation may be altered or withdrawn without notice by us. Any Quotation is valid for a period of 30 days only from its date, provided that we have not previously withdrawn it.

You must ensure that all information which is prepared by you is complete and accurate.

2. Estimates and Fitness for Purpose

You acknowledge that you do not rely on, and waive any claim for breach of, any representations made by our employees or agents. This Agreement and any terms contained in our written acknowledgement of order supersede any prior arrangements. Any estimates of guarantees needed or advice or recommendations as to the suitability or fitness of any goods for any particular purpose given by our employees or agents, is given without liability on our part. You will be entirely responsible for ascertaining the quantities required and the suitability and fitness of goods for their purpose.

You acknowledge that we are entitled to rely on all information provided by you or any persons who are working for you and you warrant that it is accurate.

3. Terms of Payment

Credit accounts may be opened, subject to all satisfactory credit references being obtained, in our sole discretion. Payment for goods supplied on a credit account shall be due and payable not later than the last day of the month following the month of delivery of the goods. If you default in making payment as aforesaid or we consider that your financial position no longer justifies such credit arrangements then the entire balance of your account shall be payable forthwith and we shall be entitled to charge interest on the account, together with costs and expenses, in accordance with clause 4.4.

Subject to clause 4.1, for all retail transactions payment shall be in cash to be paid either prior to or at the time of order. If cash is not paid with the order, we have the right to require cash on delivery.

You may not withhold or set off payment of any amount due to us whether in respect of any claim by you relating to goods supplied by us or for any other reason which we do not admit liability.

If you fail to make any payment on the due date then, without prejudice to any other right or remedy available to us, we shall be entitled to:

Cancel the contract or suspend any further deliveries to you;

appropriate any payment made by you to such of the goods (or the goods supplied under any contract between you and us) as we may think fit notwithstanding any purported appropriation by you; and

charge interest to you at the rate of 8% above the base rate from time to time of National Westminster Bank PLC on the unpaid balance; this interest shall accrue on a day to day basis from the date due for payment until receipt by us for the full amount whether before or after any judgment; and

be indemnified by you against all costs and expenses (including legal costs and expenses on a full indemnity basis) incurred by us in recovering sums due or in exercising our rights pursuant to clause 4.

Interests costs and expenses shall be due and payable pursuant to the foregoing clauses notwithstanding the fact that a portion of the account is subject to any dispute or query.

If at any time you are an existing credit account customer and intend, being a company, to alter your constitution or, being a sole trade or partnership, to become incorporated or amalgamated with others, it shall be your duty to give prior written notice to us of the intended change if you wish to continue credit account facilities following the intended change. Continuance of trading with the amalgamated entity or commencement of trading with a new entity shall be in the sole discretion and only deemed undertaken by us if a written acknowledgement is issued by our Credit Controller or one of our Directors. You agree that we may obtain, retain, and provide to third parties, references as to your financial standing.

4. Delivery

Delivery will occur when the goods are ready for unloading at the delivery address, or when you take possession of the goods at our premises whichever is the earlier. Delivery dates or times mentioned in any quotation or acknowledgement of order or elsewhere are approximate and not of contractual effect and we shall not be liable to you for any failure to deliver on any particular date or dates, or at any particular time, nor shall time be of the essence of any contract or shall it be possible to make time of the essence. Our obligation to deliver is conditional upon there being suitable access to the point where delivery is requested by you or persons working on your behalf and such delivery point being suitable. If no such access exists delivery will be made to the nearest point to the desired delivery point to which, in the opinion of the driver, the vehicle can safely proceed and unload. For the avoidance of doubt, all elements of delivery are at the driver's discretion. (Our drivers are governed by strict guidelines relating to Health and Safety.) You must read our delivery service sheet. If you are in doubt about the delivery point we can provide more detailed information regarding our requirements.

Except where we have agreed to provide a vehicle mounted crane, you will provide all necessary labour and equipment required to unload materials promptly.

If you or a person working for you is not present at delivery and/or you refuse or fail to take delivery of goods tendered in accordance with the contract we shall be entitled to immediate payment in full for the goods so tendered and we shall be entitled to store the relevant goods at your risk and you shall in addition to the purchase price pay all costs of such storage and any additional costs or carriage incurred as a result of your refusal or failure. If you or a person working for you is not present we reserve the right to deliver the goods.

On your request, we will within 1 month of delivery, provide evidence of delivery of goods ordered, such as a copy of a delivery note. If you do not raise any query about delivery within such period, the goods shall be deemed to have been delivered in accordance with your order.

