CERAMIC COATING EXPERTS & HOUSTON'S ONLY C6 CERAMICS CERTIFIED PROVIDER

C6 Ceramics' Hydro and Diamond Gloss coatings are nano-diamond-infused, lifetime barriers engineered through 50+ years of R&D to dominate Texas heat and humidity.

While we hold certifications from several top-tier brands, earning C6 certification was on another level—rigorous, exclusive, and only granted to those who meet their elite standards. That's why we offer only DIY Detail (C6's parent) and C6: because nothing else measures up. If you want the best, this is it.
