# ARTFORM MODULAR PANELS

This revolutionary system utilizes a large-format modular panel system to create infinite design possibilities with ease. High-strength concrete is mechanically fastened with stainless steel hardware that creates little to no mess or disruption. Panels are sized in modular shapes to quickly and efficiently construct outdoor kitchens, seating, planters, fire features, and more!

# BUILDING BLOCKS

Building Block products quickly assemble into a virtually limitless combination of configurations. Each piece is made of glass-fiber reinforced concrete (GFRC) which can be installed on any solid flooring surface without concrete footings or rebar. Eliminated is construction waste and additional time associated with traditional masonry block installations. Building Block products can be assembled in just hours; even cut-outs for custom features such as barbecues, sinks, drawers, and burners can be done on-site.

# OUTDOOR GRILLS

## Endless Enjoyment

With the combination of convenience and a sophisticated sleek look, grills are the hub of outdoor entertainment. And with a wide array of accessories and features like warming drawers, extra burners, rotisseries, storage, refrigeration, and more, you'll have all the ingredients you need for dining alfresco.

Blaze gas grills are an affordable commercial-style grill that feature precision cut, 304 stainless steel components that bring the promise of lasting durability to your outdoor BBQ. They have a lifetime warranty that warrants against any defects in the manufacturing and workmanship of the main burners, cooking grids, body, flame tamers, heat zone separators, warming rack, and control valves.

## GENERAL FEATURES & SPECIFICATIONS:

- Commercial Quality 304 Stainless Steel Burners
- Burner BTU: 14,000
- Rear Rotisserie Burner: 10,000
- Heavy 8mm Stainless Steel Cooking Rods
- Push and Turn Flame-Thrower Primary Ignition System
- Flash Tube Ignition and Crossover Provide an Alternate Ignition Option
- Removable Warming Rack
- Heat Zone Separators Provide Individual Temperature Zones
- Flame Stabilizing Grids That Minimize Flare-ups
- Full-width Drip Tray for Quick Clean Up
- Double-lined Grill Hood
- Lifetime Warranty
- Fuel: Natural Gas or Propane

## BLAZE 32" LTE 4-Burner with Rear Burner and Built-In Lighting System

### General Specifications:

- (4) 304 Stainless Steel Burners
- Total Burner BTU: 56,000
- Rear Rotisserie Burner: 10,000
- Total cooking Space: 740 sq in
- Cooking Grid Dimensions: 29.5" x 17.875"
- Fuel: Natural Gas or Propane
- Illuminated Control Knobs and Interior Lights
- Double-Lined Grill Hood
- Cut-Out Dimensions: 8.5"H x 30.625"W x 21.25"D

## BLAZE 44" PRO 4-Burner with Rear Rotisserie

### General Specifications:

- (4) 304 Stainless Steel Burners
- Total Burner BTU: 72,000
- Rear Rotisserie Burner: 10,000
- Total cooking Space: 794 sq in
- Heat Zone Dividers
- Fuel: Natural Gas or Propane
- Illuminated Control Knobs and Interior Lights
- Double-Lined Grill Hood
- Cut-Out Dimensions: 10.5"H x 42.5"W x 23.625"D

## BLAZE 25" PRELUDE 3-Burner

### General Specifications:

- (3) 304 Stainless Steel Burners
- Total Burner BTU: 42,000
- Heavy 8mm Stainless Steel Cooking Rods
- Total cooking Space: 558 sq in
- Heat Zone Separators
- Fuel: Natural Gas or Propane
- Flame Stabilizing Grids
- Double-Lined Grill Hood
- Cut-Out Dimensions: 8.5"H x 23.25"W x 21.25"D

Every Delta Heat grill is a distinct blend of modern design and classic elegance, making them a perfect choice for both traditional and contemporary architecture. Each grill combines direct heat from specifically placed ports and channels with radiant heat from the unique ceramic briquette grates, allowing your grill to reach higher temperatures and distribute heat evenly - ridding your grill of hot and cold spots.

## GENERAL FEATURES:

### **Ceramic Radiant Grilling System**

Unique and distinctive ceramic briquette trays above the burners provide radiant heating that's usually only found in charcoal grilling. This feature disperses heat evenly across your grill surface.

### **18-Gauge U-Burners**

Heavy duty stainless steel U-shaped burners ensure a long-lasting, quality burner that can produce an immense amount of heat.

### **Interior Halogen Lighting**

Interior mounted halogen lamps provide high quality and durable lighting for grilling at night.

### **Double Lined Hood**

Thick, double-lined stainless steel hood ensures high quality heat retention when the lid is closed, while also ensuring the outside will not be hot to the touch - for added safety.

### **Analog Temperature Gauge**

Accurate thermometer gauge embedded into the hood's exterior allows proper control over your grilling temperature.

### **Electronic Ignition**

High quality 9-volt electronic ignition ensures startup will be quick and easy, every time.

### **Mirror Polished Accents**

Precise polished accenting distinguishes Delta Heat grills as a quality product, with unmatched aesthetic appeal.

### **Infrared Rotisserie Burner**

An optional infrared rotisserie burner with included rotisserie allows restaurant quality rotisserie cooking.

Twin Eagles creates sleek, luxurious, and meticulously engineered grills, as beautiful as they are high performance. They embrace the very highest standards in design and manufacturing. All of their products are made in the USA by the finest craftspeople in the industry. Grilling performance and culinary perfection all come together in a gorgeous grill machine that features an innovatively engineered five-component system, designed for the ultimate grilling synergy.

## GENERAL FEATURES:

**The Sear Zone** sears foods faster with 25,000 BTUs of direct, intense infrared heat to seal in natural juices, for moister, more flavorful foods.

**Exclusive Control Illumination** features a highly visible graduated line that glows indigo blue. A control knob indicator notch illuminates to give a precise control knob setting.

**The Sealed Smoker Box** holds soaked hickory, mesquite, or your favorite woodchips for all you flavor mavens who crave a subtle smoky taste.

**The Grill Hood Assist System** makes it easy for you to open and close the hood by reducing the weight load with hidden heavy-duty extension springs.

**Rotisserie Rod Storage**, conveniently located in the grill's drip tray handle for easy access.

**The Concealed Heavy-Duty Rotisserie System** features a fully integrated motor with 100 lbs turning capacity. A unique chain-driven design provides consistent and uniform rotation.

**Hot Surface Ignition** allows you to easily light the gas burners and rear rotisserie burner with their reliable electric hot surface igniters, operated simply by pushing in the burner or rotisserie control knob.

**25,000 BTU, 14 Gauge, 304 Stainless Steel Burners & Zone Dividers** Each high-performance burner is contained to control heat independently from one grilling area to another.

**Hexagonal Grates** made of 3/8" stainless steel retain more heat, enabling greater heat contact with food for even cooking. The flat grate surface also generates dark, deep, restaurant-style sear marks.