In the event of any breach of your obligations under this clause and/or your failing to provide unrestricted access to enable us to make a delivery in an efficient manner then you agree to indemnify us against any cost, claim, loss or damage arising there from.

The risk in the goods shall pass to you upon delivery.

We have introduced a wasted delivery charge for those jobs where we travel to the customer and we can't deliver or do the muckaway. Obviously this is not for those instances where we make a mistake, just for those where we can't reach the muckaway or we are unable to leave the delivery for example. It's £60 plus vat and will be showing on the sales orders and invoices shortly.

5. Title of Goods

Ownership of the goods shall not pass to you until we have received in full (in cash or cleared funds) all sums due to it in respect of: the goods; and all other sums which are or which become due to us from you on any account.

Until ownership of the goods has passed to you, you:

must hold the goods on a fiduciary basis as our bailee; may sell and deliver the goods to third parties in the ordinary course of your business, acting towards such third parties as a principal and not as your agent, but you shall hold all proceeds of sale on trust for us in a separate bank account; must store the goods (at no cost to us) separately from all other goods of yours or any third party in such a way that they remain readily identifiable as our property; must not destroy, deface or obscure any identifying mark or packaging on or relating to the goods; must maintain the goods in satisfactory condition and keep them insured on our behalf for their full price against all risks to our reasonable satisfaction. On request you shall produce the policy of insurance to us; and must hold the proceeds of the insurance referred to in clause 6.2.4 on trust for us and not mix them with any other money, nor pay the proceeds into an overdrawn bank account.

The authority given to you pursuant to clause 6.2.2 will continue until I otherwise notified to you by us or until I the happening of any of the following events (whichever

Terms & Conditions

is earlier); any notice to you that an administrative receiver or the other receiver or manager is to be or has been appointed in respect of your undertaking or a material part thereof or other property or assets; any notice to you that a petition to wind you up is to be or has been presented to you under Section 124 of the Insolvency Act 1986 or otherwise or any notice to you of a proposal to pass a resolution to wind you up (including any proposal by you so to do); a decision by you to make a voluntary arrangement or composition with your creditors or any notice to you and/or any of your creditors that a proposal for the same is to be or has been made; you becoming unable to pay your debts as such expression is defined by the Insolvency Act 1986; any notice to you that you are to be the subject of a petition for an administration order or the making of any administration order in respect of you. And you shall immediately notify us in writing upon the happening of such an event; or our believing that any of the above is likely to occur.

On receipt of written notice from us or on the happening of any events set out in clause 6.3 your authority to sell our goods shall immediately be with-drawn and all such products made there-from shall immediately be delivered to us at your cost and risk.

Whilst every care is taken, As with all natural stone paving and porcelain paving we cannot guarantee colour matches / shade variants.

6. Liability

You shall inspect the goods upon delivery. We cannot be held liable for damage or effects to products due to natural occurrences such as infestation, fungi and other such like, and any effects on products caused by poor workmanship. We will make good at our option by repair or replacement any defects in the goods due solely to defective workmanship or materials which are notified in writing to us and, in the case of any defect discoverable upon reasonable examination, such notification must be made within 2 working days from the date of delivery and, in the case of any defect not discoverable upon reasonable examination, such notification must be made within 2 working days of the date the defect is actually discovered provided that:

our above obligations shall not extend to defects caused by wilful damage, negligence (other than our employees or agents) fair wear and tear, alteration or repair of the goods without prior written approval, or incorrect storage, application, movement or installation;

we shall not be responsible either for cost of removing any defective goods from any place where they have been installed or affixing in such place any repaired or replacement goods unless the same shall have been previously agreed in writing by one of the directors; and

our above obligations shall in any event only apply for a period of twelve months from the date of delivery.

We will not accept liability for shortages in quantities delivered unless you notify us of any claim for the short delivery of the goods within 2 working days of delivery. In such circumstances our liability shall be limited to making good the shortage.

Our liability in respect of any goods not manufactured by us, but supplied by us shall be to give you the benefit of any manufacturer's guarantee or other rights (if any) which are available to us against the manufacturer or its own supplier of such goods or materials.

In any event our aggregate liability under or in relation to any supply of goods that are supplied pursuant to any one order shall be equal to 1.5 times the price paid to us in relation to such order.

Save as set out in these conditions and save for breach of our undertakings as to title implied by statute, all express or implied conditions, representations or warranties as to description, quality or fitness of the goods or otherwise are expressly excluded. We shall not be liable for any consequential, in-direct or economic loss or for any loss or depletion of profits, business, revenue, goodwill or anticipated savings (whether arising from breach of contract, tort (including breach of statutory duty and negligence) misrepresentation or otherwise.

