TAMdoûr

Sliding Tambour ABS
Plastic Shower Door

Campervan / RV / Motorhome Shower Doors

The image shows the interior of a van conversion. On the left, there are two grey seats with a wooden table mounted on a silver metal frame. To the right of the seats is a shower area with a white wall and a circular mirror. A dark, curved door with vertical slats (the TAMdoûr) is partially open, revealing a shower stall. The floor is made of light-colored wood. The right side of the image is a dark grey overlay with white and orange text.

Discover the **TAMdoûr**

The TAMdoûr blends sleek style with unbeatable practicality, using an innovative tambour door system to maximise every inch of your shower space.

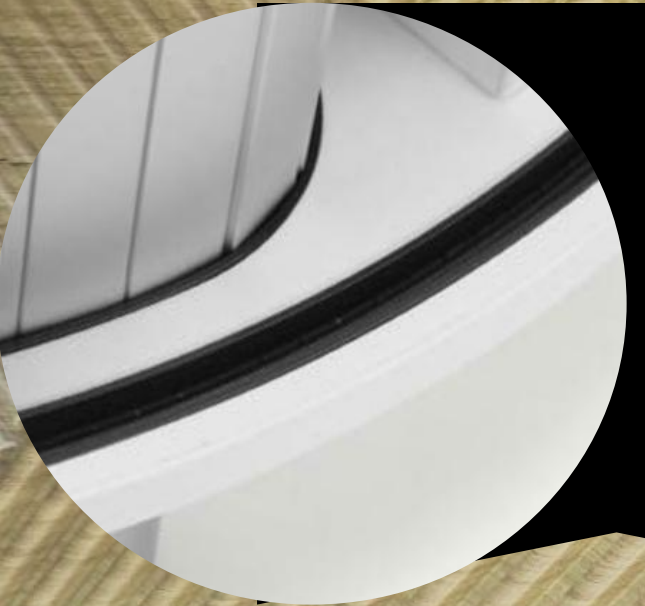

Its flexible, interlocking slats glide smoothly around corners and tight spots where traditional doors simply won't fit—making it ideal for curved, angled, or extra-compact van bathrooms.

Engineered from high-grade ABS plastic for strength without the weight, TAMdoûr offers long-term durability in any climate.

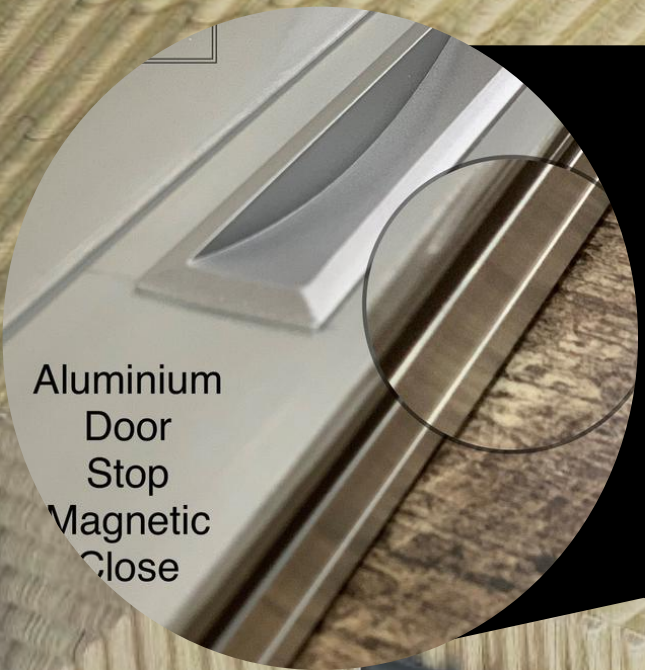

Choose TAMdoûr for custom-fit versatility, fuss-free maintenance, and the modern answer to space-limited conversions.
