## FALK QUADRIVE SHAFT-MOUNTED GEAR DRIVES

### WHY UPGRADE TO FALK QUADRIVE?

- **Durability:** Heavy-duty seals handle high temperatures —preventing leakage & gearbox failure.
- **Large Bearing Capacities:** Tapered roller bearings provide large overhung & thrust capacities.
- **Universal Mounting:** Shortest required shaft length in the industry ensures FALK can mount onto any head-shaft.
- **Easy Installation:** Single TA bushing allows for fast & simple installation.
- **Heavy-Duty Warranty:** Quadrive is backed by a three-year warranty providing protection on all Quadrive components.
- **Lifetime Removal Guarantee:** Guaranteed to come off the shaft or Regal Rexnord will replace it for free!
