Welcome to Meteo Life Game

What is the MeTeo Life Game (MLG)?

**The philosophy of the MeTeorite Kingdom:
“Life is a game. You are the Player.”**

**This is a brand new Game of Life experience,
designed to let you experience your choices, words,
and actions.**

**They are all based on four pillars:
LOVE / JUSTICE / WISDOM / POWER.**

**That growth is the currency of light,
recorded as "LIFE-GOLD (LG)".**

**There is only one rule in this game:
choose love over fear.**

**A REAL RPG where you control reality,
playing as the protagonist of your own life.
That's the Meteo Life Game.**

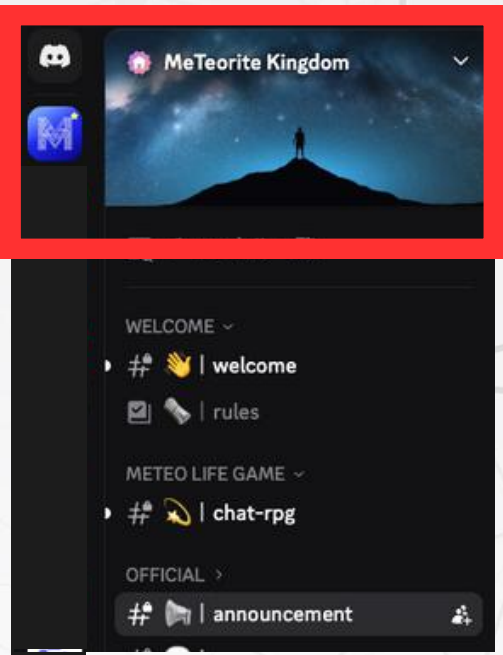

**Your little love will become the light
that will change the earth.
Now, let's start the Meteor Life game.
This story will give you and the Earth a happy reboot.**

What is Chat R.P.G?

This is a "conversational realistic RPG" developed exclusively by MeTeorite Kingdom.

The words you exchange on the MeTeorite Kingdom Discord will reach METEO-EYE and be quietly engraved as the four PILLARs and LGs. Your small acts of courage and love will even change reality.

LIFE-GOLD is increasing

How can we grow our PILLAR and boost LG in MLG? There are two main ways to do this.