Where fine or special tolerances are required in goods supplied beyond those generally accepted in the building trade, no liability shall attach to us unless such fine tolerances are notified in writing to us at the time of order and we have acknowledged in writing that we are prepared to accept such order.

Where the goods are sold under consumer sale your statutory rights are not affected by these conditions.

On request, we will provide information about any guarantee offered by a manufacturer available to you in respect of the goods.

Nothing in this Agreement shall exclude our liability to a greater extent than is permissible by law.

7. Cancellation of Orders

Subject to clause 9.2 we may in our sole discretion accept or reject the cancellation of any order after we have accepted such order. We will not accept the cancellation of an order for goods which are to be specifically made or obtained or which are liable to deteriorate or expire rapidly after we have accepted such an order nor will any allowance be made in respect of such goods when they are subsequently returned.

Subject to clause 9.3, where you are a consumer under a "distance contract", both as defined in the Customer Protection (Distance Selling) Regulations 2000, you may cancel the order within 14 working days after the day the goods are delivered. You must then either return the goods to the branch from which they were delivered or request us to collect the goods and in the latter case you will be liable to pay our costs of collection.

You will not have a right of cancellation under clause 9.2 where the goods are made to your specification or are personalised or are liable to deteriorate or expire rapidly.

8. Return of Goods

We may in our sole discretion accept or reject the return of any goods which have been incorrectly ordered. If we decide to accept the return of such goods, such acceptance shall be upon such terms as we may determine and in particular we reserve the right to charge for the carriage and handling of such goods. We will not accept the return of goods which are liable to deteriorate or expire rapidly.

We will only consider refunds or exchanges within 28 days of the original purchase. Proof of purchase must be provided and the returned items must be unused and as sold. The customer is responsible for the cost of returning the product.

9. Termination

If in the event that:

you make a proposal for or enter into a scheme of arrangement or a composition with your creditors or fail to comply with a statutory demand for the repayment of a debt within the time therein allowed, or become apparently insolvent; or

(where you are an individual or, where you are a partnership, in the case of any individual partner) an application is made to the court under part VIII of the Insolvency Act 1986 for an interim order for the purpose of a voluntary arrangement or an order is made for the administration of your estate pursuant to Part VI of the County Courts Act 1984 or a bankruptcy petition relating to you is presented to the court if you are adjudged bankrupt; or

(where you are a company) a petition for an administration order is presented to the court pursuant to Part II of the Insolvency Act 1986 or you pass a resolution or the court makes an order that you should be wound up (otherwise than for the purpose of amalgamation or reconstruction) or a receiver or administrative receiver is appointed of any of your assets or undertakings or circumstances arise which entitle the court or a creditor to appoint a receiver or administrative receiver; or

(where you are either a company or a partnership) circumstances arise which entitle the court to make a winding-up order; or

(whether you are a company, a partnership or individual) you take or suffer any similar action in consequence of debt; or

you commit a material breach of this Agreement we may stop any goods in transit and suspend further deliveries and may forthwith terminate the contract without prejudice to the continuation of all our rights hereunder and to any existing claims. Where goods have been delivered but not paid for, the amount shall become immediately due and payable and where goods have been ordered but not delivered we shall be entitled to cover all losses suffered by us in relation thereto.

10. General

The failure by either you or us to exercise or enforce any rights conferred by the contract shall not be deemed to be a waiver of any such rights nor operate so as to bar the exercise or enforcement of such right at any time thereafter.

Certain products supplied by us could if incorrectly used give rise to risks to health and safety, information in respect of such is available from us. You undertake to us that you will ensure compliance so far that is reasonably practicable by your employees, agents, licensees and customers with any instructions given by us or the manufacturer for the purpose of ensuring that the goods will be safe and without risk to health when properly used and will take any other steps or precautions, having regard to the nature of the goods, as are necessary to preserve the health and safety of persons handling, using or disposing of them.

This Agreement is between us and you as principals and is not assignable without our consent. This Agreement shall be governed by and construed in all respects in accordance with English law and each party hereby irrevocably submits to the non-exclusive jurisdiction of the English Courts.

Any notice required to be given hereunder shall be sent to the address of the recipient given on the order. A notice shall be deemed to have been served if by hand when delivered, if by telex or facsimile, when sent and if by first class post 48 hours after posting.

The marginal notes are for reference purposes only and do not limit or otherwise affect the interpretation of the foregoing conditions.

Each of the Clauses and sub-clauses of these Terms shall be construed as separate and severable.
