# DOOR STYLES

Did You Know?

All the joints on  
5-piece doors are  
glued and doweled  
for super  
strong joints!

# Shaker

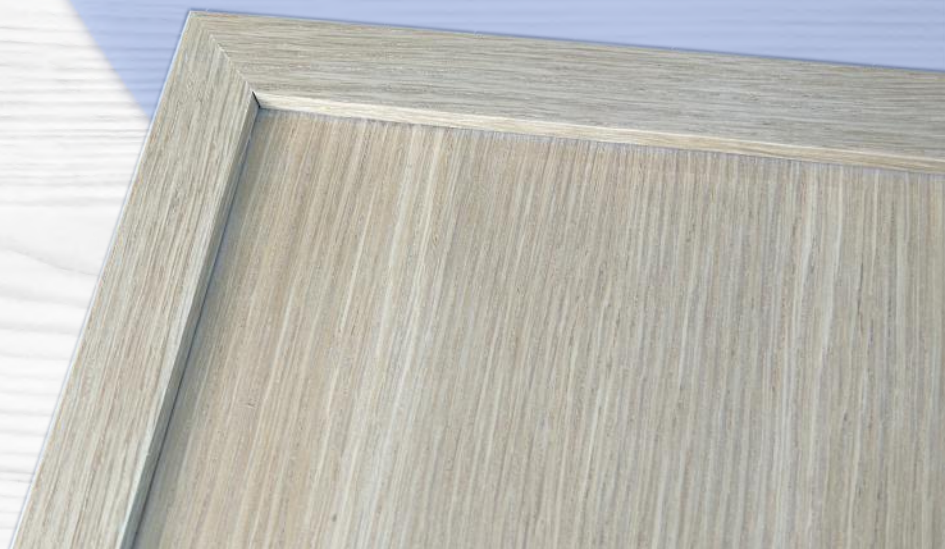

Timeless and versatile, the Shaker style door brings understated elegance to any space. Its clean lines and warm wood tones seamlessly blend into both rustic country retreats and sleek modern homes, making it the perfect choice for those who value enduring style and functionality.

# Skinny Shaker

Patterned after the classic Shaker door, the Skinny Shaker style offers a sleek twist on a timeless design. Its distinctive feature is a narrow frame that adds a touch of delicacy and refinement, while maintaining the simplicity and clean lines that Shaker doors are known for. Perfect for spaces where a subtle, understated look is desired.

# Chamfer

Bridging the gap between classic and contemporary, our transitional chamfer doors with flat panels offer a versatile design solution. The subtle angled edge adds a touch of sophistication, while the flat panel provides a clean and modern look. Perfect for homes that blend traditional and modern elements, these doors bring a sense of balance and harmony to any space.

# Rail

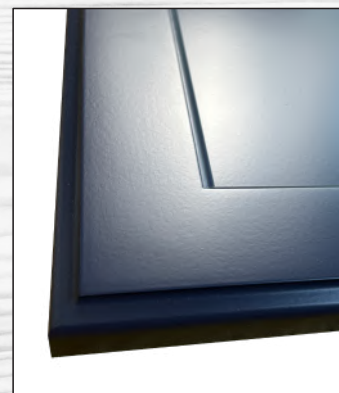

Our Rail door features a soft contour profile that adds a touch of warmth and elegance to any kitchen. With its subtle curves and classic design, this door style is perfect for traditional, farmhouse, or country-style homes where a cozy and inviting atmosphere is desired. The Rail door's timeless appeal makes it an excellent choice for kitchens that value comfort, simplicity, and rustic charm.

# Cope

Perfect for transitional homes that seamlessly blend traditional and modern elements, our cabinet doors with a cope profile bring a touch of timeless sophistication to any kitchen. The subtle, detailed molding adds depth and nuance, striking a beautiful balance between classic elegance and contemporary style.

# Contour

Our cabinet doors with a contour profile feature a soft, curved design that adds warmth and visual interest to any kitchen. With its elegant, flowing lines, this door style is perfect for traditional, cottage, or coastal kitchens where a touch of classic charm is desired. The subtle curves create a soothing atmosphere, making it ideal for homes that value warmth and character.

# Davis

Born from a custom request, the Davis door profile has become a customer favorite for its unique blend of style and versatility. Characterized by a wider profile with a subtle angle, this door features clean lines and a flat panel that adds a sense of calm elegance to any space. Its distinctive design has captured the hearts of many, making it a go-to choice for those seeking a stylish and timeless look.

# Fairbanks

Welcome warmth and character into your home with the timeless elegance of our Fairbanks style door. Featuring classic craftsmanship and subtle detailing, this door's warm, inviting design effortlessly blends traditional charm with versatile functionality. Perfect for transitional spaces or classic abodes, its beautifully crafted details create a stunning first impression, setting the tone for your home's unique style and welcoming warmth.

# Slab

Experience the clean lines and sleek sophistication of our flat slab doors, perfectly suited for modern homes with a minimalist aesthetic. With its smooth surface and subtle simplicity, this door style seamlessly integrates into contemporary spaces, creating a sense of calm and serenity. Ideal for those who appreciate understated elegance and modern design.

# Raised Panel

Add a touch of rustic charm to your country or vintage home with the classic raised panel door. Its traditional design and warm details perfectly complement the character of historic homes, farmhouses, and cozy cottages. With its timeless appeal and vintage flair, this door style is the perfect fit for those seeking to preserve the authentic feel of their home.

# Slab vs. 5-Piece Drawer Fronts

## Did you know?

A slab drawer front features a flat, solid piece of material with no raised panels or details, offering a sleek, modern look. In contrast, a 5-piece drawer front consists of a frame and panel construction, typically with a raised or recessed center panel, surrounded by a frame with a separate top rail, side stiles, and bottom rail, creating a more traditional and detailed appearance.