① Chat on the "ChatRPG" channel

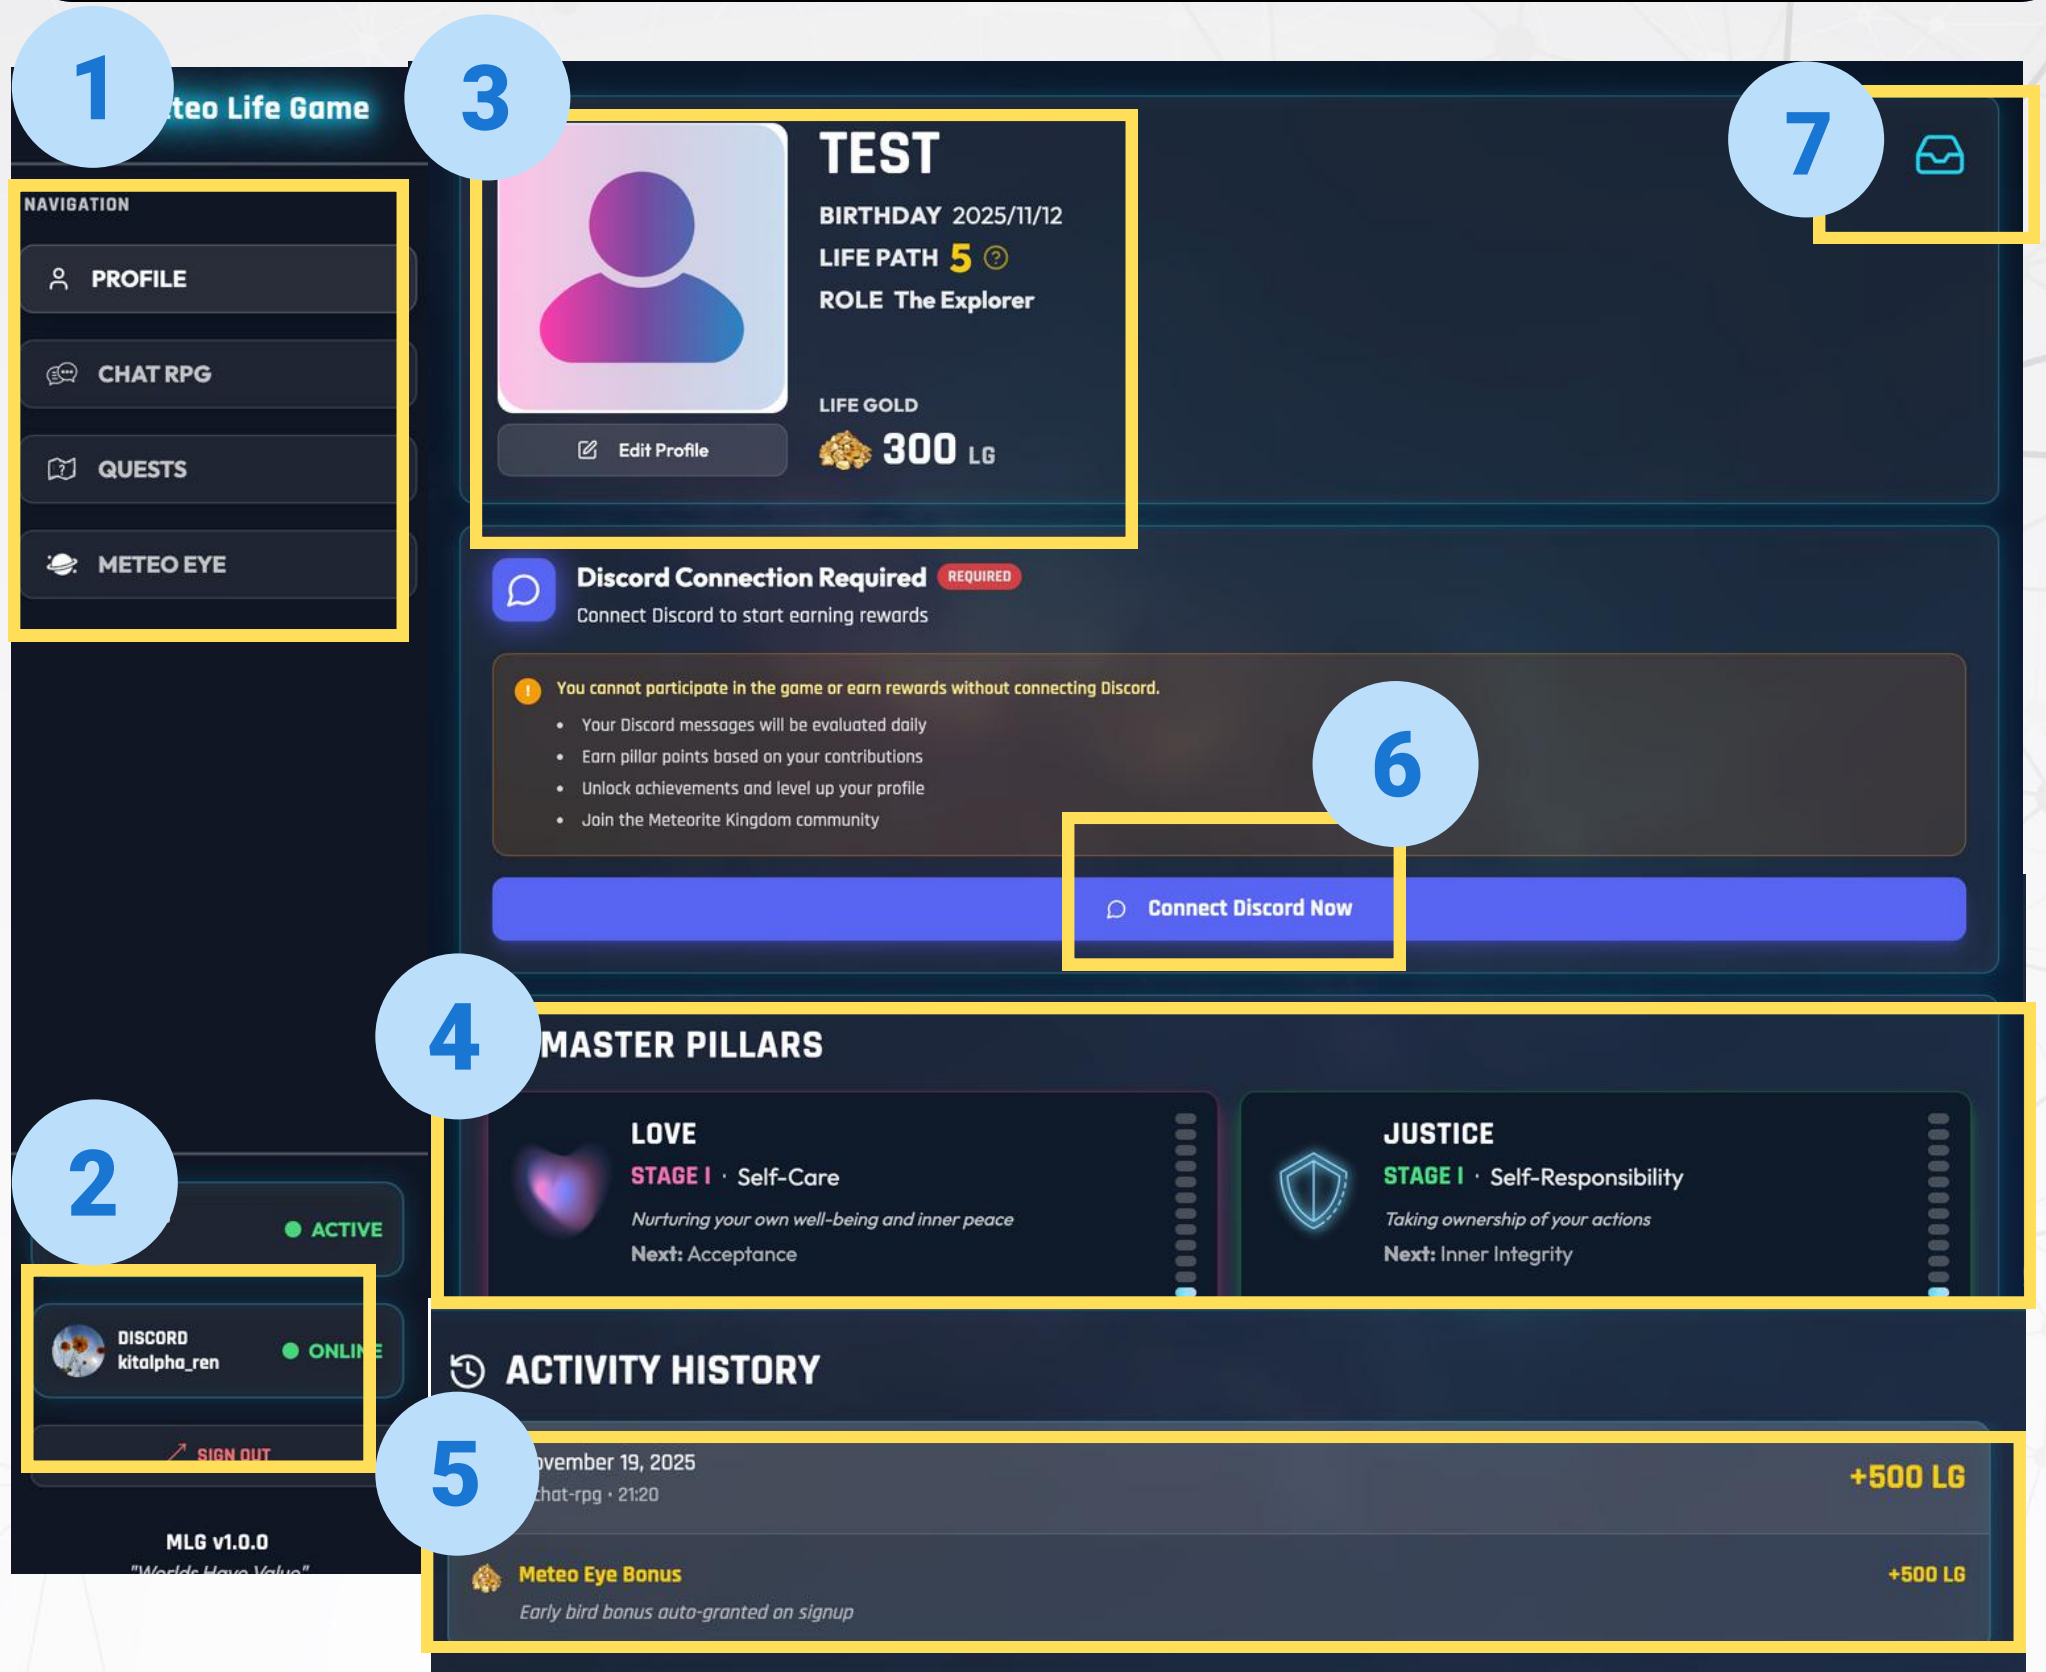

Conversations in the official Discord Chat RPG channel ([here](#)) will be sent to METEO-EYE as your "light" and converted from four PILLARs to LG. You can check the history on the MLG screen.

② Taking on the "Quest" challenge

The quests that arise from MeTeorite Kingdom are "missions" that will change your inner self and your actions just a little.

As you clear them, they will be converted into PILLAR or LG.
