CARE & CLEAN

Outdoor materials are exposed to various forces of nature. It's important to regularly take care of your furniture. Jati & Kebon uses base materials of the highest quality, to ensure maximum resistance over time. Yet, cleaning and protecting your furniture seasonally will increase its lifespan for sure.

What tool to use?

In general: avoid harsh treatments. Avoid using any abrasive products or tools on materials like aluminium, ceramic and synthetic materials, as these can cause scratches. We recommend Jati & Kebon soft scrubbing pads; suitable for cleaning every surface. Do not powder-wash or use chlorine bleach, oils, and avoid abrasive cleansers. Test new solutions on a hidden area. After cleaning use the application cloths to apply an outdoor furniture protector.

TEAK
CLEANER & PROTECTOR

If teak remains untreated, this silver-grey patina deteriorates to a dark-grey and greenish. A transparent protector makes the wood water- & dirt repellent and helps to prevent stains while keeping the natural look. Apply a non-hazardous teak cleaner to clean and restore discoloured, dark grey teak and hardwood. Use the appropriate tools and avoid using a hard brush to clean your teak furniture.

FABRICS & ROPE

CLEANER & PROTECTOR

The best and simplest way to preserve the beauty, comfort and performance of fabrics is by brushing off any dirt before it gets entrenched, as well as by cleaning up any spills or stains with soap and water shortly after they occur, when they are easiest to remove. We recommend our Fabrics & Rope Cleaner.

Jati & Kebon Furniture's cushion covers and fillings are made to dry easily and properly with improved water draining, making them develop less mildew and moulds.

You can keep your fabrics looking better for longer when you regularly give them a treatment with a Fabric Protector.

MULTISURFACE

CLEANER & PROTECTOR

Jati & Kebon aluminium furniture is protected by a high-quality, water-repellent powder coating. The resulting finish is knock and scratch resistant, impregnable to moisture, highly resistant to corrosion and easy to clean.

Make sure to handle the furniture with care, avoiding scratches and dents that could damage the coating, making your furniture more vulnerable to the elements. Also watch out for corrosive liquids like sunscreen and cosmetics.

It's recommended to further improve the resistance by applying an extra layer of protection with the Multisurface Protector.

You want to communicate a level of luxury and comfort, a certain look and feel, and the way in which you embrace cultural and environmental surroundings. While it's vital to include all this in your interior decoration, you shouldn't overlook the importance of the outdoor areas.

Are clean lines and sleek, contemporary designs best suited for your outdoor spaces? Or would rustic beauty and charming detail emphasise the splendour of your gardens?

Jati & Kebon's outdoor furniture is tailored to your unique style and identity while highlighting the distinctive features of your garden and outdoor space.

Whether you are looking for lounges for poolside relaxation, lounge suites for rooftop terraces or fashionable dining tables that demand delicious meals and jubilant conversation, we are happy to draft a proposal tailored to you, your unique identity and the expectations of your clientele.

As we manage every step of our furniture production ourselves, we are capable to provide high-quality at attractive prices. Every piece is made from strong, robust materials such as aluminium, teak, and wicker. Reliable yet lightweight, they are easy to move around. We select our fabrics and colours carefully, to ensure they withstand various weather conditions while staying immaculate for years.
