Perfect for smaller spaces, and with all the benefits of the iconic MultiDrawer, you can stay organised while working comfortably and maximising space.

With a ‘multi-tude’ of options, whether you already have a MultiDrawer or you’re looking to buy one, the versatile MultiDesk allows you to build your own unique arrangement to suit your needs. Elevate an existing MultiDrawer by adding a desktop, and choose from steel hairpin or beautiful wooden legs, as needed. Or, buy a desktop for two MultiDrawers to revamp your existing storage into a stylish & chic working desk.

Poise

Designed to fit seamlessly into any working environment, the unique steel sleeve provides suspended under-desk storage to enable a clutter free worksurface, leaving you space to focus and function on your busy working day.

Pebble

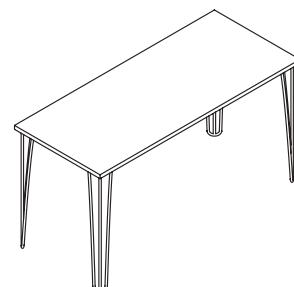

Pebble is our simple, sleek, and effortless desk which is rounded in more ways than one.

Bringing the contentment of outside inside, Pebble replicates the softened edges of a sea worn stone, evoking feelings of calmness and mindfulness.

Its Perfect Sense desktop surface is velvety smooth to touch, while also being exceptionally durable, with anti-abrasion and scratch resistant qualities. Pebble is practical and hardwearing, yet soft and comforting – all without compromising its contemporary design.

The scalloped plywood edge detail at the back is perfect for simple cable management, allowing a neat and tidy workspace. Pebble’s modern hairpin legs are elegant and stylish and come in a variety of colours. Select your favourite Pebble colour combination to suit your personality and home aesthetic, whether that’s neutral and earthy, or bright and bold.

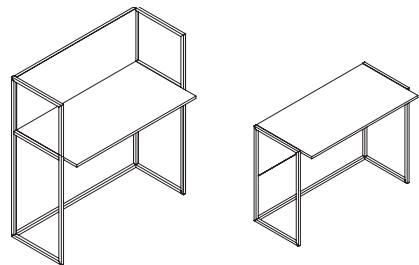

Pebble - a smoother way to work.

Outline Home

We provide the Outline; you do the rest.

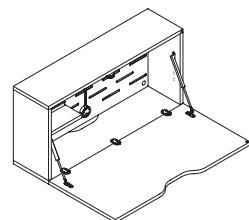

There are a selection of floor standing frame options, ranging from two-tier to five-tier high. With a choice of two depths to suite perfectly with our existing range, all frames are available with either steel or oak wood shelves.
